King Leopold England The Upper Nile:

King Leopold, England, and the Upper Nile, 1899-1909 Robert O. Collins, 1968 **King Leopold, England, and the Upper Nile, 1599-1909** Robert O. Collins, 1968 European Imperialism and the Partition of Africa Ernest Francis Penrose, 2012-11-12 This volume seeks to explain the European partition of Africa between 1880 1900 *The Politics of Two Sudans* Deng D. Akol Ruay, 1994 This book gives a vivid account of the political history of Sudan from 1821 to 1969 It shows why Sudan is in reality two Sudans which differ in every substantive aspect geographical ethnic cultural and religious North and South Sudan became one sovereign state by colonial fiat Since 1821 the Turko Egyptian rules in Sudan sealed the fate of the Southern people From that time onwards Southern Sudan has been laid bare to foreign intervention and influence The Southern Sudanese have experienced all kinds of exploitation including the slave trade subjection to alien cultures and religions colonialism and finally outright annexation to the Arab North This foreign interference was and still is fiercely resisted by the Southerners This book traces analyzes and evaluates their protracted struggle The analysis leads to the logical conclusion that the two Sudans will inevitably in the near future become separate sovereign states **The Belgian Army and Society from Independence to the Great War** Mario Draper, 2018-02-13 This book explores Belgian state building through the prism of its army from independence to the First World War It argues that party politics which often ran along geographical linguistic and religious lines prevented both Flemings and Walloons from reconciling their regional identities into a unified concept of Belgian nationalism Equally it obstructed the army from satisfactorily preparing to uphold Belgium's imposed neutrality before 1914 Situated uneasily between the two powerhouses of nineteenth century Europe Belgium offers a unique insight into the concepts of citizenship and militarisation in a divided society in the era of fervent nationalism By examining the composition experience and image of the army's officer corps and rank and file as well as those of the auxiliary forces this book shows that although military and civilian society often stood aloof from one another the army as a national institution offered a fleeting glimpse into the dichotomy that was pre war Belgium The Founder Robert I. Rotberg, 1990-10-25 The definitive biography of one of the most controversial figures of the 19th century captures a life that was complex and fascinating evil and good Illustrated Belgium and Europe Jonathan E. Helmreich, 2019-09-23 No detailed description available for Belgium and Europe **Dictionary of African Historical Biography** Mark R. Lipschutz, R. Kent Rasmussen, 1986 The acclaimed Dictionary of African Historical Biography the only single volume biographical work on Sub Saharan African history has been expanded and updated to include entries on over eight hundred people important in Sub Saharan African history up to 1980 **The Development of the European Nations, 1870-1900** John Holland Rose, 1905 *The Development of the European Nations, 1870-1914* John Holland Rose, 1914 The British in the Sudan, 1898-1956 R. Sir Gilbert Falkingham Clayton, Robert O. Collins, **Africa, Asia, and South America Since 1800** A. J. H. Latham, 1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin s Press Annotation copyright Book News Inc Portland Or *Neutrality as a Policy Choice for Small/Weak Democracies* Michael F. Palo, 2019-07-08 In *Neutrality as a Policy Choice for Small Weak Democracies Learning from the Belgian Experience* Michael F Palo has three main objectives First he employs a counterfactual approach to examine the hypothesis that had permanent neutrality not been imposed on Belgium in 1839 it would have pursued neutrality anyway until war broke out in 1914 Secondly he analyses why after abandoning obligatory neutrality during World War I the Belgians adopted voluntary neutrality in October 1936 Finally he seeks to use the historical Belgian case study to test specific International Relations Theories and to contribute to Small State Studies especially the behaviour of small weak democracies in the international system *Special Bibliographic Series* US Army Military History Research Collection, 1978

The Scramble for Art in Central Africa Enid Schildkrout, Curtis A. Keim, 1998-03-28 Western attitudes to Africa have been influenced to an extraordinary degree by the arts and artefacts that were brought back by the early collectors exhibited in museums and celebrated by scholars and artists in the metropolitan centres The contributors to this volume trace the life history of artefacts that were brought to Europe and America from Congo towards the end of the nineteenth century and became the subjects of museum displays They also present fascinating case studies of the pioneering collectors including such major figures as Frobenius and Torday They discuss the complex and sensitive issues involved in the business of collecting and show how the collections and exhibitions influenced academic debates about the categories of art and artefact and the notion of authenticity and challenged conventional aesthetic values as modern Western artists began to draw on African models **A Throne in Brussels** Paul Belien, 2014-03-10 Offers a history of the monarchy of Belgium a country artificially created in 1817 This book argues that the pan European super state resembles a Greater Belgium rather than a Greater Switzerland *Special Bibliography* ,
