## **Kazakhstan Coming Of Age:**

**Kazakhstan** Michael Fergus,Janar Jandosova,2003 This comprehensive work Kazakhstan Coming of Age places this remarkable country in that scene its prospects its history geography ways of life ecology economy and political structure its astonishing cultural heritage Here is Kazakhstan in a work combining sound scholarship and research written and assembled by experts with over 400 photographs and many maps It is the foundational work on the country presented in the long recognised Stacey International mould **BOOK JACKET** *Kazakhstan* Paul Brummell,Maria Oleynik,2018-07-05 This new thoroughly updated third edition of Bradt s Kazakhstan remains the only guide available dedicated solely to the world s ninth largest country This new edition covers all the most recent developments including an updated history section additional cultural coverage more practical information to make independent travel easier and the most up to date and relevant maps Kazakhstan is more accessible than ever tourist visas are no longer required and there are now numerous direct flights and connections from Europe Tourist infrastructure has also significantly improved over the past few years and there are faster trains connecting east to west and north to south as well as many options for internal flights Kazakhstan is a modern country with a profound appreciation of its roots numerous petroglyph sites with ancient rock art as well as the remains of Silk Road settlements testify to its varied history The country offers a curious mix of Soviet nostalgia and architecture combined with the latest technology Kazakhstan has better 4G coverage than Germany France or Italy For visitors there are excellent opportunities for active tourism such as skiing hiking rafting horse riding or simply gazing into the endless steppe Bradt s Kazakhstan is indispensable for discovering this extraordinary country a place that is as geographically diverse as its cultural mix around 130 different ethnic groups calls Kazakhstan home From snow covered peaks with excellent skiing opportunities and hiking trails through river valleys to the secluded lakes of the Tian Shan Mountains to endless semi desert steppes and then on to the blue waters of the Caspian Bradt s Kazakhstan is a perfect companion for all travellers from nature lovers to cultural explorers teenage backpackers to family groups [Artistic Traditions of Inner Eurasian Cultures](#) Ardi Kia,2022-10-24 This book examines the cultural heritage of Inner Eurasia Central Asia through the arts from prehistoric times to the ancient and medieval golden ages The manuscript features extensive analysis of multiple Inner Eurasian cultural groups their artistic traditions and the development thereof throughout the region s history *Encyclopedia of European Peoples* Carl Waldman,Catherine Mason,2006 Presents an alphabetical listing of information on the origins prehistory history culture languages relationships to other cultures and more regarding European peoples [Encyclopedia of the Peoples of Asia and Oceania](#) Barbara A. West,2010-05-19 Presents an alphabetical listing of information on the peoples of Asia and Oceania including origins prehistory history culture languages and relationships to other cultures **Central Asian Cultures, Arts, and Architecture** Ardi Kia,2018-10-15 Central Asia Cultures Arts and Architecture presents a journey through time analyzing the history of Central Asian cultures arts and architecture since prehistoric times It includes

documentation of historical cultural artistic and architectural accomplishments and combines writings based on archaeological excavations and research of prehistoric ancient and medieval sites as well as translations of ancient and medieval historical sources by Russian Chinese and other indigenous scholars For over seven thousand years Central Asian residents have left a record of distinguished cultural artifacts Like creators of any age or period they sought to respond as creatively as possible to the necessities of their societies as a whole and those of their individual patrons In doing so as this book reveals they have given us a timeless source through which we can detect the dynamic stages of their creativity throughout history as well as the breath of our own rich cultural and artistic heritage

**Countries and Territories of the World , Encyclopedia of War Crimes and Genocide** Leslie Alan Horvitz, Christopher Catherwood, 2014-05-14 Entries address topics related to genocide crimes against humanity and peace and human rights violations profile perpetrators including Joseph Stalin Pol Pot and Idi Amin and discuss institutions set up to prosecute these crimes in countries around the world

**Kazakhstan** Martha Brill Olcott, 2010-09 At the outset of independence 18 years ago Kazakhstan's leaders promised that the country's rich natural resources with oil and gas reserves among the largest in the world would soon bring economic prosperity It appeared that democracy was beginning to take hold in this newly independent state Nearly two decades later Kazakhstan has achieved the World Bank's ranking of a middle economic country but its economy is straining from the global economic crisis The country's political system still needs fundamental reform before Kazakhstan can be considered a democracy Kazakhstan Unfulfilled Promise examines the development of this ethnically diverse and strategically vital nation which seeks to play an influential role on the international stage Praise for the previous edition of Kazakhstan This detailed but accessible work will be the definitive work on the newly independent state of Kazakhstan Choice Olcott knows more about Kazakhstan than anyone else in the West New York Review of Books Not only shares the lucid insights and depth of a seasoned observer it greatly enriches the literature on post Soviet transitions Foreign Affairs

Film and Identity in Kazakhstan Rico Isaacs, 2018-02-07 Cinema and nationalism are two fundamentally modern phenomena but how have films shaped our understanding of the creation the imagining of Central Asian nations Here Rico Isaacs uses cinema as an analytical lens to explore how the Kazakh national identity has been constructed and contested Drawing on an analysis of Kazakh films from the last century and featuring new interviews with directors and critics involved in the Central Asian film industry his book traces the construction of nationalism within Kazakh cinema from the country's inception as a Soviet Republic to a modern independent nation Isaacs identifies four narratives since the collapse of the Soviet Union a warrior like ethnic narrative rooted in the 18th Century struggles against the Mongolian Oirat tribes a civic inspired narrative cemented in the Stalinist deportations of the 1930s and 40s a religious narrative founded within the mystic and philosophical religion of Tengrism and the cult of the Sky God and a socio economic narrative which roots Kazakh nationhood and identity in contemporary social divisions the lived day to day experiences of ordinary citizens and the

struggles they face with authority These last two tropes demonstrate how cinema has emerged as a site of dissent against the country's authoritarian regime under President Nazarbayev Film and Identity in Kazakhstan advances our understanding of Kazakhstan and nationalism by demonstrating the multiple and inessential character of each and illustrates the important role of cinema in contesting political power in the post Soviet space *Nazarbayev and the Making of Kazakhstan* Jonathan Aitken,2009-10-07 Kazakhstan is colossal in size complicated in its history colourful in its culture and is a nation state that most outsiders know little of Much of the existing narrative revolves around the country's first president Nursultan Nazarbayev But his life can only be understood in the context of the land in which he was born raised and became a leader For centuries the tribes of Kazakhstan had been plundered and conquered by foreign invaders The most ruthless of these were the 20th century leaders of the Soviet Union but after its collapse it was Nazarbayev who emerged as the new President of the nation state Jonathan Aitken's masterly book is a riveting account of how Kazakhstan has capitalised on its natural resources including oil to become one of the great economic success stories of the modern era Nazarbayev himself is widely admired as a political leader and strategist having overcome extraordinary crises including hyperinflation food shortages and the emigration of two million people However his record on human rights is less than perfect and the independence of the judiciary and the press are questionable Corruption is also widespread in Kazakh society making it an easy target for Ali G in his movie Borat The obstacles faced in becoming a successful economy are described and examined honestly in this truly fascinating story *The Cinema of Soviet Kazakhstan 1925-1991* Peter Rollberg,2021-02-12 This monograph traces the history of Kazakh filmmaking from its conception as a Soviet cultural construction project to its peak as fully fledged national cinema to its eventual reimagining as an art house phenomenon The author's analysis places leading directors Shaken Aimanov Abdulla Karsakbaev Sultan Akhmet Khodzhikov Mazhit Begalin in their sociopolitical and cultural context **From Famine to Fast Food** Ken Albala,2014-05-12 The foods eaten by a nation's population play a key role in shaping the health of that society This book presents country specific information on how diet food security and concepts of health critically impact the well being of the world's population A country's food culture and eating habits directly impact the health and well being of its citizens Economic factors contribute to problems such as obesity and malnourishment This book examines how diet affects health in countries around the world discussing how the availability of food and the types of foods eaten influence numerous health factors and are tied to the prevalence of lifestyle diseases Readers will discover the importance of diet and food culture in determining human health as well as make connections and notice larger trends within multicultural international contexts An ideal aid for high school and college students in completing research and writing assignments this book supplies detailed diet and health related information about most major countries and regions in a single source Each country profile will also include a convenient fact box with statistical information such as life expectancy average caloric intake and other health indicators [Vanuatu Economic Report 2009](#) Asian Development Bank,2009-12-01 Over the last

several years Vanuatu has become one of the fastest growing economies in the Pacific region driven primarily by tourism construction and aid inflows The achievement of strong economic growth has also occurred on the back of improved economic policy effective fiscal management and improved environment for private sector development While recent gains have been impressive more remains to be done to sustain growth and ensure the benefits are distributed throughout the nation The Government is now on a sound financial footing and is well placed to address key development issues The report discusses options for responding to these needs with a view to helping guide public policy formulation in Vanuatu Central Asia Atlas of Natural Resources Asian Development Bank,2010-04-01 This atlas brings together a wealth of information related to living and nonliving natural resources in the five countries of Central Asia Kazakhstan Kyrgyz Republic Tajikistan Turkmenistan and Uzbekistan It contains an array of maps based on geographic information systems and remote sensing images numerous photographs tabulations of important data and extensive descriptive text that together illustrate and describe the region s bountiful natural resources its diversity of peoples and their progress toward sustainable development Highlights include geographic and climatic features environmental economic and social profiles energy minerals and water resources ecoregions and ecosystems major fauna and flora agriculture and fisheries peoples and cultural traditions and economic and social statistics The Constitutional Systems of the Independent Central Asian States Scott Newton,2017-02-23 This book undertakes the first comparative constitutional analysis of the Kyrgyz Republic and Republics of Kazakhstan Turkmenistan Uzbekistan and Tajikistan in their cultural historical political economic and social context The first chapter provides a general overview of the diverse and dynamic constitutional landscape across the region A second chapter examines the Soviet constitutional system in depth as the womb of the Central Asian States A third chapter completes the general picture by examining the constitutional influences of the new world order of globalisation neoliberalism and good governance into which the five states were thrust The remaining five chapters look in turn at the constitutional context of presidents and governments parliaments and elections courts and rights society and economy and culture and identity The enquiry probes the regional patterns of neo Sovietism plebiscitary elections weak courts and parliaments crony capitalism and constraints on association as well as the counter tendencies that strengthen democracy rights protection and pluralism It reveals the Central Asian experience to be emblematic of the principal issues and tensions facing contemporary constitutional systems everywhere Central Asia in World War Two Vicky Davis,2023-12-14 Central Asia has long been situated at the geographical crossroads of East and West once strategically located on the ancient Silk Road The envy of the expanding Russian empire it was colonized in the 19th century by Cossacks and traders from the north This book examines how Central Asia by then part of the Soviet Union experienced population displacements on an even greater scale during the Second World War Vicky Davis analyses how troops were sent westwards into action only for waves of civilians to travel eastwards into the region evacuees refugees and even internal deportees sent into exile from their

homelands in other parts of the vast Soviet Union Central Asia in World War Two is the first book to tackle the subject of minorities fighting for the Soviet Union under Stalin in the Second World War Based on meticulous archival research it considers the interactions of the individual citizen and the Soviet state weaving together the experiences of over three hundred ordinary men and women in Central Asia as they coped with their new roles on the front line or in the rear Suffering incredible economic and physical hardship racism and religious oppression these mainly Muslim citizens were subjected to a forced process of Sovietization under the influence of Stalin s ubiquitous propaganda machine Davis reveals how while conscripts were all too often slaughtered or scapegoated in their regiments the women and children left at home slaved in factories and communal farms to fuel the machinery of a war taking place thousands of kilometres away She convincingly argues that the impact of forced assimilation cultural indoctrination anti Semitism and re education on the region were as great as the daily fight for survival in wartime The legacy of the period is almost as complex with struggles over the ownership and revision of history continuing even today

**Europe's Coming of Age** Loukas Tsoukalis,2022-10-04 European integration has had many successes and failures Brexit being one of the biggest failures Despite the setbacks the EU has been acquiring more functions and members and has now reached a stage where it needs to become a political adult In this book one of the world s leading authorities on Europe provides a lucid and wide ranging appraisal of contemporary European affairs of how the EU became what it is today and the key challenges Europeans must now confront These challenges include the search for a common foreign and security policy that will also require a more symmetrical transatlantic relationship the search for democracy beyond the nation state more inclusive societies the development of the euro into a fully fledged currency a higher degree of autonomy in high technology and the greening of economies In Tsoukalis view what is at stake in these challenges is whether the EU can exercise effective political power in a multipolar highly asymmetrical and increasingly unstable world and whether it can find a workable relationship between global markets and domestic social contracts Willing and able countries should lead the way The stakes are high and not just for Europe A declining and marginalized Europe would not be able to defend fundamental interests and values including freedom and security for its citizens And the world would greatly benefit from the moderating influence of a regional power that operates on the basis of broad consensus and compromise This bold and ambitious book based on extensive experience of European affairs will be of value to anyone interested in Europe and its future as well as anyone concerned with the great political challenges of our time
