JFK Bill Sloan, Jean Hill, 2008 Jean Hill the lady in red in Zapruder's Kennedy assassination film saw a gunman on the famous grassy knoll on November 22 1963 That gunman was NOT Lee Harvey Oswald In this highly personal narrative Hill discloses the trauma and intimidation she experienced as well as her struggle to keep her career and her sanity after she a single mother of two became embroiled in the greatest murder mystery of the century Amazon com *LBJ: The Mastermind of the JFK Assassination* Phillip F. Nelson, 2013-07-01 LBJ aims to prove that Vice President Johnson played an active role in the assassination of President Kennedy and that he began planning his takeover of the U S presidency even before being named the vice presidential nominee in 1960 Lyndon B Johnson's flawed personality and character traits formed as a child grew unchecked for the rest of his life as he suffered severe bouts of manic depressive illness He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though it's recorded that some of his aides knew of his struggle with bipolar disorder After years of researching Johnson and the JFK assassination Phillip F Nelson conclusively shows that LBJ had an active role in JFK's assassination and he includes newly uncovered photographic evidence proving that Johnson knew when and where Kennedy's assassination would take place Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history **LBJ** Phillip F. Nelson, 2011-10-20 LBJ aims to expose Vice President Johnson's active role in the assassination of President Kennedy and how he began planning his takeover of the U S presidency even before being named the vice presidential nominee in 1960 Lyndon B Johnson's flawed personality and character traits were formed when he was a child and grew unchecked for the rest of his life as he suffered severe bouts of manic depression and bipolar disorder He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though records have been uncovered proving some of his aides knew of his mental illness Phillip F Nelson after years of researching Johnson and the JFK assassination concludes that during his vice presidency Johnson suffered progressively stronger bouts of mental collapse as he was busy undermining Kennedy's domestic and foreign policy initiatives for the purpose of cunningly saving them for his own legacy His involvement with JFK's assassination is conclusively drawn with both text and photographic evidence showing Johnson's knowledge of when and where the assassination would take place Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history **JFK** Sloan, Bill, 2010-09-23 Jean Hill the lady in red in Zapruder's Kennedy assassination film saw a gunman on the famous grassy knoll on November 22 1963 That gunman was NOT Lee Harvey Oswald In this highly personal narrative Hill discloses the trauma and intimidation she experienced as well as her struggle to keep her career and her sanity after she a single mother of two became embroiled in the greatest murder mystery of the century **JFK** Bill Sloan, 1993 A dozen untold eyewitness stories from November 22 1963 from the man whose 35mm

Kennedy** Vincent Michael Palamara,2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject *Indictment* J. J. Magee,2013-11-05 On November 22 1963 the 35th President of the United States was gunned down on the streets of a modern American city In the fifty years since that crime was committed in Dallas hundreds of books reports and articles have been written about this tragic event in American history Collectively these works examine every aspect of the assassination from the errors and cover up of the Warren Commission to discrepancies in and manipulation of the evidence They look at the number of assassins their firing position the number and timing of the shots and the numerous other details of the murder This book does not revisit any of these topics This book uses that information to assert why the shooters were there

Survivor's Guilt Vincent Palamara,2013-10-01 Painstakingly researched by an authority on the history of the Secret Service and based on primary firsthand accounts from more than 80 former agents White House aides and family members this is the definitive account of what went wrong with John F Kennedy s security detail on the day he was assassinated The work provides a detailed look at how JFK could and should have been protected and debunks numerous fraudulent notions that persist about the day in question including that JFK ordered agents off the rear of his limousine demanded the removal of the bubble top that covered the vehicle and was difficult to protect and somehow directly or indirectly made his own tragic death easier for an assassin or assassins This book also thoroughly investigates the threats on the president s life before traveling to Texas the presence of unauthorized Secret Service agents in Dealey Plaza the site of the assassination the failure of the Secret Service in monitoring and securing the surrounding buildings overhangs and rooftops and the surprising conspiratorial beliefs of several former agents An important addition to the canon of works on JFK and his assassination this study sheds light on the gross negligence and in some cases seeming culpability of those sworn to protect the president

Undeniable Truths Ed Souza,2014-08-01 Since we forget the implications of the assassination of President John F Kennedy at our peril I welcome and support the recent work of Ed Souza s Undeniable Truths Welcome aboard Mr Souza

Mark Lane Author of *Rush to Judgment* To many the murder of President John F Kennedy was the defining tragedy of the twentieth century To many the intricate and pervasive veil of lies generated by the Warren Commission and some of our own government agencies is an egregious and continuing insult to our collective intelligence integrity and dignity To many there are more questions than plausible answers But for one former LA cop private investigator and professor of criminal justice the time has come to put forth the clear and plausible answers too many have craved for too long In *Undeniable Truths* Professor Ed Souza applies modern investigative techniques and theories to present the clear and simple facts surrounding this infamous murder His approach exposes the lies cover ups and misinformation involved in this case He explores some of the murder s most enduring mysteries Why was President Kennedy really murdered Who really did and did not want Kennedy eliminated Why and how was Oswald chosen as the scapegoat Through the use of time tested police strategies the author puts decades of professional research to the task of solving one of history s most enduring unsolved crimes *The Kennedy Half-Century* Larry J. Sabato, 2014-10-14 An original and illuminating narrative revealing John F Kennedy s lasting influence on America by the acclaimed political analyst Larry J Sabato *Thinking Critically About the Kennedy Assassination* Michel Jacques Gagné, 2022-03-27 *Thinking Critically About the Kennedy Assassination* uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK s shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book s opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy s life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK s murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking *Dallas 50 Years On: The Murder of John F. Kennedy* Blaine Taylor, 2014-03-27 JFK had won the Presidency in 1960 by a razor thin majority and his re election campaign for 1964 was expected to be as close He began it in November 1963 with a kick off multi city four day swing across the important state of Texas It was going unexpectedly well when shots were fired into his triumphant motorcade in downtown Dallas that ripped history apart changing it forever The assassination of American President John F Kennedy in 1963 came at

the very height of both the Cold War following the Second World War and the Pax Americana that was thought to exist at the war's conclusion in 1945 The United States and its allies possessed a far greater number of nuclear weapons than their Soviet adversaries but the latter could unleash World War 3 and a nuclear Armageddon that would destroy them all The sudden and totally unexpected murder in broad daylight in an American city of one of the most popular presidents in history was the murder mystery of the 20th century The Cold War could have become hot and nuclear within minutes The murderer had to be found and vital questions had to be answered quickly Who did it why and who ordered Kennedy's assassination Was the deed part of a conspiracy foreign domestic or both Were none of these questions part of the bloody puzzle and was it entirely possible that only one man was responsible The questions remain to this very day and Dallas Fifty Years On The Murder of John F Kennedy reveals sensational new evidence eyewitness accounts and top secret documentation

Reclaiming History: The Assassination of President John F. Kennedy Vincent Bugliosi, 2007 Bugliosi brilliant prosecutor and bestselling author is perhaps the only man in America capable of prosecuting Lee Harvey Oswald for the murder of John F Kennedy His book is a narrative compendium of fact ballistic evidence and above all common sense The Lady in the Pink Suit Pham ThuDzung, 2016-08-15 The Lady in The Pink Suit By Pham ThuDzung Dennis asked The Warren Commission confirmed that Lee Harvey Oswald the only gunman fired the Single Bullet from the sixth window of the School Book Depository of Texas hit President John F Kennedy from the back it went through the spine then got out from the President's throat and it caused injury for Governor Connally Did that bullet kill President Kennedy No Doctor Helen Augier McCarthy explained At the hospital we have a few cases similar to that they were US veterans from Afghanistan or Iraq Or sometimes they're victims of automobiles motorcycles accidents These patients become invalids paralyzed from neck down but the patients are still alive Jason said The Fatal Shot in the head fired from a person that nobody would suspect in an unbelievable circumstance that bullet finalized JFK's life **Treason, Treachery & Deceit** James D. Norvell, 2014-03-13 Historians may have locked the box on the JFK assassination and the life of Lyndon Baines Johnson but in reading James Norvell's riveting out of the box tale you will shiver with nagging thoughts of intrigue and doubt Norvell's semi fictitious story bolstered with historical facts is a spellbinding masterpiece He has interacted with principal characters particularly Madeleine Brown and Billie Sol Estes and done so in a personal manner and over an extended period of time The more you read the more you'll wonder Could this have happened Be careful once you pick it up you won't put it down Dynamite John H Jack Grubbs Ph D Brigadier General Ret U S Army author of Dryline and Bad Intentions Jim Norvell's unique approach to explaining the assassination of President Kennedy leads the reader into this complex and often difficult subject from a fresh direction I recommend this book primarily because it exposes even the experienced student of the subject to information with which he may not have been familiar and to possible associations between competing theories about what happened in Dallas that may indicate many of them are not necessarily mutually exclusive after all Mr Norvell does not pull any punches and

does not sugar coat the assassination story in any way An engaging read Douglas P Horne formerly Chief Analyst for Military Records Assassination Records Review Board B A in History Ohio State University and author of Inside the Assassination Records Review Board Vol I V My classmate from the Naval Academy Jim Norvell has put together a very shocking scenario that leads to a very different assassination event than the lone gunman lone event Oswald did it type answer Instead he constructs a list of timed events with key power brokers in 1963 that provides a hard core conspiratorial assassination plot And if you are not entirely convinced these diverse power brokers can mesh and team to make the killing of a President possible then go very slowly through the chapters that lay down the assassination time lines Point by point bullet by bullet the historical novel unfolds But I assure you that it will not end with a lone event a lone gunman Two additional assassinations follow with the shootings of Martin Luther King Jr and Robert F Kennedy Norvell drives you back in time to the 60s to piece together for you an entirely different assassination than the one focused on Oswald and defended as such by the Warren Commission This is a very good read for all and especially for those who to this day can remember where we were on November 22 1963 Alexander J Krekich Vice Admiral U S Navy Retired B S U S Naval Academy 1964 M S A George Washington University 1972 U S Army Command and Naval War College 1978 I extend personal thanks to Jim Norvell for his deep insights for connections not uncovered anywhere else and for bringing us nearer to the solution to the most horrific crime in American History horrific for what it did to one man and his family horrific for what it did to America and horrific for the failure of the authorities to mete out justice Barr McClellan B A J D University of Texas author of Blood Money and Power How LBJ Killed JFK and former law partner with LBJs attorney Ed Clark Jim Norvells historical novel is a truly remarkable study of a broad range of facts surrounding a single individual What he has carefully developed is almost unthinkable to well adjusted human beings To my knowledge this depiction has not been accomplished before in our time and he should be commended for all the long years of effort that it required I found that his identification of LBJ as a narcissist is quite well founded There is a long and well established history of those traits among world leaders in every field many in very public roles Health care professionals have identified and articulated in textbooks different types of narcissism and their symptomatic traits some of which are incredibly destructive and actually evil Jims novel acutely and accurately displays the personification of pure evil in LBJ I think he has written a serious best seller which will lead readers to thoughtfully and carefully examine the traits and actions which our public figures display Ray C Witter Rear Admiral U S Navy Ret B S U S Naval Academy M S Engineering Acoustics Naval Postgraduate School *LBJ: From Mastermind to "The Colossus"* Phillip F. Nelson, 2014-11-04 Phillip F Nelson s new book begins where LBJ The Mastermind of the JFK Assassination left off Now president Johnson begins to push Congress to enact long dormant legislation that he had previously impeded always insisting that the timing wasn t right Nelson argues that the passage of Johnson s Great Society legislation was designed to take the focus of the nation off the assassination as well as lay the groundwork for building his own legacy Nelson also examines

Johnson's plan to redirect US foreign policy within days of becoming president as he maneuvered to insert the US military into the civil war being fought in Vietnam. This he thought would provide another means to achieve his goal of becoming a great wartime president. In addition, Nelson presents evidence to show that the Israeli attack on the USS Liberty in 1967 was arguably directed by Johnson against his own ship and the 294 sailors on board as a way to insert the US military into the Six Day War. It only failed because the Liberty refused to sink. Finally, Nelson presents newly discovered documents from the files of Texas Ranger Clint Peoples that prove Johnson was closely involved with Billie Sol Estes and had made millions from Estes's frauds against taxpayers. These papers show linkages to Johnson's criminal behavior, the very point that his other biographers ignore. Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history: books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Dead Wrong Richard Belzer, David Wayne, 2012-08-14 A New York Times Best Seller **Hell in the Pacific** Jim McEnery, Bill Sloan, 2013-06-11 In what may be the last memoir to be published by a living veteran of the pivotal invasion of Guadalcanal which occurred almost seventy years ago, Marine Jim McEnery has teamed up with author Bill Sloan to create an unforgettable chronicle of heroism and horror. McEnery's Rifle Company, the legendary K 3 5 of the First Marine Division, made famous by the HBO miniseries *The Pacific*, fought in some of the most ferocious battles of the war. In searing detail, the author takes us back to Guadalcanal where American forces first turned the tide against the Japanese at Cape Gloucester where 1,300 Marines were killed or wounded and bloody Peleliu where McEnery assumed command of the company and helped hasten the final defeat of the Japanese garrison after weeks of torturous cave-to-cave fighting. McEnery's story is a no-holds-barred grunt's eye view of the sacrifices, suffering, and raw courage of the men in the foxholes locked in mortal combat with an implacable enemy sworn to fight to the death. From bayonet charges and hand-to-hand combat to midnight banzai attacks and the loss of close buddies, the rifle squad leader spares no details, chronicling his odyssey from boot camp through twenty-eight months of hellish combat until his eventual return home. He has given us an unforgettable portrait of men at war.

Undeclared Bill Sloan, 2013-06-18 This epic story recounts the exceptional valor and endurance of American troops that battled Japanese forces in the Philippines during World War II. Bill Sloan, a master of the combat narrative, *Dallas Morning News* tells the story of the outnumbered American soldiers and airmen who stood against invading Japanese forces in the Philippines at the beginning of World War II and continued to resist through three harrowing years as POWs. For four months they fought toe-to-toe against overwhelming enemy numbers and forced the Japanese to pay a heavy cost in blood. After the surrender came the infamous Bataan Death March where up to eighteen thousand American and Filipino prisoners died as

they marched sixty five miles under the most hellish conditions imaginable Interwoven throughout this gripping narrative are the harrowing personal experiences of dozens of American soldiers airmen and Marines based on exclusive interviews with more than thirty survivors Undeclared chronicles one of the great sagas of World War II and celebrates a resounding triumph of the human spirit
