Gaburro, York Winter, Jeansok J. Kim, Maarten Loos, Oliver Stiedl, 2022-07-25 *Beasts of New York* Jon Evans, 2014-05-14 Patch knows something is direly wrong when all the squirrels in Central Park wake to find every foodstore stolen and in the middle of winter that means starvation Patch's mother is gone without a trace and in her den drifts a musky unfamiliar scent Hungry tired and alone Patch sets off into the mountains the human lands of New York City to find food and to uncover what's happening to his family He finds out too late that a war is brewing beneath his paws Patch is swept into a deadly battle that unites squirrels birds cats and dogs against vicious forces below the ground rumoured to be led by the mysterious legendary King Beneath Gripping and suspenseful *Beasts of New York* is a gritty urban fantasy populated by unforgettable characters as vivid and complicated as humans from mercurial Zelina the Queen of All Cats to Snout a massive and power hungry rat to Karmerruk an arrogant dangerous hawk Evans's New York City of wildlife is deeply imagined the urban landscape wavers between the familiar and the disturbingly bizarre while Jim Westergard's intricate wood engravings illuminate the settings and many characters Evans a master of dark crime thrillers brings his fast paced energy to an entirely new world one right under our feet *The Welfare of Laboratory Animals* Eila Kaliste, 2007-04-18 Animal welfare is attracting increasing interest worldwide but particularly from those in developed countries who now have the knowledge and resources to be able to offer the best management systems for their farm animals as well as potentially being able to offer plentiful resources for companion zoo and laboratory animals The increased attention given to animal welfare in the West derives largely from the fact that the relentless pursuit of financial reward and efficiency has led to the development of intensive animal production systems that offend the conscience of many consumers in those countries In developing countries human survival is still a daily uncertainty so that provision for animal welfare has to be balanced against human welfare Welfare is usually provided for only if it supports the output of the animal be it food work clothing sport or companionship In reality there are resources for all if they are properly husbanded in both developing and developed countries The inequitable division of the world's riches creates physical and psychological poverty for humans and animals alike in all sectors of the world Livestock are the world's biggest land user FAO 2002 and the population particularly of monogastric animals is increasing rapidly to meet the need of an expanding human population Populations of animals managed by humans are therefore increasing worldwide so there is the tendency to allocate fewer resources to each one
