Ross,2012-12-06 It has been said that every generation of historians seeks to rewrite what a previous generation had established as the standard interpretations of the motives and circumstances shaping the fabric of historical events It is not that the facts of history have changed No one will dispute that the battle of Waterloo occurred on June 11 1815 or that the allied invasion of Europe began on June 6 1944 What each new age of historians are attempting to do is to reinterpret the motives of men and the force of circumstance impacting the direction of past events based on the factual social intellectual and cultural milieu of their own generation By examining the facts of history from a new perspective today s historians hope to reveal some new truth that will not only illuminate the course of history but also validate contemporary values and societal ideals Although it is true that tackling the task of developing a new text on logistics and distribution channel management focuses less on schools of philosophical and social analysis and more on the calculus of managing sales campaigns inventory replenishment and income statements the goal of the management scientist like the historian is to merge the facts and figures of the discipline with today s organizational cultural and economic realities Hopefully the result will be a new synthesis where a whole new perspective will break forth exposing new directions and opportunities Just in Time Teaching Scott Simkins,Mark Maier,2023-07-03 Just in Time Teaching JiTT is a pedagogical approach that requires students to answer questions related to an upcoming class a few hours beforehand using an online course management system While the phrase just in time may evoke shades of slap dash work and cut corners JiTT pedagogy is just the opposite It helps students to view learning as a process that takes time introspection and persistence Students who experience JiTT come to class better prepared and report that it helps to focus and organize their out of class studying Their responses to JiTT questions make gaps in their learning visible to the teacher prior to class enabling him or her to address learning gaps while the material is still fresh in students minds hence the label just in time JiTT questions differ from traditional homework
