Ward,1899     Kingbird Highway Kenn Kaufman,2006-04-11 An ornithologist s account of his youthful year long cross country birdwatching adventure A fascinating memoir of an obsession Booklist At sixteen Kenn Kaufman dropped out of the high school where he was student council president and hit the road hitching back and forth across America from Alaska to Florida Maine to Mexico Maybe not all that unusual a thing to do in the seventies but what Kenn was searching for was a little different not sex drugs God or even self but birds A report of a rare bird would send him hitching nonstop from Pacific to Atlantic and back again When he was broke he would pick fruit or do odd jobs to earn the fifty dollars or so that would last him for weeks His goal was to set a record most North American species seen in a year but along the way he began to realize that at this breakneck pace he was only looking not seeing What had been a game became a quest for a deeper understanding of the natural world Kingbird Highway is a unique coming of age story combining a lyrical celebration of nature with wild and sometimes dangerous adventures starring a colorful cast of characters     **Locusts and Wild Honey**

John Burroughs,1881 This is a pre 1923 historical reproduction that was curated for quality Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process Though we have made best efforts the books may have occasional errors that do not impede the reading experience We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide     Birds and Bees, John Burroughs,1887     **Max Brand, Western Giant** William F. Nolan,1985 Called the King of the Pulp Frederick Schiller Faust aka Max Brand wrote nearly 400 Westerns from The Untamed to Destry Rides Again a total of more than 220 books in this genre Yet Max Brand also created Dr Kildare of books films and television and wrote under twenty one pseudonyms in another dozen genres This book removes the mask with deeply personal memoirs from family friends and fellow writers taking us through his orphaned boyhood on the brutal ranches of California his frustrating decades in Italy as both a classical poet and a fast action pulpist to his heroic death as a war correspondent on the World War II battlefields Faust s life story is augmented by a complete bibliography of his work over a thousand books stories and films plus the first listing of works about Faust     Birds and Bees, Sharp Eyes and Other Papers John Burroughs,1907     Sharp Eyes and Other Papers John Burroughs,1888     **On Watching Birds** Lawrence Kilham,1997 Lawrence Kilham begins this remarkable book with a simple premise surely there are many people who aren t scientists who nevertheless take great satisfaction from observing nature and the creatures that inhabit it Eschewing species lists and the charts and graphs approach of professional ornithologists and competitive birders Kilham s On Watching Birds elegantly balances the aesthetic and humanistic with the scientific The author offers a philosophy of embracing nature through discovery rather than a methodology for categorizing it Watch everything Kilham advises the novice for one may be surprised by what one sees even when observing the most common of birds His observations become part beautifully told story and part life lesson as the habits and rituals of cranes crows owls even otters reveal a rich counterlife of often

unnoticed behavioral variation and personality in living nature Behavior watching Kilham concludes not only strengthens my bonds with the beauty of nature but also my empathy with living things First published in 1988 this autobiographical account of a renowned naturalist s love affair with birds has already become a classic Illustrated with Joan Waltermire s delicately rendered line drawings On Watching Birds is now once again available to readers who wish to discover the simple pleasures of connecting with the natural world **Life Histories of North American [birds].: Flycatchers, larks, swallows and their allies** Arthur Cleveland Bent,1942 *The Art of Seeing Things* John Burroughs,2001 A collection of essays by noted naturalist John Burroughs in which he contemplates a wide array of topics including farming religion and conservation A departure from previous John Burroughs anthologies this volume celebrates the surprising range of his writing to include religion philosophy conservation and farming In doing so it emphasizes the process of the literary naturalist specifically the lively connection the author makes between perceiving nature and how perception permeates all aspects of life experiences
