Jesus Works Miracles Ages 6 To 12:

An Elementary Course of Biblical Theology Gottlob Christian Storr, 1836 **Religious Thinking from Childhood to Adolescence** Ronald Goldman, 2022-02-14 First published in 1964 Religious Thinking from Childhood to Adolescence describes the capacities of pupils of varying ages abilities and backgrounds to understand religious truths How concepts of the Bible of God of Jesus of Prayer and of the Church developed from the early years is seen within the psychological context of maturing thought and the implications for religious education which are provocative and far reaching are explored Teachers clergy and parents will find this book a challenge to reconsider not only how the growing child views what he is taught but also the reasons why he frequently misunderstands religious teaching By presenting a systematic account of religious thinking from 6 to 17 years Dr Goldman adds a new dimension to our insights into child development **Jesus and the Miracle Tradition** Paul J. Achtemeier, 2008-01-01 Working with selected miracles of Jesus from the canonical Gospel traditions and with background studies in the general understanding of miracles in the Greco Roman world of the Hellenistic period this collection of essays shows how we may understand the theological reasons why the early followers of Jesus included these stories in their traditions that constituted the canonical Gospels Using individual stories from the Gospels three of the essays demonstrate how literary critical analysis can show the theological intent of the miracle story A second set of three essays examines the way Mark and Luke view the miracle tradition within their larger task of writing the story of Jesus A final set of three articles examines the Hellenistic background of such stories and the way they were used in secular and Jewish sources to gain perspective on what the early Christians intended with the miracle stories of Jesus **New International Dictionary of New Testament Theology** Zondervan, 2017-10-17 This abridgment of Colin Brown's original four volume work is arranged with its entries in Greek alphabet order which makes it easy to find the discussion of a particular word All Greek words are transliterated into English and linked with their Goodrick Kohlenberger numbers This book was formerly titled The NIV Theological Dictionary of New Testament Words Now it has been reset in double columns and wider margins **Jesus of Nazareth: Lord and Christ** Joel B. Green, Max Turner, 1999-01-20 The problem of the historical Jesus remains one of the most important themes in New Testament scholarship Closely related to this problem is the question How far can the impact made by the earthly Jesus and his own self understanding sustain the weight of the Christological construction put upon them by the early church In the past two decades some scholars have taken an increasingly gloomy attitude toward the possibility of knowing anything of substance about Jesus from the Gospels or at the opposite extreme have sometimes made outlandish claims about him Others like the contributors to this volume have begun moving the discussion into fresh areas of creative responsible inquiry *The Practical Works of Richard Baxter* Richard Baxter, 1854 *Commentary on the Gospels Intended for Popular Use* Daniel Denison Whedon, 1867 **The Church School Journal**, 1882 The Englishman's Critical and Expository Bible Cyclopaedia Andrew Robert Fausset, 1878
