## King Long Shanks:

King Long Shanks Jane Yolen,1998 Although he hates their poor poetry a frog king agrees to let two flattering scoundrels create an outfit for him that will show off his fine long strong legs and test the loyalty of his subjects     The Chronicles of Pauncefoot and Longshanks David Stedman,2014-04-28 The medieval world in all its piety passion romance superstition and bloody barbarity comes to vivid life through the eyes of an ambitious court jester to tell the true story of Edward Longshanks who literally battled his way to his rightful inheritance the throne of England This is the purportedly long lost account of Hamo Pauncefoot a crafty and ambitious jester who daringly insinuates himself into the service of the future King Edward I known as Longshanks He reveals his story of clever scheming but also courageous loyalty as he rises through war and battle to a high rank and becoming indispensable to Edward s cause As Pauncefoot plots and connives his way further into Edward s life he introduces us to other historical characters such as Leonora of Castile Edward s passionate and beautiful wife the pious but naive King Henry III his scheming wife Queen Eleanor of Provence and his noble brother Earl Richard of Cornwall The prince of Wales Llwelyn ap Gruffyd attempts to invade England while the ruthless and self assured earl of Leicester Simon de Montfort very nearly snatches the throne of England for himself But in Pauncefoot s most triumphant moment after he has risen to exalted favour with Edward everything he has built comes crashing down following a shocking revelation that leaves him in the thrall of a man who is a more cunning manipulator than Pauncefoot himself With chapters headed by dates that guide the reader through the authentic time frame of these historical events Pauncefoot s fictional account is woven into the true story of Edward s bloody and tragic ascent to the throne This makes the book a fascinating read for those who enjoy a good story that is backed up by facts and history     **Edward the First, surnamed Longshanks, the eldest sonne of Henrie the third** Raphael Holinshed,2020-08-03 Reproduction of the original Edward the First surnamed Longshanks the eldest sonne of Henrie the third by Raphael Holinshed     **Edward Longshanks' Forgotten Conflict** David Pilling,2024-03-15 The conflict that effectively laid the bloody foundations for the Hundred Years War and taught military and logistical lessons to both sides that would not be forgotten     *Rob Drummond Plays with Participation* Rob Drummond,2021-01-28 Written and occasionally performed by Rob Drummond in collaboration with director David Overend these scripts are a record of a long term artistic partnership From the award winning magic of Bullet Catch the Arches 2012 to the audience votes of The Majority National Theatre of Great Britain 2017 these six plays open up a space for improvisation and participation and a range of responses and reactions from the audience The collection includes four previously unpublished scripts along with up to date versions of their most successful productions With introductory essays and in text commentary by both the writer and director this is a valuable resource for practitioners students and scholars of contemporary British theatre     **The Queen's Hostage** Harriet Theresa Comstock,1906     **A Great and Terrible King** Marc Morris,2015-03-15 The first major biography of a truly formidable king whose reign was one of the most dramatic and

important of the entire Middle Ages leading to war and conquest on an unprecedented scale Edward I is familiar to millions as Longshanks conqueror of Scotland and nemesis of Sir William Wallace in Braveheart Yet that story forms only the final chapter of the king's action packed life Earlier Edward had defeated and killed Simon de Montfort in battle traveled to the Holy Land conquered Wales extinguishing its native rulers and constructing a magnificent chain of castles He raised the greatest armies of the Middle Ages and summoned the largest parliaments notoriously he expelled all the Jews from his kingdom The longest lived of England's medieval kings Edward fathered fifteen children with his first wife Eleanor of Castile and after her death erected the Eleanor Crosses the grandest funeral monuments ever fashioned for an English monarch In this book Marc Morris examines afresh the forces that drove Edward throughout his relentless career his character his Christian faith and his sense of England's destiny a sense shaped largely by the tales of the legendary King Arthur Morris also explores the competing reasons that led Edward's opponents including Robert Bruce to resist him The result is a sweeping story immaculately researched yet compellingly told and a vivid picture of medieval Britain at the moment when its future was decided
