**Wannabe in my Gang?** Bernard O'Mahoney, 2011-04-15

Kray gang boss Tony Lambrianou, who served a life sentence for the brutal murder of Jack the Hat McVitie, has threatened to kill Bernard O'Mahoney by smashing a hammer through his head. Dodgy Dave Courtney, who claims to have murdered two gangland rivals, tried to put him out of his misery and the most dangerous man in the country, John Gaffer Rollinson, has vowed to kill him when he finds him. But O'Mahoney, one time friend of the notorious Kray Brothers and former key member of the Essex Boys gang, isn't concerned about any of these threats because he knows the truth about the wannabe gangsters who have built their reputations on fantasy gleaned from Hollywood movies and true crime books written by their heroes.

**Wannabe in my Gang** is a story that spans two decades and involves some of the most infamous names and crimes in British history. It gives a unique insight into the Kray brothers' firm, revealing that its public image is far from the truth. Also uncovered is what happened to the remaining members of the Essex Boys' firm following the death of Ecstasy victim Leah Betts and the murder of three of its leaders who were found dead in their blood-spattered Range Rover one winter's evening. For the first time ever, O'Mahoney will expose the gangland myths that have made legends of those who claim to be responsible for mayhem and murder. He reveals the sordid secret of one of Britain's most infamous gangsters and tells the truth about the imposters who make a living selling stories and writing books about events that have never even happened.

**Wannabe in my Gang** is the book that many in the underworld never wanted the public to read. A crime exposé of the highest order, it is shocking, revelatory and gripping from beginning to end.

On 28 November 2004, banker and father of two, Alistair Wilson, was shot three times on his doorstep in a killing more commonly associated with inner city gang wars than a sleepy seaside town in the Scottish Highlands. All these years later, the question remains: why? Who would wish to kill this respectable husband and family man in such a brutal fashion? Was it simply a tragic case of mistaken identity, or did someone have reason to end Alistair's life? And what was the significance of the envelope handed to him before he was fatally wounded? Over the years, lines of enquiry have been investigated and dismissed, gossip has spread, theories offered and rumours debated at length. And yet so long after Alistair's death, no arrest has ever been made and precious few motives have been made public. In this gripping true crime

An absolute must read for anyone who aspires to join it and anyone who already has. Bob Marshall Andrews QC Bill Clegg's memoir draws on some of the most high profile criminal prosecutions of recent years to illuminate the career of a defence lawyer at the peak of his success. Deftly weaving personal reminiscences into the view from counsel's bench he solves one high profile murder case long before the police and ensures that justice is finally done in another after the tactics adopted by a better known QC have led to a miscarriage of justice. Unlike many works of this genre Clegg's case book eschews endless exchanges with long forgotten judges, lawyers and villains. Like the successful jury advocate that he is Clegg reduces his story to its essence. He speaks plainly sparing us the bombast and the braggadocio. And those who still aspire to join the criminal bar will learn more from Clegg than Clegg ever did from Perry Mason. Joshua Rozenberg QC

This book is a must read. David Wilson Professor Emeritus of Criminology. What is it about crime that we find so fascinating even if at the same time the details are repugnant? Why exactly do we immerse ourselves in true crime podcasts and TV shows? Has this appetite for gore shifted over the years? And what role does the crime reporter play in all of this? In this compelling book Martin Brunt draws on the most shocking and harrowing stories he's

covered over the past thirty years to document the life of a crime reporter and assess the public obsession with crime that his reporting caters for. He also considers the wider relationship between the press and the police, the impact of social media and the question of why some crimes are ignored while others grip the nation. Featuring many undisclosed details on some of the biggest cases Brunt has covered from the Diamond Wheelers to Fred and Rose West, this blend of storytelling and analysis is not only a riveting overview of the nature of crime reporting but a reflection on the purpose of the profession in the first place.

**The Grinning Killer: Chris Halliwell - How Many Women Do You Have to Kill to Be a Serial Killer?** Nigel Cawthorne, 2018-07-12. In the early hours of 19 March 2011, 22-year-old Sian O'Callaghan left a nightclub in Swindon to make the half-mile journey back to her home. She was never seen alive again. The prime suspect in her disappearance, local taxi driver Christopher Halliwell, was arrested a few days later. Seemingly an ordinary family man in reality, Halliwell regularly visited sex workers and viewed incredibly violent pornography. Chillingly, he had once asked a fellow inmate during a prison sentence in the 1980s how many people it was required to kill in order to be a serial killer. Not only did Halliwell admit to killing O'Callaghan, he then led police to the body of Becky Godden, a sex worker who had been missing for eight years. But as a result of an error in police procedure, this couldn't be used to charge him with Godden's murder. After a painstaking process of collecting new evidence, he was finally sentenced to a full-life jail term for the killings in 2016. However, essential questions remain: what happened in the eight years between Godden and O'Callaghan's deaths? Did Halliwell go quiet, or are there other innocent victims yet to be found? How far back could his killing spree go? This is the terrifying and gripping true story of one of the most brutal serial killers in modern times and the catastrophic error that almost prevented justice from being served.
