Revelation Exegetical Commentary - 2 volume set Robert L. Thomas, 2016-08-15 Get back to the roots on Revelation. Through the centuries, since its writing, the book of Revelation has captured the fascination of the Christian church. The earliest Christians were unanimous in understanding it along a premillennial view of Jesus' second coming, but other hermeneutical approaches began to emerge in the third century. These clouded and added complexity to the task of explaining the book's meaning. For most of the Christian era, consequently, many readers have viewed this last of the NT writings as though it were hopelessly embedded in an aura of deep mystery. An avalanche of interpretive literature has evidenced remarkable interest in the book's contents, but along with the interest has come widespread bewilderment. Written especially for the informed layman, student, and scholar, this commentary seeks to clear the air. The book is interpreted according to a historical and grammatical hermeneutic and propounds a conservative evangelical theology, but the reader will not get a narrow view on areas of disagreement. This commentary interacts with a range of major views, both evangelical and nonevangelical. It reaffirms the basic framework of eschatology espoused by ancient Christianity but with added help from centuries of maturing thought and doctrinal progress in the Body of Christ. All exegesis and exposition in this 2-volume commentary are based on the original language of the text. Translations used are those of the author, and textual criticism and word study are included where appropriate. This in-depth commentary also includes extended excursions on important topics.

**Cosmology and New Testament Theology** Jonathan T. Pennington, Sean M. McDonough, 2008-05-22

For first century people cosmology was a fundamental part of their worldview Whether it was the philosopher contemplating the perfection of the heavenly orbits the farmer searching the sky for signs of when to plant his crops or the desert dwelling sectarian looking for the end of the world the cosmos held an endless fascination and occupied a prominent place in their understanding of life For most ancient peoples cosmology and theology were inseparable Thus when the Jewish and Christian Scriptural traditions begin with the bold claim In the beginning God created the heavens and earth these words make statements which are at once cosmogonic cosmological and theological Scholarship has begun only recently to investigate more fully the various cosmological and cosmogonic traditions that were current in the time of the Old and New Testaments Much of this work however has focused on how OT conceptions of the world compared to other Ancient Near Eastern traditions Much less has been done on the cosmological traditions which stand behind the views of the NT writers Even fewer works have sought to connect cosmological views with NT theology In light of the great importance that cosmology had in ancient peoples worldviews and theological understanding a thorough investigation of this neglected topic is in order

Cosmology and New Testament Theology systematically examines the NT documents to show how cosmological language and

concepts inform interact with and contribute to the specific theological emphases of the various NT books In some NT books the importance of cosmology can be easily discerned while in others what is required is a new and close examination of key cosmological terms e g heaven earth world creation with an eye to the themes and theology of the book *For Time and Forever* Dr. Henry M. Morris,2005 In *For Time and Forever* Dr Henry Morris inspires Christians to find and fulfill their purpose in Redeeming the time because the days are evil Ephesians 5 16 Your vital role in God s wonderful plan for the earth is clearly presented in the Bible s Dominion Mandate found in Genesis 1 26 28 and the Great Commission Bible scholar and creation research scientist Dr Morris invites you to see your life calling in the care of God s creation the earth and its people Discover how careful stewardship of your talents and opportunities has personal national and perhaps even global impact Why do so many people struggle to know their God given purpose Dr Morris reveals how the religion of evolution and its attack on the authority of the Bible impacts our purpose and passion *Give Us This Day Devotionals, Volume 7* Charles Erlandson,2024-03-29 *Give Us This Day* is a unique daily devotional commentary for the entire New Testament based on the ancient method called lectio divina Lectio divina or divine reading is the method used by the early church and countless Christians through the centuries to read the Scriptures to form and transform the soul more than merely to inform the mind *Give Us This Day* deals in depth with entire passages and their contexts Rather than selecting only certain portions of the New Testament to write about Fr Charles has written a devotional for each and every passage of the New Testament Fr Charles writes for the whole person he s not afraid to use his sense of humor and he carefully relates the Bible not only to the individual s life but also to the life of the Church At the end of each day s devotional an appropriate Prayer is offered as well as Points for Further Reflection on the day s lesson Each devotional concludes with a suggested Resolution to put into effect what the Spirit has stirred up in the heart of the reader during the course of his reading meditation and prayer **The Sacrament of the Future** George Vass,2005 *The Sacrament of the Future* is a contemporary examination of the theory and praxis of sacraments undertaken in the belief that a renewed understanding of them will shape the survival of the faith in the changed circumstances of the twenty first century This new perspective is the eschatological character of the sacraments by retaining the tension between time and eternity in our present life sacraments anticipate the future fulfilment of salvation in heaven The association of the two classical treatises of Sacramental Theology and the doctrine of Last Things will alter our approach not only to the sacraments but also to other important tenets of Christian theology This book is the result of half a lifetime s work in presenting and critically analysing Karl Rahner s theological thought Professor George Vass has not confined himself to the detailed exposition of the thought of his predecessor but through a critical analysis of his views tries to enter into dialogue with him Professor Vass Fellow of Heythrop College University of London and for twenty years holder of Karl Rahner s chair at the University of Innsbruck entered the Society of Jesus in 1946 and obtained his qualifications in Philosophy and Theology at various European universities He taught at Heythrop College Oxon and the University of London

before his call to the University of Innsbruck in 1976 In 1996 he became Professor Emeritus of the chair of Dogmatic and Ecumenical Theology Since then he has been Parish Priest within the diocese of Tyrol Austria *The Past, Present, and Future of Theologies of Interreligious Dialogue* Terrence Merrigan, John Friday, 2017-03-17 The Past Present and Future of Theology of Interreligious Dialogue brings together several of the most widely regarded specialists who have contributed to theological reflection on religious diversity and interreligious encounter The chapters are united by the consistent theme of the obligation to engage with the challenges that emerge from the tension between the doctrinal traditions of Christianity and the need to reconsider them in light of and in response to the fact of religious otherness As a whole these reflections are motivated by the desire to bring together a significant selection of different theological approaches that have been developed and appropriated in order to engage with religious difference in the past and present as well as to suggest possibilities for the future This confluence of perspectives reveals the complexity of theological reflection on religious diversity and gives some indication of future challenges that must be acknowledged and perhaps successfully met in the ongoing attempt to address a universal reality in light of traditional doctrinal particularities and cultural concerns **Connections: A**
