**in the Canebrake** Reuben Herring, 1980 *Killing Strangers* T. K. Wilson, 2020-09-02 A bewildering feature of so much contemporary political violence is its stunning impersonality Every major city centre becomes a potential shooting gallery and every metro system a potential bomb alley Victims just happen as the saying goes to be in the wrong place at the wrong time We accept this contemporary reality at least to some degree But we rarely ask where has it come from historically *Killing Strangers* tackles this question head on It examines how such violence became unchained from inter personal relationships It traces the rise of such impersonal violence by examining violence in conjunction with changing social and political realities In particular it traces both push and pull the ability of modern states to force the violence of their challengers into niche forms and the disturbing new opportunities that technological changes offer to cause mayhem in fresh and original ways *Killing Strangers* therefore aims to highlight the very strangeness of contemporary experience when it is viewed against a long term perspective Atrocities regularly capture media attention and just as quickly fade from public view That is both tragic and utterly predictable Deep down we expect no different And that is why such atrocities must be repeated if our attention is to be re engaged Deep down we expect that too So *Killing Strangers* deliberately asks the very simplest of questions How on earth did we get here **To Serve the Living** Suzanne E. Smith, 2010-06-01 For African

Americans death was never simply the end of life and funerals were not just places to mourn In the hush harbors of the slave quarters African Americans first used funerals to bury their dead and to plan a path to freedom Similarly throughout the long and often violent struggle for racial equality in the twentieth century funeral directors aided the cause by honoring the dead while supporting the living *To Serve the Living* offers a fascinating history of how African American funeral directors have been integral to the fight for freedom G-Man (Pulitzer Prize Winner) Beverly Gage, 2022-11-22 Winner of the 2023

Pulitzer Prize in Biography Winner of the 2022 National Book Critics Circle Award in Biography the 2023 Bancroft Prize in American History and Diplomacy and the 43rd LA Times Book Prize in Biography Finalist for the 2023 PEN Jacqueline Bograd Weld Award for Biography Named a Best Book of 2022 by The Atlantic The Washington Post and Smithsonian Magazine and a New York Times Top 100 Notable Books of 2022 Masterful This book is an enduring formidable accomplishment a monument to the power of biography that now becomes the definitive work The Washington Post A nuanced portrait in a league with the best of Ron Chernow and David McCullough The Wall Street Journal A major new biography of J Edgar Hoover that draws from never before seen sources to create a groundbreaking portrait of a colossus who dominated half a century of American history and planted the seeds for much of today s conservative political landscape We remember him as a bulldog squat frame bulging wide set eyes fearsome jowls but in 1924 when he became director of the FBI he had been the trim dazzling wunderkind of the administrative state buzzing with energy and big ideas for reform He transformed a failing law enforcement backwater riddled with scandal into a modern machine He believed in the power of the federal government to do great things for the nation and its citizens He also believed that certain people many of them communists or racial minorities or both did not deserve to be included in that American project Hoover rose to power and then stayed there decade after decade using the tools of state to create a personal fiefdom unrivaled in U S history Beverly Gage s monumental work explores the full sweep of Hoover s life and career from his birth in 1895 to a modest Washington civil service family through his death in 1972 In her nuanced and definitive portrait Gage shows how Hoover was more than a one dimensional tyrant and schemer who strong armed the rest of the country into submission As FBI director from 1924 through his death in 1972 he was a confidant counselor and adversary to eight U S presidents four Republicans and four Democrats Franklin Roosevelt and Lyndon Johnson did the most to empower him yet his closest friend among the eight was fellow anticommunist warrior Richard Nixon Hoover was not above blackmail and intimidation but he also embodied conservative values ranging from anticommunism to white supremacy to a crusading and politicized interpretation of Christianity This garnered him the admiration of millions of Americans He stayed in office for so long because many people from the highest reaches of government down to the grassroots wanted him there and supported what he was doing thus creating the template that the political right has followed to transform its party G Man places Hoover back where he once stood in American political history not at the fringes but at the center and uses his story to explain the trajectories of governance policing race ideology political culture and federal power as they evolved over the course of the 20th century

Retracing the Keowee Trail J. Stuart Taylor, 2024-11-07 In Retracing the Keowee Trail the author tells the story of the Cherokee Path that connected the low country of colonial Carolina with the mountain homeland of the Cherokee Nation The Keowee Trail was a busy trading route for a burgeoning deerskin trade Along this same path epidemic disease made its way inexorably from the colony toward Cherokee society reducing their population by more than half Along this path warfare was

waged in both directions by Cherokee war parties determined to defend their homeland and by settlers like the author's Scots Irish ancestors evermore hungry for land That ancestral history is an entry point into this larger narrative A deep map approach to the Keowee Trail will hold together multiple lines of perspective including memoir family history migration patterns religious history Indigenous wisdom trauma theory ghost stories mythology archeology geography the watersheds and the flora and fauna of the Southern Appalachians

**The Role of Fire in Nongame Wildlife Management and Community Restoration**, 2002 *Freedom to Serve* Jon Taylor, 2013-05-02 On the eve of America's entry into World War II African American leaders pushed for inclusion in the war effort and after the war they mounted a concerted effort to integrate the armed services Harry S Truman's decision to issue Executive Order 9981 in 1948 which resulted in the integration of the armed forces was an important event in twentieth century American history In *Freedom to Serve* Jon E Taylor gives an account of the presidential order as an event which forever changed the U S armed forces and set a political precedent for the burgeoning civil rights movement Including press releases newspaper articles presidential speeches and biographical sidebars *Freedom to Serve* introduces students to an under examined event while illuminating the period in a new way For additional documents images and resources please visit the *Freedom to Serve* companion website at [www.routledge.com/cw/criticalmoments](http://www.routledge.com/cw/criticalmoments)

**Imagery of Lynching** Dora Apel, 2004 Outside of the classroom and scholarly publications lynching has long been a taboo subject Nice people it is felt do not talk about it and they certainly do not look at images representing the atrocity In *Imagery of Lynching* Dora Apel contests this adopted stance of ignorance Through a careful and compelling analysis of over one hundred representations of lynching she shows how the visual documentation of such crimes can be a central vehicle for both constructing and challenging racial hierarchies She examines how lynching was often orchestrated explicitly for the camera and how these images circulated on postcards but also how they eventually were appropriated by antilynching forces and artists from the 1930s to the present She further investigates how photographs were used to construct ideologies of whiteness and blackness the role that gender played in these visual representations and how interracial desire became part of the imagery Offering the fullest and most systematic discussion of the depiction of lynching in diverse visual forms this book addresses questions about race class gender and dissent in the shaping of American society Although we may want to avert our gaze Apel holds it with her sophisticated interpretations of traumatic images and the uses to which they have been put

*The Fiery Cross* Diana Gabaldon, 2002-10-01 NEW YORK TIMES BESTSELLER The fifth book in Diana Gabaldon's acclaimed *Outlander* saga the basis for the Starz original series A grand adventure written on a canvas that probes the heart weighs the soul and measures the human spirit across centuries CNN The year is 1771 and war is coming Jamie Fraser's wife tells him so Little as he wishes to he must believe it for hers is a gift of dreadful prophecy a time traveler's certain knowledge Born in the year of Our Lord 1918 Claire Randall served England as a nurse on the battlefields of World War II and in the aftermath of peace found fresh conflicts when she walked through a cleftstone on the Scottish

Highlands and found herself an outlander an English lady in a place where no lady should be in a time 1743 when the only English in Scotland were the officers and men of King George s army Now wife mother and surgeon Claire is still an outlander out of place and out of time but now by choice linked by love to her only anchor Jamie Fraser Her unique view of the future has brought him both danger and deliverance in the past her knowledge of the oncoming revolution is a flickering torch that may light his way through the perilous years ahead or ignite a conflagration that will leave their lives in ashes

*Robert E. Lee and Me* Ty Seidule,2021-01-26 Ty Seidule scorches us with the truth and rivets us with his fierce sense of moral urgency Ron Chernow In a forceful but humane narrative former soldier and head of the West Point history department Ty Seidule s *Robert E Lee and Me* challenges the myths and lies of the Confederate legacy and explores why some of this country s oldest wounds have never healed Ty Seidule grew up revering Robert E Lee From his southern childhood to his service in the U S Army every part of his life reinforced the Lost Cause myth that Lee was the greatest man who ever lived and that the Confederates were underdogs who lost the Civil War with honor Now as a retired brigadier general and Professor Emeritus of History at West Point his view has radically changed From a soldier a scholar and a southerner Ty Seidule believes that American history demands a reckoning In a unique blend of history and reflection Seidule deconstructs the truth about the Confederacy that its undisputed primary goal was the subjugation and enslavement of Black Americans and directly challenges the idea of honoring those who labored to preserve that system and committed treason in their failed attempt to achieve it Through the arc of Seidule s own life as well as the culture that formed him he seeks a path to understanding why the facts of the Civil War have remained buried beneath layers of myth and even outright lies and how they embody a cultural gulf that separates millions of Americans to this day Part history lecture part meditation on the Civil War and its fallout and part memoir *Robert E Lee and Me* challenges the deeply held legends and myths of the Confederacy and provides a surprising interpretation of essential truths that our country still has a difficult time articulating and accepting
