Victorian Fairy Tales Jack David Zipes, Jack Zipes, 1989 A collection of fairy tales by Victorian writers including Lewis Carroll Charles Dickens Oscar Wilde and Rudyard Kipling with illustrations from the same period

Victorian Fairy Tales Michael Stuart Newton, 2015 This anthology brings together 14 of the best Victorian fairy tales by major period writers as well as specialists in the genre to show the vibrancy of the form and its ability to reflect our deepest concerns From whimsy to satire the stories reveal the preoccupations of the age and celebrate the value of the imagination

When Dreams Came True Jack Zipes, 2013-08-21 For centuries fairy tales have been a powerful mode of passing cultural values onto our children and for many these stories delight and haunt us from cradle to grave But how have these stories become so powerful and why Until now we have lacked a social history of the fairy tale to frame our understanding of the role it plays in our lives With the publication of *When Dreams Came True* Jack Zipes fills this gap and shifts his focus to the social and historical roots of the classical tales With coverage of the most significant writers and their works in Europe and North America from the sixteenth century to the beginning of the twentieth century *When Dreams Came True* is another important contribution by the master of fairy tales From the French Charles Perrault to the American L Frank Baum and the German Hermann Hesse Zipes explores the way in which particular authors used the genre of the fairy tale to articulate their personal desires political views and aesthetic preferences in their particular social context At the core of this magical tour through the history of the fairy tale is Zipes' desire to elucidate the role that the fairy tale has assumed in the civilizing process the way it imparts values norms and aesthetic taste to children and adults His journey takes us to the familiar and the exotic in the great classical tales by Perrault the Brothers Grimm and Hans Christian Andersen and in such fascinating works as *Pinocchio* *The Thousand and One Nights* *The Happy Prince* and *The Wonderful Wizard of Oz* Throughout Zipes reveals the historical dimensions of the tales and demonstrates their continuing relevance in our lives today

The Child Life Fifth Reader Etta Blaisdell McDonald, Mary Frances Blaisdell, 1902

Unto This Last and Other Writings John Ruskin, 2005-12-01 First and foremost an outcry against injustice and inhumanity *Unto this Last* is also a closely argued assault on the science of political economy which dominated the Victorian period Ruskin was a profoundly conservative man who looked back to the Middle Ages as a Utopia yet his ideas had a considerable influence on the British socialist movement And in making his powerful moral and aesthetic case against the dangers of unhindered industrialization he was strangely prophetic This volume shows the astounding range and depth of Ruskin's work and in an illuminating introduction the editor

reveals the consistency of Ruskin's philosophy and his adamant belief that questions of economics art and science could not be separated from questions of morality In Ruskin's words There is no Wealth but Life **John Ruskin and Nineteenth-Century Education** Valerie Purton, 2018-06-14 An art historian cultural critic and political theorist John Ruskin was above all a great educator The inspiration behind William Morris Leo Tolstoy Marcel Proust and Mahatma Gandhi Ruskin's influence can be felt increasingly in every sphere education today John Ruskin and Nineteenth Century Education brings together top international Ruskin scholars exploring Ruskin's many faceted writings pointing to some of the key educational issues raised by his work and concluding with a powerful rereading of his ecological writing and apocalyptic vision of the earth's future In anticipation of the bicentennial of Ruskin's birth in 2019 this volume makes a fresh and significant contribution to Victorian studies in the twenty first century It is dedicated to Dinah Birch a much loved Victorian specialist and authority on John Ruskin *The United States Catalog* ,1904 [The Cumulative Book Index](#) ,1908 A world list of books in the English language [The Monthly Cumulative Book Index](#) ,1907 [Social Dreaming](#) Elaine Ostry, 2013-11-05 Dickens was known for his incredible imagination and fiery social protest In *Social Dreaming* Elaine Ostry examines how these two qualities are linked through Dickens's use of the fairy tale a genre that infuses his work To many Victorians the fairy tale was not childish it promoted the imagination and fancy in a materialistic utilitarian world It was a way of criticizing society so that everyone could understand Like Charles Perrault and the Brothers Grimm Dickens used the fairy tale to promote his ideology In this first book length study of Dickens's use of the fairy tale as a social tool Elaine Ostry applies exciting new criticism by Jack Zipes and Maria Tatar among others that examines the fairy tale in a socio historical light to Dickens's major works but also his periodicals the most popular middle class publications in Victorian times **Praeterita** John Ruskin, 2012-05-10 For as I look deeper into the mirror I find myself a more curious person than I had thought John Ruskin 1819 1900 was a towering figure of the nineteenth century an art critic who spoke up for J M W Turner and for the art of the Italian Middle Ages a social critic whose aspiration for and disappointment in the future of Great Britain was expressed in some of the most vibrant prose in the language Ruskin's incomplete autobiography was written between periods of serious mental illness at the end of his career and is an eloquent analysis of the guiding powers of his life both public and private An elegy for lost places and people *Praeterita* recounts Ruskin's intense childhood his time as an undergraduate at Oxford and most of all his journeys across France the Alps and northern Italy Attentive to the human or divine meaning of everything around him *Praeterita* is an astonishing account of revelation ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *Ventures Into Childland* U. C. Knoepfelmacher, 1998 Behind the innocent face of Victorian fairy tales such as

Through the Looking Glass or Mopsa the Fairy lurks the spectre of an intense nineteenth century debate about the very nature and ownership of childhood In the engagingly written Ventures into Childland U C Knoepfmacher illuminates this debate Offering brilliant rereadings of classics from the Golden Age of Children s Literature as well as literature commonly considered grown up Knoepfmacher probes deeply into the relations between adults and children adults and their own childhood selves and between the lives of beloved Victorian authors and their children s tales
