The collection evaluates practical green projects including the Mesopotamian Ecology Movement, Jinwar women's eco village, food sovereignty in a solidarity economy, environmental defenders in Iranian Kurdistan and Make Rojava Green Again. Contributors also critically reflect on such contested themes as Alevi nature beliefs, anti-dam demonstrations, human rights law and climate change, the Gezi Park protests and forest fires. Throughout this volume, the contributors consider the formidable challenges to the Kurdish initiatives such as state repression, damaged infrastructure and oil dependency. Nevertheless, contributors assert that the West has much to learn from the Kurdish ecological paradigm which offers insight into social movement debates about development and decolonization. *The Long Walk Back Home: A Quest For Freedom* Douglas Davis, 2018-08-03 Become involved in Hunter's westward quest for freedom during the Civil War when the forced Long Walk and tragic enslavement threatened the destruction of his proud people.
