Fine Line When Discipline Becomes Child Abuse:

A Fine Line David A. Sabatino, 1991 **Beating the Devil Out of them** Murray Arnold Straus, *Child Abuse, Child Exploitation, and Criminal Justice Responses* Daniel G. Murphy, April G. Rasmussen, 2020-01-08 There are few things in our society that provoke such raw emotions as that of child abuse. Most people justifiably so are outraged when they hear of allegations of abuse and their anger is intensified as they learn of what seems to be an inappropriate criminal justice response. However, the debate on child abuse usually happens through visceral emotions rather than facts. Taking emotions out of a child abuse debate is much easier said than done, but it is of utmost importance to identify the facts. When the reader has a better understanding of the scope of child abuse, they can become more objective but still maintain their passion about ways to protect this vulnerable and targeted population. *Child Abuse, Child Exploitation, and Criminal Justice Responses* is unique in that it offers the reader contributing facts based not only through scholarly research but practical experience working in the field from this wonderful collaboration of criminal investigator and forensic nurse. Thus providing much personal insight and demonstrating how these two areas of expertise can join forces to achieve the objective of working as a team to facilitate safeguarding children. The authors also present the research on this complex yet worthy topic by identifying the unique challenges of investigating these offenses while ultimately bringing the perpetrators to justice and presenting the research from various perspectives of child abuse including both national and international issues and responses.

Becoming the Blessing God Intended for My Family Miracle O.A. Bashorun, Deborah L. Bashorun, 2019-09-09 More than ever before in the history of man, the divine concept of family in today's world has been so misunderstood and abused. From these misunderstandings and abuse are the numerous problems we witness in homes today: divorce, separation, violence, unforgiveness, hate, same-sex marriage, lust, secret kids, dislike, outright rejection of marriage by younger generation, etc. With time, these problems are multiplied and directly infused into our society, turning our society into a chaotic arena. This book brings to light years of divine revelation on marriage and family. Furthermore, personal experiences that the authors have learned from are used to expose more on the plan of God for family. The book will dig deep into the divine role each member of the family has to play to create and experience the Christ-centered family that God intended for every marriage and family.

Discipline Without Stress, Punishments or Rewards Dr. Marvin Marshall, 2012-07-08 This landmark book shows how to handle every discipline problem and reduce apathy toward learning. The approach is unique in that it is totally noncoercive but not permissive and shows how to use authority without punishments, threats, or coercion. The book's Raising Responsibility System is quoted in university textbooks for teacher training and in education publications around the world. The book describes how to improve classroom management, reduce impulsivity, and have young people WANT to behave responsibly through internal rather than external motivation. The system is based upon the author's K-12 and university teaching experiences, counseling experiences, and administrative experiences rather than from a theoretical perspective. This is the
