Evansing - Heart of the Irish Kingdom Glen Klassen, 2013-03-21. An eleventh century historical fantasy written in a fast paced adventurous style. Edwin is fleeing his pursuers who are wild with rage and hungry for his blood. His life is rescued from certain death in a most unusual way. As it turns out his rescue also delivers him from a tormented life with no future to one that is most promising. He is sought out and saved for his amazing skill as a warrior leader. He becomes whole and complete with the aid of his beloved feisty Greer. Together they are the missing piece necessary to launch the quest to unite Ireland's fractious and feuding kingdoms into one gloriously united kingdom. The tale involves supernatural interventions to facilitate rescues, battles and diplomacy. Will the power of a woman move the hero from being a rather rough and cruel individual to one who is worthy of being a noble prince? Centered around the pursuit of uniting the numerous small Irish kingdoms into one united Ireland, the story follows the hero's personal transformation as he collaborates with the supernormal in war and diplomacy. A tale involving a blend of adventure and inspiration to believe for an expanded sense of possibilities.

Tomb Robberies at the End of the New Kingdom Valentina Gasperini, 2018-06-21. At the end of the 19th century W M F Petrie excavated a series of assemblages at the New Kingdom Fayum site of Gurob. These deposits, known in the Egyptological literature as Burnt Groups, were composed of several and varied materials, mainly Egyptian and imported pottery, faience, stone and wood vessels, jewellery, all deliberately burnt and buried in the harem palace area of the settlement. Since their discovery, these deposits have been considered peculiar and unparalleled. Many scholars were challenged by them and different theories were formulated to explain these enigmatic Burnt Groups. The materials excavated from these assemblages are now curated at several Museum collections across England: Ashmolean Museum, British Museum, Manchester Museum, and Petrie Museum. For the first time since their discovery, this book presents these materials all together. Gasperini has studied and visually analysed all the items. This research sheds new light on the chronology of deposition of these assemblages; additionally, a new interpretation of their nature, primary deposition, and function is presented in the conclusive chapter. The current study also gives new information on the abandonment of the Gurob settlement and adds a new social perspective on a crucial phase of the ancient Egyptian history: the transition between the late New Kingdom and the early Third Intermediate Period. Beside the traditional archaeological sources, literary evidence, The Great Tomb Robberies Papyri is taken into account to formulate a new theory on the deposition of these assemblages.

Written for thinking Christians who want church life to be meaningful, relevant, and culturally engaging, The Supernatural Skyline contends that the church needs to accept the keys to the Kingdom and use those keys to unlock doors currently closed to Christ and His purpose. Defining the Kingdom of God as Jesus' life enacted in every sphere—justice, government, economics, education, art, any realm that influences people and their culture—this book will challenge you to consider fresh concepts and biblically sound principles.
