 journey *Paralysis in the Pew* Dr. Jeffrey T. Rainey, 2016-09-26 The author admits that the church has the highest
 unemployment rates The church has been gifted by the Lord with many vital ministries that are available for the growth of
 the body of Christ Sadly the greater percentage of members are neither enrolled nor engaged in the work of the ministry As
 a result very few members keep the local church functioning while the majority of the members because of what the author
 calls functional paralysis have neither feeling nor desire to function Too many congregants are a part of the membership but
 apart from the ministry Too many are unaware or uncaring concerning the needs of the body and of the bodys genuine need
 for them in order to effectively function What the author describes as paralysis in the pew is a grave yet growing spiritual
 condition within the local churches As a physical impediment paralysis has been drastically improved even cured with the aid
 of physical therapy prescribed treatments and personal trust and initiative It is the authors contention that parallel
 treatments when viewed spiritually and applied in the spiritual and physical realm can drastically improve even cure paralysis
