Finding The Old Testament In The New:

Finding the Old Testament in the New Henry M. Shires, 1974-01-01 [Finding Jesus in the Old Testament](#) David Limbaugh, 2015-11-09 A New York Times Bestseller In Finding Jesus in the Old Testament David Limbaugh unlocks the mysteries of the Old Testament and reveals hints of Jesus Christ's arrival through all thirty nine Old Testament books The key to the secrets of the Old Testament Limbaugh argues is the crucial New Testament encounter between the risen Jesus and two travelers on the road to Emmaus With that key and with Limbaugh as a deft guide readers of Finding Jesus in the Old Testament will come to a startling new understanding of the Old Testament as a clear and powerful heralding of Jesus Christ's arrival Limbaugh takes readers on a revealing journey from Genesis through Malachi demonstrating that a consistent message courses through every one of the Old Testament's thirty nine books the power wonder and everlasting love of Jesus Christ Previously published under the title The Emmaus Code **Getting the Old Testament** Steven L. Bridge, 2009-07-01

As readers of texts written in antiquity we frequently find ourselves in the position of one who overhears a conversation without the benefit of its context The likelihood of humorous or tragic misunderstanding is palpable In Getting the Old Testament What It Meant to Them What It Means for Us Steve Bridge examines a number of important texts and genres found in the Old Testament By bringing what is known of their original historical and literary context to light he clearly demonstrates how important it is to know the cultural background of those to whom a text was originally addressed Bridge helps us as modern readers to grasp the intended significance of these ancient texts Using modern illustrations from Bart Simpson to fortune cookies and discussing texts from Genesis to Jonah to Ecclesiastes Bridge succeeds in making difficult texts come alive for the reader as applying practically to modern life Each chapter begins with a story event or illustration that draws the reader into the point which Bridge wishes to make with regard to the clearest understanding of a particular text or given group of texts The most poignant of these illustrations is found at the beginning of his chapter on the book of Job in which he starts with the story of Lou Gehrig and the disease that took his life ALS known more commonly as Lou Gehrig's Disease and which ends with his own father's death from ALS An annotated list of suggested readings as well as subject and scripture indexes make this a practical book for college classes *Finding Christ in the Old Testament:*

Searching Out How the Early Church Supported the Doctrines of Christ from only the Old Testament William Waddell, PhD., ThD., 2014-10-13 So the modern believer may be encouraged to search out Jesus not only in the New Testament but also in the Old The early church even though they had only the Old Testament did not lack in Scriptural backing when they preached and taught about Jesus The modern church should be as well armed having both the Old and New Testament at its disposal

Finding God in Scripture John Bertone,2016-09-01 Why should I read the Bible Isn t it just a lifeless and detached piece of history an ancient relic You may have heard people ask these questions or even asked them yourself This book will help you find the answers to understanding the Bible in a twenty first century context We have progressed as a civilization there is no doubt The advances in computer technology communication and science have improved the quality of our lives But fundamentally at the core the desires and motivations of humans remain the same and it is to this that the Bible speaks most clearly However interpreting the Bible requires intellectual curiosity commitment and a

desire to discover truth Finding God In Scripture will equip you to better understand the nature of the Bible s message and the dynamics of how to interpret it For example just like today s modern writers biblical authors used various literary techniques such as the complexities associated with plot and characterization in narrative or the use of poetry evoking emotions These literary techniques were intended to convey God s message and involvement in the world Finding God In Scripture will show you that there is more to the Bible than the communication of historical information there is a reality a truth that can transform your life

The Search for Quotation Richard L. Schultz,1999-01-01 A thorough study of quotation within ancient and modern literatures is the background for this new approach to alleged quotations within the prophetic writings The common claim that specific verbal parallels result from the conscious repetition of the words of a predecessor is beset by difficulties After examining quotation in non prophetic ancient Near Eastern early Jewish Old Testament wisdom and narrative and modern Western literatures Schultz proposes a new model for interpreting verbal parallels that utilizes several criteria for identifying quotation and combines diachronic with synchronic analysis He then applies this model to five representative verbal parallels involving the book of Isaiah This book illustrates how an awareness of the versatility of quotation facilitates a more accurate interpretation of verbal parallels and at the same time calls for greater caution in employing them in support of various theories

H. Finding Our Balance Ronald P. Byars, 2015-03-27 Mainstream American Protestantism is suffering from an identity crisis We are not fundamentalists but it is easy to define ourselves in reaction to them Paralyzed by the shock of a cultural turn toward skepticism we are tempted to make allies of the skeptics partly to distance ourselves from the religious right and partly to lay claim to credibility in a milieu in which it is okay to be spiritual but not to be religious A consequence is that we find ourselves playing in the shallow end of the pool The historic Protestant principle serves as an enabler when it privileges questioning over affirmation causing us to lose the necessary balance between the two American style generic Protestantism as it has evolved does not have strong enough foundations to withstand cultural pressures Discovering an identity worth being taken seriously will require revisiting the broad catholic and reforming tradition in order to find an authoritative rather than merely reactive voice The challenge is theological but not to academic theology The challenge rather is to the theology that sustains the local congregation through teaching certainly but most pressingly through preaching and worship The times call for thoughtful and strategic repositioning
