Fire From The Mountain The Making Of Sandinista

Ana Patricia Rodríguez

Fire From The Mountain The Making Of Sandinista:

Fire From The Mountain. The Making of a Sandinista Omar Cabezas,1985 *Fire from the Mountain: the Making of a Sandinista* Omar CABEZAS LACAYO,1985 *Fire from the Mountain* Omar Cabezas,1985 A current member of the

Sandinista government recalls his personal experience as a guerrilla fighter **Our Own Backyard** William M. LeoGrande,2009-11-18 In this remarkable and engaging book William LeoGrande offers the first comprehensive history of U S foreign policy toward Central America in the waning years of the Cold War From the overthrow of the Somoza dynasty in Nicaragua and the outbreak of El Salvador s civil war in the late 1970s to the final regional peace settlements negotiated a decade later he chronicles the dramatic struggles in Washington and Central America that shaped the region s destiny For good or ill LeoGrande argues Central America s fate hinged on decisions that were subject to intense struggles among and within Congress the CIA the Pentagon the State Department and the White House decisions over which Central Americans themselves had little influence Like the domestic turmoil unleashed by Vietnam he says the struggle over Central America was so divisive that it damaged the fabric of democratic politics at home It inflamed the tug of war between Congress and the executive branch over control of foreign policy and ultimately led to the Iran contra affair the nation s most serious political crisis since Watergate

Omar Cabezas, Nicaragua, and the Narrative of Liberation José María Mantero,2019-06-26 Throughout his political and military career Omar Cabezas fought to transform Nicaragua to implement the ethics that had led him to participate in the armed struggle against Anastasio Somoza s regime and to be active during the 1980s and 1990s as a member of the National Congress Omar Cabezas Nicaragua and the Narrative of Liberation To the Revolution and Beyond surveys the foundations of liberation discourse as it relates to the work of Omar Cabezas It examines themes associated with Nicaraguan and Latin American culture and literature considering key issues of national liberation and identity in the wake of the Sandinista revolution By contextualizing the research within a continental and national perspective and using concepts such as utopia orality and humor to frame the discussion on national liberation Mantero shows the symbiotic relationship between the work of Cabezas and the reformulation of Nicaraguan identity in the post revolution

Waging Insurgent Warfare Seth G. Jones,2016-10-03 Since the end of World War II there have been 181 insurgencies around the world In fact most modern warfare occurs in the form of insurgencies including in such high profile countries as Iraq Syria Libya Afghanistan and Ukraine However in spite of their prevalence we still know relatively little about how insurgencies function With more than three dozen violent insurgencies currently taking place today a deeper understanding of insurgent groups is more important than ever In Waging Insurgent Warfare Seth G Jones offers new insights into the dynamics of insurgent groups Jones weaves together examples from current events and recent history to identify the factors that contribute to the rise of an insurgency the key components involved in conducting an insurgency from selecting an organizational structure to securing aid from an outside source and the elements that contribute to the end

of insurgencies Through examining the strategies tactics and campaigns that insurgents use as well as how these factors relate to each other on the ground Jones provides a comprehensive understanding of the ways in which insurgent groups operate Empirically rich and historically informed Waging Insurgent Warfare features data on over one hundred factors for every insurgency that has taken place between 1946 and 2015 While the primary emphasis revolves around insurgency the findings in this book also have important implications for waging counterinsurgent warfare Bringing together the existing body of knowledge on insurgencies Jones provides a practical accessible resource to help understand insurgent warfare The definitive resource on insurgency Waging Insurgent Warfare will appeal to anyone with an interest in insurgency counterinsurgency or modern war

Review of Current Military Literature ,1987 **Professional Journal of the United States Army** ,1987 Military Review ,1987 **Pushing the Boundaries of Latin American Testimony** L.

Detwiler,J. Breckenridge,2012-01-30 Revealing twenty first century contexts ground breaking scenarios and innovative mediums for this highly contested life writing genre this volume showcases a new generation of testimonio scholarship

LGBTQ Politics in Nicaragua Karen Kampwirth,2022-06-21 LGBTQ Politics in Nicaragua provides the previously untold history of the LGBTQ community s emergence as political actors from revolutionary guerillas to civil rights activists

Literature and Politics in the Central American Revolutions John Beverley,Marc Zimmerman,2014-02-19 This book began in what seemed like a counterfactual intuition that what had been happening in Nicaraguan poetry was essential to the victory of the Nicaraguan Revolution write John Beverley and Marc Zimmerman In our own postmodern North American culture we are long past thinking of literature as mattering much at all in the real world so how could this be This study sets out to answer that question by showing how literature has been an agent of the revolutionary process in Nicaragua El Salvador and Guatemala The book begins by discussing theory about the relationship between literature ideology and politics and charts the development of a regional system of political poetry beginning in the late nineteenth century and culminating in late twentieth century writers In this context Ernesto Cardenal of Nicaragua Roque Dalton of El Salvador and Otto Ren Castillo of Guatemala are among the poets who receive detailed attention **Voices of Resistance** Judy Maloof,2021-05-11 Latin American women were among those who led the suffrage movements of the nineteenth and early twentieth centuries and their opposition to military dictatorships has galvanized more recent political movements throughout the region But because of the continuous attempts to silence them activists have struggled to make their voices heard At the heart of Voices of Resistance are the testimonies of thirteen women who fought for human rights and social justice in their communities Some played significant roles in the Cuban Revolution of 1959 while others organized grassroots resistance to the seventeen year Pinochet dictatorship in Chile Though the women share many objectives they are a diverse group ranging in age from thirty to eighty and coming from varied ethnic and socioeconomic backgrounds The Cuban and Chilean women Judy Maloof interviewed use the narrative form to reinvent themselves Maloof includes narratives from a poet a tobacco worker a political

prisoner an artist and a social worker to demonstrate the different faces of their struggle In the process these women were able to begin to put together their fragmented lives Speaking out is both a means for personal liberation and a political act of protest against authoritarian regimes The bond that these women have is not simply that they have suffered they share a commitment to resisting violence and confronting inequities at great personal risk *Nicaragua* Thomas W.

Walker,2018-05-04 *Nicaragua Emerging from the Shadow of the Eagle* details the country's unique history culture economics politics and foreign relations Its historical coverage considers Nicaragua from pre Columbian and colonial times as well as during the nationalist liberal era the U S Marine occupation the Somoza dictatorship the Sandinista revolution and government the conservative restoration after 1990 and consolidation of the FSLN's power since the return of Daniel Ortega to the presidency in 2006 The thoroughly revised and updated sixth edition features new material covering political economic and social developments since 2011 This includes expanded discussions on economic diversification women and gender and social programs Students of Latin American politics and history will learn the how the interventions by the United States the eagle to the north have shaped Nicaraguan political economic and cultural life but also the extent to which Nicaragua is increasingly emerging from the eagle's shadow *Democracy in Latin America* Thomas C. Wright,2022-12-13

This book expertly traces the long erratic and incomplete path of Latin America's political and socioeconomic democratization from a group of colonies lacking democratic practice and culture up to the present Using the lens of democracy defined by the charter of the Organization of American States OAS it examines the periods of US gunboat diplomacy in the Caribbean Basin the Cold War the state terrorist dictatorships of the 1970s and 1980s the imposition of neoliberalism in the 1990s and the rise of the Pink Tide in the new millennium The meaning of democracy has changed over time from nineteenth century liberalism in which only a handful of wealthy males voted and individuals were responsible for their economic and social conditions to governments in the late twentieth century that have embraced socioeconomic democracy by assuming responsibility at least formally for citizens welfare Latin America's movement toward democracy has not been linear The book follows the appearance and evolution of both proponents and opponents of democracy over the last two centuries The balance of these forces has shifted periodically often in waves that swept across the entire region Commitment to democracy does not guarantee implementation but despite many setbacks Latin America has made significant progress toward the democratic aspirations set forth in the OAS charter Thorough and accessibly written *Democracy in Latin America* is an essential text for students studying Latin American politics and history *Dividing the Isthmus* Ana Patricia

Rodríguez,2009-05-01 In 1899 the United Fruit Company UFCO was officially incorporated in Boston Massachusetts beginning an era of economic diplomatic and military interventions in Central America This event marked the inception of the struggle for economic political and cultural autonomy in Central America as well as an era of homegrown inequities injustices and impunities to which Central Americans have responded in creative and critical ways This juncture also set the conditions

for the creation of the Transisthmus a material cultural and symbolic site of vast intersections of people products and narratives Taking 1899 as her point of departure Ana Patricia Rodríguez offers a comprehensive comparative and meticulously researched book covering more than one hundred years between 1899 and 2007 of modern cultural and literary production and modern empire building in Central America She examines the grand narratives of anti imperialism revolution subalternity globalization impunity transnational migration and diaspora as well as other discursive historical and material configurations of the region beyond its geophysical and political confines Focusing in particular on how the material productions and symbolic tropes of cacao coffee indigo bananas canals waste and transmigrant labor have shaped the transisthmian cultural and literary imaginaries Rodríguez develops new methodological approaches for studying cultural production in Central America and its diasporas Monumental in scope and relentlessly impassioned this work offers new critical readings of Central American narratives and contributes to the growing field of Central American studies

Sandino's Nation Stephen Henighan, 2014-04-01 Ernesto Cardenal and Sergio Ramírez are two of the most influential Latin American intellectuals of the late twentieth and early twenty first centuries Addressing Nicaragua's struggle for self definition from divergent ethnic religious generational political and class backgrounds they constructed distinct yet compatible visions of national history anchored in a reappraisal of the early twentieth century insurgent leader Augusto César Sandino During the Sandinista Revolution of 1979-90 Cardenal appointed Nicaragua's minister of culture became one of the most provocative and internationally recognized figures of liberation theology while Ramírez a member of the revolutionary junta and later elected vice president of Nicaragua emerged as an authoritative figure for third world nationalism But before all else the two were groundbreaking creative writers Through a close reading of the works by Nicaragua's best known and most prolific modern authors Sandino's Nation studies the construction of Nicaraguan national identity during three distinct periods of the country's recent history before during and after the 1979-90 revolution Stephen Henighan offers rigorous textual analyses of poems memoirs essays and novels interwoven with a sharply narrated history of Nicaragua The only comprehensive study of the careers of Cardenal and Ramírez Sandino's Nation is essential to understanding transformations to both Nicaragua and the role of the writer in Latin America

Le Maya Q'atzij/Our Maya Word Emil' Keme, 2021-06-08 Bringing to the fore the voices of Maya authors and what their poetry tells us about resistance sovereignty trauma and regeneration In 1954 Guatemala suffered a coup d'état resulting in a decades long civil war During this period Indigenous Mayans were subject to displacement disappearance and extrajudicial killing Within the context of the armed conflict and the postwar period in Guatemala Kiche Maya scholar Emil Keme identifies three historical phases of Indigenous Maya literary insurgency in which Maya authors use poetry to dignify their distinct cultural political gender sexual and linguistic identities Le Maya Q'atzij Our Maya Word employs Indigenous and decolonial theoretical frameworks to critically analyze poetic works written by ten contemporary Maya writers from five different Maya nations in Iximulew Guatemala Similar to other Maya

authors throughout colonial history these authors and their poetry criticize in their own creative ways the continuing colonial assaults to their existence by the nation state Throughout Keme displays the decolonial potentialities and shortcomings proposed by each Maya writer establishing a new and productive way of understanding Maya living realities and their emancipatory challenges in Iximulew Guatemala This innovative work shows how Indigenous Maya poetics carries out various processes of decolonization and especially how Maya literature offers diverse and heterogeneous perspectives about what it means to be Maya in the contemporary world

Lavender and Red Emily K. Hobson, 2016-10-04 LGBT activism is often imagined as a self contained struggle inspired by but set apart from other social movements Lavender and Red recounts a far different story a history of queer radicals who understood their sexual liberation as intertwined with solidarity against imperialism war and racism This politics was born in the late 1960s but survived well past Stonewall propelling a gay and lesbian left that flourished through the end of the Cold War The gay and lesbian left found its center in the San Francisco Bay Area a place where sexual self determination and revolutionary internationalism converged Across the 1970s its activists embraced socialist and women of color feminism and crafted queer opposition to militarism and the New Right In the Reagan years they challenged U S intervention in Central America collaborated with their peers in Nicaragua and mentored the first direct action against AIDS Bringing together archival research oral histories and vibrant images Emily K Hobson rediscovers the radical queer past for a generation of activists today

U. S. Intervention and Regime Change in Nicaragua Mauricio Solaun, 2021-08-05 As President Carter s ambassador to Nicaragua from 1977 1979 Mauricio Sola n witnessed a critical moment in Central American history In U S Intervention and Regime Change in Nicaragua Sola n outlines the role of U S foreign policy during the Carter administration and explains how this policy with respect to the Nicaraguan Revolution of 1979 not only failed but helped impede the institutionalization of democracy there Late in the 1970s the United States took issue with the Nicaraguan dictator Anastasio Somoza Moral suasion economic sanctions and other peaceful instruments from Washington led to violent revolution in Nicaragua and bolstered a new dictatorial government A U S supported counterrevolution formed and Sola n argues that the United States attempts to this day to determine who rules Nicaragua Sola n explores the mechanisms that kept Somoza s poorly legitimized regime in power for decades making it the most enduring Latin American authoritarian regime of the twentieth century Sola n argues that continual shifts in U S international policy have been made in response to previous policies that failed to produce U S friendly international environments His historical survey of these policy shifts provides a window on the working of U S diplomacy and lessons for future policy making

Fire From The Mountain The Making Of Sandinista Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change.
