Fire From Ashes:

Acres of Ashes Benjamin Harrison, 1901 **Spirit Fire** Glen R. Stott, 2014-02 It is 3289 when rumors of unusual people living in caves far from his land attract the attention of warrior leader Warlog His shaman Rayloc fears the strangers are servants of evil determined to destroy his way of life Meanwhile Sotif History Man of the Alliance between Earth People and Sun People tries to guard his culture against changes that could induce Mother Earth to withdraw her blessings while Warlog focuses on severing that alliance which has lasted for hundreds of generations by subjugating the Sun People and destroying the Earth People Faced with this threat Sotif races to find the Spirit Fire to help his people defeat Warlog But the key to success lies in the hands of Tincolad one of Warlog's warriors who has been captured by the Alliance Now only time will tell if Sotif can persuade Tincolad to help find the Spirit Fire in time as the fate of the Earth People hangs in the balance The second book in a trilogy about the interaction between Neandertals and Cro Magnons Spirit Fire presents an epic adventure that sweeps across prehistoric Europe Asia and Alaska as the man who invented war embarks on a quest to conquer the world *The Space Between Fire and Ashes* Stephen McClellan, 2021-08-12 After years of physical and emotional torment Asia has decided to take her own life The only problem is that someone else has planned to take their life as well at the same time and in the same place Her final act has been thwarted and worst of all someone now knows her most intimate secret Haunting nightmares of a past he has yet to bury lead Aiden to conclude that suicide is his only option But after stumbling upon a stranger in his darkest hour he is forced to finally confront the painful truth he's been running from his entire life After their plans to end it all are inadvertently foiled Asia and Aiden embark on a complicated journey of self discovery that neither of them could have foreseen It seems that fate has saved them but can it free them Can they find healing from their pain or will their past demons strip away any hope of living a normal life Written from a dual perspective *The Space Between Fire and Ashes* delves into the deepest recesses of the adolescent mind to explore the power of human connection and the essence of what wills our spirits to endure against all odds **Fire and Ashes** John N. Maclean, 2003-06-02 An expert's report from the front lines where wildland fires keep getting hotter bigger and more dangerous to the men and women who fight them In 2002 more than seven million acres were burned at a fire fighting cost of over a billion dollars Are wilderness fires now a tragic and enduring feature of the American landscape John N Maclean author of the acclaimed *Fire on the Mountain* offers a view from the front lines combining action packed storytelling with moving insights about firefighters and informed analysis of firefighting strategy past and present Beginning with a riveting account of the worst case of arson in wildfire history the 1953 Rattlesnake Fire in Mendocino National Forest which claimed the lives of fifteen firefighters Maclean explains the mysterious dynamics of fire and the courage and techniques required to combat it One such mystery underlines the life threatening 1999 Sadler Fire in Nevada when a line of flames suddenly blew up trapping six firefighters mistakenly placed in harm's way For the final story Maclean returns to Mann Gulch the site of his father's classic *Young Men*
