Jews And Divorce:

Jews and Divorce Jacob Freid, 1968 **Marriage, Divorce, and the Abandoned Wife in Jewish Law** Michael J. Broyde, 2001 One of the most vexing problems to confront American Orthodox Jewry is where a wife is abandoned by her husband who refuses to give her a Jewish divorce This work seeks to explain the agunah problem in the United States It notes that the contemporary agunah problem in America is radically different than that of contemporary Israel and completely different than the talmudic agunah problem The thesis of this book is that the agunah problem in contemporary America is part of a more general dispute in classical Jewish law as to when marriage should end Thus this book surveys how Jewish law seeks to respond to the consent of the other party or without a finding of fault It concludes by noting that prenuptial agreements can successfully address the agunah problem in the United States since they provide a way for couples to create an image of marriage and divorce by which they can agree to live Michael J Broyde is an Associate Professor of Law at Emory University and the Academic Director of Law and Religion Program at Emory University He is a member dayan in the Beth Din of America and was the director of that Beth Din while on sabbatical from Emory In addition he is the founding rabbi of the Young Israel synagogue in Atlanta Professor Broyde is the author of *The Pursuit of Justice in Jewish Law* and co author of *Human Rights in Judaism* Amazon com **The Jewish Law of Divorce According to Bible and Talmud with Some Reference to Its Development in Post-Talmudic Times** David Werner Amram, 1896

Marriage and Divorce in a Multi-Cultural Context Joel A. Nichols, 2011-10-31 American family law makes two key assumptions first that the civil state possesses sole authority over marriage and divorce and second that the civil law may contain only one regulatory regime for such matters These assumptions run counter to the multicultural and religiously plural nature of our society This book elaborates how those assumptions are descriptively incorrect and it begins an important conversation about whether more pluralism in family law is normatively desirable For example may couples rely upon religious tribunals Jewish Muslim or otherwise to decide family law disputes May couples opt into stricter divorce rules either through premarital contracts or covenant

marriages How should the state respond Intentionally interdisciplinary and international in scope this volume contains contributions from fourteen leading scholars The authors address the provocative question of whether the state must consider sharing its jurisdictional authority with other groups in family law

Women and Jewish Divorce Rabbi Shlomo Riskin, Can women faced with an intolerable marital situation initiate divorce in Jewish law Not for the last seven centuries But this was not always so and in this trailblazing book Rabbi Riskin argues that there are ways in which women can start divorce proceedings Since the twelfth century Halakhic decisors have ruled that a Jewish woman may not institute a legal action for divorce in rabbinic courts That law is in effect today in Orthodox Judaism The thesis of this work is that Rabbenu Tam's was a minority opinion and that the mechanism for permitting wives to initiate and carry through divorce proceedings exists if we are willing to use it Such a mechanism may also provide a solution to one of the most tragic and vexing problems of modern Orthodox family life the plight of those thousands of women whose husbands refuse them a religious divorce though they themselves have remarried after receiving a civil decree In an appendix Rabbi Riskin presents his version of a premarital agreement designed to prevent this situation from occurring
