favorite Bible commentator Pastors tend to preach to the view point they were taught in seminary by a respected professor
Ninety nine percent of pastors and Bible teachers are not dogmatic about their view of Revelation and will profess that each
of the various interpretations has merit but this is an unacceptable position Logically there can be only one correct
interpretation of the book of Revelation The desire to find the one true interpretation of Revelation has been with me since I
first began reading the Bible over twelve years ago After years of prayer study research and contemplation the fog of
confusion began to clear The key is quite simple and yet difficult in that it is most elusive The key to unlocking Revelation is a
complete trust in God
