Weinberg, 2022-05-12 This collection of essays treats a topic that has scarcely been approached in the literature on Hebrew and Hebraism in the early modern period In the seventeenth century Christians especially Protestants studied the Mishnah alongside a host of Jewish commentaries in order to reconstruct Jewish culture history and ritual shedding new light on the

world of the Old and New Testaments Their work was also inextricably dependent upon the vigorous Mishnaic studies of early modern Jewish communities Both traditions in a sense culminated in the monumental production in six volumes of an edition and Latin translation of the Mishnah published by Guilielmus Surenhusius in Amsterdam between 1698 and 1703 Surenhusius gathered up more than a century's worth of Mishnaic studies by scholars from England Germany the Netherlands and Sweden as well as the commentaries of Maimonides and Obadiah of Bertinoro c 1455 c 1515 but this edition was also born out of the unique milieu of Amsterdam at the end of the seventeenth century a place which offered possibilities for cross cultural interactions between Jews and Christians With Surenhusius's great volumes as an end point the essays presented here discuss for the first time the multiple ways in which the canonical text of Jewish law the Mishnah c 200 CE was studied by a variety of scholars both Jewish and Christian in early modern Europe They tell the story of how the Mishnah generated an encounter between different cultures faiths and confessions that would prove to be enduringly influential for centuries to come

Jews in the Early Modern World Dean Phillip Bell, 2008 Jews in the Early Modern World argues that the years between 1400 and 1700 represented a discrete cohesive and important period in Jewish history Given the significant demographic shifts that began just before and ended just after this period remarkable changes occurred in the history and experiences of Jews around the world This volume begins with a broad context of Jewish experiences under medieval Christianity and Islam It then turns to the early modern period first providing an overview of Jewish demography and settlement Next the nature and structure of Jewish community and social structures in the early modern period are explored In the final two chapters this book presents a broad overview of Jewish religious and cultural life and Jewish relations with non Jews throughout the early modern period

Jewish Studies Kalman Dubov, 2021-11-18 Jewish mysticism is quite popular by way of books lectures and classes to teach this esoteric subject The student suddenly confronts a world with a unique language and great masters who use obscure language so that the concepts are confusing amidst the different schools of Kabbalistic thought and traditions Prior to 1700 all such teaching was done from master to student with intentional obscurities so that the student today faces many challenges in comprehending this discipline This review quoting from original sources is designed to provide a basic and foundational structure from which the student can appreciate both the why of Kabbalism and the how they got there The premise is that God created our physical universe for a reason and the revelations on Mount Sinai was deliberate The Kabbalist understood the hidden from the apparent so that open texts was suddenly imbued with meaning never apparent from the text itself The book reviews the major contributors to Kabbalah while reviewing the mystic concepts they contributed Different schools of thought emerged over time so that different modalities of Kabbalah are present today These reviews are based on Theoretical Kabbalah so that intention Kavanah during prayer and even during mundane acts throughout the day are imbued with Kabbalistic intention The book does not review Practical Kabbalah where incantations amulets and similar

acts are done to enhance positive energy I do include the vignette of Rabbi Abraham Abulafia a major proponent of this form of Kabbalah In 1760 following the leadership and death of the Baal Shem Tov the teaching of Kabbalah was opened to the lay public setting aside the hidden curtain existing previously Why the sudden change after thousands of years when this discipline was clandestine and not revealed openly The answer lies with a mystic experience the Baal Shem Tov had with the Messiah who charged him with such open teaching before he would arrive That charge is the central pivot upon which these teachings turn The book's sections are divided into separate reviews to enable the student to review them more easily The first section is on concepts the second on personalities and the challenges they faced in their lives It is common for great leaders not to dwell on their challenges in life so it is especially important for posterity to be aware that their lives were often beset by great difficulties Two vignettes review persons who were killed because of their beliefs One was Rabbi Shlomo Molcho a man who challenged both the reigning pope and secular emperor to accept their proper roles in life In doing so he was arrested and burned to death for his beliefs When offered clemency if he reverted to the Christian faith he refused dying a martyr's death The other person who died in this horrific manner was a child of twelve years Ines Esteban whose family became conversos in Spain's remote Extremadura Hailed as a prophetess by the region's conversos she was arrested by the Inquisition tortured and was burned at the stake in August 1500 The story of her leadership in the face of relentless religious persecution and her resolute refusal to become a Christian penitent is remarkable given her youth her leadership and her individual role she had no other to support her in this terrible time She stood alone without mentor or fellow mystic though her father and stepmother fully supported her I find it fitting and proper to dedicate this book to this remarkable young woman Other Kabbalists through the ages also experienced great personal trials in life Their collective leadership provides much detail to ponder their roles and teachings It is hoped the student will have much opportunity to reflect on when studying this subject

Shamanic Trance in Modern Kabbalah Jonathan Garb, 2011-04-15 Bringing to light a hidden chapter in the history of modern Judaism Shamanic Trance in Modern Kabbalah explores the shamanic dimensions of Jewish mysticism Jonathan Garb integrates methods and models from the social sciences comparative religion and Jewish studies to offer a fresh view of the early modern kabbalists and their social and psychological contexts Through close readings of numerous texts some translated here for the first time Garb draws a more complete picture of the kabbalists than previous depictions revealing them to be as concerned with deeper states of consciousness as they were with study and ritual Garb discovers that they developed physical and mental methods to induce trance states visions of heavenly mountains and transformations into animals or bodies of light To gain a deeper

understanding of the kabbalists shamanic practices Garb compares their experiences with those of mystics from other traditions as well as with those recorded by psychologists such as Milton Erickson and Carl Jung Finally Garb examines the kabbalists relations with the wider Jewish community uncovering the role of kabbalistic shamanism in the renewal of Jewish tradition as it contended with modernity

Spirit Possession in Judaism Matt Goldish,2003 Goldish has edited an extremely important collection of essays that promises to radically transform the way many people view Judaism One of the volume s most useful features is its wide historical scope This collection explores different forms of possession including dybbuk malevolent possession the best known phenomenon and lesser known types such as ibbur impregnation gilgul reincarnation and maggid angelic mentor

Avrum Ehrlich,2009-09-10 This book brings together a series of original essays which explore the dynamics at work in two of the oldest intact and starkly contrasting civilizations on earth The book studies how they interact in modernity and how each civilization views the other and analyses areas of cooperation between scholars activists and politicians

Judaism and Jesus Zev Garber,Kenneth L. Hanson,2019-10-29 This insightful volume represents the hands on experience in the world of academia of two Jewish scholars one of Orthodox background and the other a convert to the Jewish faith As a series of separate but interrelated essays it approaches multiple issues touching both the historical Jesus himself a pious Jew and the modern phenomenon of Messianic Judaism It bridges the gap between the typically isolated disciplines of Jewish and Christian scholarship and forges a fresh level of understanding across religious boundaries It delves into such issues as the nature and essence of Jesus message pietistic militant or something of a hybrid and whether Messianic Jews should be welcome in the larger Jewish community Its ultimate challenge is to view sound scholarship as a means of bringing together disparate faith traditions around a common academic table Serious research of the great Nazarene becomes interfaith discourse

As Light Before Dawn Eitan P. Fishbane,2009-06-29 *As Light Before Dawn* explores the mystical thought of Isaac ben Samuel of Akko a major medieval kabbalist whose work has until now received relatively little attention Through consideration of an extensive literary corpus including much that still remains in manuscript this study examines an array of themes and questions that have great applicability to the comparative study of mysticism and the broader study of religion These include prayer and the nature of mystical experience meditative concentration directed to God and the power of mental intention authority creativity and the transmission of wisdom

Seeing the Lord's Glory Christopher B. Kaiser,2014 The dilemma of early Christology the author observes is found in the early Christian claims to have seen the Lord and beheld his glory expressions that in early Judaism would have pointed unequivocally to visions of Israel s God He also examines the phenomenon of kyriocentric visions in Second Temple Judaism
