Collections of the Maine Historical Society. [1st Ser:] Maine Historical Society, 1899 **History of Remington Firearms** Roy Marcot, 2005-06-01 The name Remington is synonymous with the history of the United States from the Civil War the two world wars and every skirmish in between to outlaws beyond the pale and the law enforcement officers hired to catch them The name is equally synonymous with hunting from casual afternoons plinking by a pond to deer hunting in Pennsylvania to hunting elk and antelope in the West The History of Remington Firearms follows the rise of the company from Eliphalet Remington's first handmade gun in 1816 to the dominance of the Remington factories during the early industrial era with lavish custom made pieces for heroes and statesmen with the triumph of the common man's gun and with the little 22 which became a part of so many childhoods It is also a history of innovation of the rush to create with the development of the first hammerless repeater the first slide action rifle advances in boring and revolutions in ammunition And the modern classics like the 870 pump action Wingmaster shotgun and the Model 700 bolt action rifle Complete with more than 150 full color photographs including designer drawings and pictures of the gun in use throughout history The History of Remington Firearm is a collector's edition for gun enthusiasts and historians alike *Historical Occurrences of the Lrrp/Rangers of the 1st Cavalry Division During the Vietnam War* John LeBrun, Bill Carpenter, 2019-12-09 Many books have been written about the Vietnam War Most of them are just overviews of events and often focus on the political aspect of the conflict Rarely is an individual under the rank of general mentioned except for a paragraph or two about individuals who earned the Medal of Honor Some books have been written by individuals who actually saw combat They often name people who engaged the enemy These are people whose boots were not spit shined and uniform did not have starched creases This book contains stories by and about the men who served in one company the 1st Cavalry Division's LRRP Rangers Company in the Vietnam War A Volume of Records Relating to the Early History of Boston, 1900 **Records Relating to the Early History of Boston ...** Boston (Mass.). some of the most significant consequences of British and American imperial expansions Not the least original feature of the book is its global frame of reference Bringing together historians of different periods and regions A Cultural History of Firearms in the Age of Empire overcomes traditional compartmentalisations of historical knowledge and encourages the drawing of novel and illuminating comparisons across time and space

History of the Waterloo Campaign H.T. Siborne,2016-05-31 Captain William Siborne became an ensign in

the 9th Foot in 1813 and was sent to France in 1815 as part of a battalion despatched to reinforce Wellington's army. A notable topographer after the events of that year he was commissioned to create a scale model of the Battle of Waterloo for which he carried out extensive research writing to officers in the allied forces present to obtain information. The subsequent correspondence amounted to the largest single collection of primary source material on the subject ever assembled. After he had completed his model which is today on public display in the National Army Museum in London he used the mass of information he had gathered to produce his *History of the Waterloo Campaign* which was at the time the most detailed account of the operations of 1815 and is still considered a classic work on the subject. Siborne's *History of Waterloo* the latest addition to Frontline's growing Napoleonic Library is essential and gripping reading for all those who are interested in how this famous battle was fought and won. **History of the Sixth Field Artillery, 1798-1932** United States.
