Jinrikisha Days in Japan Eliza Ruhamah Scidmore, 1899 *Jinrikisha Days in Japan (Classic Reprint)* Eliza Ruhamah Scidmore, 2015-08-04 Excerpt from *Jinrikisha Days in Japan* The aim of this small book is to present in outline sketches only something of the Japan of today as it appeared to a tourist who was a foreign resident as well No one person can see it all nor comprehend it as the jinrikisha speeds through city streets and country roads nor do any two people enjoy just the same experiences or draw the same conclusions as to this remarkable people The scientists scholars and specialists who have written so fully of Japan have necessarily omitted many of those less important phases of life which yet leave the pleasantest impressions on less serious minds The books of ten or twenty years ago hardly describe the country that a visitor now finds and in another decade the present aspect will have greatly changed Bewildered by its novelty and strangeness too many tourists come and go with little knowledge of the Japan of the Japanese and beholding only the modernized seaports and the capital miss the unique and distinctively national sights and experiences that lie close at hand About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Jinrikisha Days in Japan-tour Eliza Ruhamah Scidmore, 2025-01-01 **Jinrikisha Days in Japan** Eliza Ruhamah Scidmore, All the Orient is a surprise to the Occidental Everything is strange with a certain unreality that makes one doubt half his sensations To appreciate Japan one should come to it from the mainland of Asia From Suez to Nagasaki the Asiatic sits dumb and contented in his dirt rags ignorance and wretchedness After the muddy rivers dreary flats and brown hills of China after the desolate shores of Korea with their unlovely and unwashed peoples Japan is a dream of Paradise beautiful from the first green island off the coast to the last picturesque hill top The houses seem toys their inhabitants dolls whose manner of life is clean pretty artistic and distinctive There is a greater difference between the people of these idyllic islands and of the two countries to westward than between the physical characteristics of the three kingdoms and one recognizes the Japanese as the fine flower of the Orient the most polite refined and sthetic of races happy light hearted friendly and attractive The bold and irregular coast is rich in color the perennial green of the hill side is deep and soft and the perfect cone of Fujiyama against the sky completes the landscape grown so familiar on fan lantern box and plate Every day life looks too theatrical too full of artistic and decorative effects to be actual and serious and streets and shops seem set with deliberately studied scenes and carefully posed groups Half consciously the spectator waits for the bell to ring and the curtain to drop The voyage across the North Pacific is lonely and monotonous Between San Francisco and Yokohama hardly a

passing sail is seen When the Pacific Mail Steamship Company established the China line their steamers sailed on prescribed routes and outward and homeward bound ships met regularly in mid ocean Now when not obliged to touch at Honolulu the captains choose their route for each voyage either sailing straight across from San Francisco in 37 47_ to Yokohama in 35 26_ N or following one of the great circles farther north thus lessen time and distance On these northern meridians the weather is often cold threatening or stormy and the sea rough but the steadiness of the winds favors this course and persuades the ship s officers to shorten the long course and more certainly reach Japan on schedule time Dwellers in hot climates dislike the sudden transition to cooler waters and some voyagers enjoy it Fortunately icebergs cannot float down the shallow reaches of Bering Strait but fierce winds blow through the gaps and passes in the Aleutian Islands **Jinrikisha**
