Abbotson, 2019-11-14 The Decades of Modern American Drama series provides a comprehensive survey and study of the theatre produced in each decade from the 1930s to 2009 in eight volumes Each volume equips readers with a detailed understanding of the context from which work emerged an introduction considers life in the decade with a focus on domestic life and conditions social changes culture media technology industry and political events while a chapter on the theatre of the decade offers a wide ranging and thorough survey of theatres companies dramatists new movements and developments in response to the economic and political conditions of the day The work of the four most prominent playwrights from the decade receives in depth analysis and re evaluation by a team of experts together with commentary on their subsequent work and legacy A final section brings together original documents such as interviews with the playwrights and with directors drafts of play scenes and other previously unpublished material The major writers and their works to receive in depth coverage in this volume include William Inge Picnic 1953 Bus Stop 1955 and The Dark at the Top of the Stairs 1957 Stephen Sondheim Arthur Laurents and Jerome Robbins West Side Story 1957 and Gypsy 1959 Alice Childress Just a Little Simple 1950 Gold Through the Trees 1952 and Trouble in Mind 1955 Jerome Lawrence and Robert Lee Inherit the Wind 1955 Auntie Mame 1956 and The Gang s All Here 1959 **A Fine Romance** Geoffrey Holden Block, 2023 The central topic of A Fine Romance Adapting Broadway to Hollywood in the Studio System Era is the symbiotic relationship between a dozen Broadway musicals and their Hollywood film adaptations spanning nearly a half century 1927 1972 The romance begins with the stage version of Show Boat and ends with Bob Fosse s cinematic 1972 re envisioning of Cabaret Between these end points are chapters on The Cat and the Fiddle Roberta Cabin in the Sky Oklahoma On the Town Brigadoon Call Me Madam Silk Stockings West Side Story and Flower Drum Song The Works of Arthur Laurents: Politics, Love, and Betrayal John M. Clum, 2014-11-28 Arthur Laurents s career as a playwright screenwriter book writer for musicals and director spanned over half a century His first Broadway play Home of the Brave was produced in 1945 his last play Come Back Come Back Wherever You Are was produced in 2009 when he was ninety one Although he is best known for his work on the classic musicals Gypsy and West Side Story and for his screenplays for Rope The Way We Were and The Turning Point Laurents is the author of seventeen full length plays numerous screenplays and three volumes of memoirs Despite the length and distinction of Laurents s career until now no one has written a full length critical study of his work Laurents s name was associated with a few hit musicals and films but his best work the plays he wrote since 1975 are not as well known One reason is that the economics of the American theatre have changed during the writer s lifetime and Laurents s serious plays were performed Off Broadway or at regional theatres Few were published except in acting editions until a volume of Selected Plays was assembled in 2005 Moreover Laurents s highly controversial volumes of memoirs filled with attacks on people who he felt betrayed him over the years overshadowed his later work Ignoring most his own plays in the memoirs did not help to maintain his reputation as a serious playwright This book rectifies the absence of a serious examination of all of Laurents s

major work This first comprehensive study of Laurents s work focuses on the subjects and themes that recur in his work particularly the interrelated topics of gender politics homosexuality and the dynamics of marriage The position of women and gay men changed greatly over the sixty plus years of Laurents s career and we see those changes reflected in his work particularly in the shifting power dynamics within a marriage Laurents was fascinated by the dynamics of marriage In his plays there is always a tension between love and the difficulty if not impossibility of monogamy In works like *The Enclave* we also see a variety of ways in which gay men try to live proud lives in a heteronormative society In that play and in *Two Lives* Laurents examines how gay men negotiate something like a marriage before gay marriages were legally sanctioned The book also covers the ways in which Laurents s plays reflect his interest in leftist politics from the 1940s through the various liberations of the late 1960s and 1970s Above all the study argues that if there is any common theme running through the plays films and memoirs it is betrayal betrayal of marriage partner friend artistic collaborator and most important betrayal of one s own ideals *The Works of Arthur Laurents* will be of particular interest to students and scholars of American drama musical theatre American film gender studies gay studies and Jewish studies

Philippine Hats Hugo Herman Miller,1910      *Stephen Sondheim and the Reinvention of the American Musical* Robert L. McLaughlin,2016-08-11 From West Side Story in 1957 to Road Show in 2008 the musicals of Stephen Sondheim 1930 2021 and his collaborators have challenged the conventions of American musical theater and expanded the possibilities of what

musical plays can do how they work and what they mean. Sondheim's brilliant array of work including such musicals as *Company*, *Follies*, *Sweeney Todd*, *Sunday in the Park with George*, and *Into the Woods* established him as the preeminent composer-lyricist of his if not all time. Stephen Sondheim and the Reinvention of the American Musical places Sondheim's work in two contexts: the exhaustion of the musical play and the postmodernism that by the 1960s deeply influenced all the American arts. Sondheim's musicals are central to the transition from the Rodgers and Hammerstein style musical that had dominated Broadway stages for twenty years to a new postmodern musical. This new style reclaimed many of the self-aware performative techniques of the 1930s musical comedy to develop its themes of the breakdown of narrative knowledge and the fragmentation of identity. In his most recent work, Sondheim, who was famously mentored by Oscar Hammerstein II, stretches toward a twenty-first century musical that seeks to break out of the self-referring web of language. Stephen Sondheim and the Reinvention of the American Musical offers close readings of all of Sondheim's musicals and finds in them critiques of the operation of power, questioning of conventional systems of knowledge, and explorations of contemporary identity.
