Jews Among Arabs Contacts And Boundaries:

Jews Among Arabs Mark R. Cohen, 1989-01-01 During two days in May 1986 some fifty scholars graduate students and other interested individuals gathered at Princeton University for a colloquium entitled Jews Among Arabs Contacts and Boundaries The conference was organised in awareness of the controversial tone in which the subject of Jews and Arabs has been discussed in recent years Against the backdrop of the Arab Israeli conflict the Jewish Arab relationship of the past has come under new and intense scrutiny with historical questions often masking political predilections The six papers of this book comprise the fruits of the colloquium and it is hoped make a qualitative though small contribution to a different kind of study of Jewish Arab relations in the modern world one that might be relevant for other minorities as well *The Arab Jews* Yehouda A. Shenhav, 2006 This book is about the social history of the Arab Jews Jews living in Arab countries against the backdrop of Zionist nationalism By using the term Arab Jews rather than Mizrahim which literally means Orientals the book challenges the binary opposition between Arabs and Jews in Zionist discourse a dichotomy that renders the linking of Arabs and Jews in this way inconceivable It also situates the study of the relationships between Mizrahi Jews and Ashkenazi Jews in the context of early colonial encounters between the Arab Jews and the European Zionist emissaries prior to the establishment of the state of Israel and outside Palestine It argues that these relationships were reproduced upon the arrival of the Arab Jews to Israel The book also provides a new prism for understanding the intricate relationships between the Arab Jews and the Palestinian refugees of 1948 a link that is usually obscured or omitted by studies that are informed by Zionist historiography Finally the book uses the history of the Arab Jews to transcend the assumptions necessitated by the Zionist perspective and to open the door for a perspective that sheds new light on the basic assumptions upon which Zionism was founded *The Jews of the Middle East and North Africa* Reeva Spector Simon, 2019-09-20 Incorporating published and archival material this volume fills an important gap in the history of the Jewish experience during World War II describing how the war affected Jews living along the southern rim of the Mediterranean and the Levant from Morocco to Iran Surviving the Nazi slaughter did not mean that Jews living in the Middle East and North Africa were unaffected by the war there was constant anti Semitic propaganda and general economic deprivation communities were bombed and Jews suffered because of the anti Semitic Vichy regulations that left them unemployed homeless and subject to forced labor and deportation to labor camps Nevertheless they fought for the Allies and assisted the Americans and the British in the invasion of North Africa These men and women were community leaders and average people who despite their dire economic circumstances worked with the refugees attempting to escape the Nazis via North Africa Turkey or Iran and connected with international aid agencies during and after the war By 1945 no Jewish community had been left untouched and many were financially decimated a situation that would have serious repercussions on the future of Jews in the region Covering the entire Middle East and North Africa region this book on World War II is a key resource for students scholars and general readers interested

Iraqi Arab Nationalism Peter Wien, 2008-02-22 Peter Wien presents a provocative discussion on the history of Iraq and the growth of nationalism during the 1930s and early 1940s He deconstructs the established view that a large proportion of the nationalist movement in Iraq during this period was heavily influenced by Nazi Germany arguing that the admiration for Germany was highly nuanced and only rarely translated into admiration for Nazism National unity and patriotism were important but models of leadership were overwhelmingly based on Iraqis and not Hitler Analyzing the activities of the Iraqi youth and Jewish Iraqis Iraqi Arab Nationalism gives an understanding of Iraqis from diverse

backgrounds It incorporates source material not previously used in discussions of Iraq and nationalism and contains autobiographical and biographical material from officers intellectuals and politicians along with contemporary journalistic writings which sheds new light on Iraqi nationalism **After Jews and Arabs** Ammiel Alcalay,1993 *Israeli Identity* David Tal,2013-07-18 For many years before and after the establishment of the state of Israel the belief that Israel is a western state remained unchallenged This belief was founded on the predominantly western composition of the pre statehood Jewish community known as the Yishuv The relatively homogenous membership of Israeli Jewish society as it then existed was soon altered with the arrival of hundreds of thousands of Jewish immigrants from Middle Eastern countries during the early years of statehood Seeking to retain the western character of the Jewish state the Israeli government initiated a massive acculturation project aimed at westernizing the newcomers More recently scholars and intellectuals began to question the validity and logic of that campaign With the emergence of new forms of identity or identities two central questions emerged to what extent can we accept the ways in which people define themselves And on a more fundamental level what weight should we give to the ways in which people define themselves This book suggests ways of tackling these questions and provides varying perspectives on identity put forward by scholars interested in the changing nature of Israeli identity Their observations and conclusions are not exclusive but inclusive suggesting that there cannot be one single Israeli identity but several Tackling the issue of identity this multidisciplinary approach is an important contribution to existing literature and will be invaluable for scholars and students interested in cultural studies Israel and the wider Middle East **Jewish and Greek Communities in Egypt** Najat Abdulhaq,2016-02-18 In the years following Nasser s rise to power the demographic landscape and the economy of Egypt underwent a profound change Related to the migration of diverse communities that had a distinguished role in Egyptian economy from Egypt these shifts have mostly been discussed in the light of postcolonial studies and the nationalisation policies in the wider region Najat Abdulhaq focuses instead on the role that these minorities had in the economy of pre Nasser Egypt and by giving special attention to the Jewish and Greek communities residing in Egypt investigates the dynamics of minorities involved in entrepreneurship and business With rigorous analysis of the types of companies that were set up Abdulhaq draws out the changes which were occurring in the political and social sphere at the time This book whilst primarily focused on the economic activities of these two minority communities has implications for an understanding analysis of the political the juridical the intellectual and the cultural trends at the time It thus offers vital analysis for those examining the economic history of Egypt as well as the political and cultural transformations of the twentieth century in the region *Edward Said* Debjani Ganguly,Ned Curthoys,2015-03-25 This collection is an enterprise of discovery and critical inquiry into the legacy of one of late modernity s greatest public intellectuals Edward Said Noted contributors including Bill Ashcroft John Docker Lisa Lowe Hsu ming Teo and Patrick Wolfe address an array of intellectual political and cultural issues in their engagement with Said s oeuvre Exciting new scholarship

highlights the ways in which humanities in the twenty first century can engage with Said's legacy which includes his imbrications of culture and imperialism his cosmopolitan critique of the idea of clash of civilisations and his belief that the intellectual needs to maintain intellectual performances on many fronts The individual chapters achieve a sense of balance between the two poles of Said's persona the brilliant and intimidating literary and music critic who invested deeply in an inclusive and democratic vision of humanism and the outspoken public intellectual who kept alive the truth of Palestine and the dangers of a settler colonial ethos

Revisioning Ritual Simon J. Bronner, 2011-09-30 A fascinating analysis of how the study of ritual is critical to illuminating what is Jewish about Jewishness

Jewish and Non-Jewish Creators of "Jewish" Languages Paul Wexler, 2006 The present volume brings together 34 articles that were published between 1964 and 2003 on Judaized forms of Arabic Chinese German Greek Persian Portuguese Slavic including Modern Hebrew and Yiddish two Slavic languages relexified to Hebrew and German respectively Spanish and Semitic Hebrew including Ladino the Ibero Romance relexification of Biblical Hebrew and Karaite The motivations for reissuing these articles are the convenience of having thematically similar topics appear together in the same venue and the need to update the interpretations many of which have radically changed over the years As explained in a lengthy new preface and in notes added to the articles themselves the impetus to create strikingly unique Jewish ethnolinguistics comes not so much from the creativity of the Jews but rather from non Jewish converts to Judaism in search often via relexification of a unique linguistic analogue to their new ethnoreligious identity The volume should be of interest to students of relexification of the Judaization of non Jewish languages and of these specific languages
