## **Jfk Assassination The Facts And The Theories:**

The JFK Assassination Carl Oglesby, 1992      *JFK - The Conspiracy and Truth Behind the Assassination* John Hughes-Wilson, 2013-11-04 Ever since President John F Kennedy was gunned down in Dallas fifty years ago various theories have swirled around what was a key event in American and world history JFK's death affected the Cold War Vietnam and the economic and social history of the United States Whatever the conclusions of the US official Warren Report that the President had been assassinated by a lone gunman Lee Harvey Oswald many people doubt that to be true Indeed President Nixon later admitted on tape that the report was a hoax committed on the American people John Hughes Wilson a former colonel in British Intelligence set out in 2007 to go through the millions of words and thousands of pieces of evidence to put together an intelligence jigsaw of what really happened that dreadful high noon in Dallas in 1963 The result is a dramatic exposure of what really happened and a clear indication that while some of the pieces of that jigsaw may be missing the truth is emerging While the US Federal Archive still keeps a million documents relating to the case under lock and key he has uncovered enough information available for us now to see the overall picture It is beyond reasonable doubt that Jack Kennedy was the victim of a plot to remove the President of the United States John Hughes Wilson highlights the facts behind The myth of Camelot Jack Kennedy's insatiable sex life Why Marilyn Monroe had to be silenced How the President was blackmailed by J Edgar Hoover LBJ's corrupt and murderous secrets How the Kennedys secretly planned a coup in Cuba How a hero of the revolution wanted to work for the CIA Why Israel and the White House were openly at loggerheads M How the Mafia manipulated politicians and the CIA Rogue elements in the CIA How the assassination was covered up and why What the KGB discovered Reading this book no one can be in any doubt that JFK's life was not at the hands of a lone deranged gunman but a deadly plot to remove a President who threatened vested interests at home and abroad      **Honest Answers about the Murder of President John F. Kennedy** Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject      JFK's Death and the Kabbalah Joseph Scovitch, 2009 Basic psycho pop retelling of the JFK Dallas story of 1963 We find here strong emphasis on alternative aspects and elements of the Sefirotic Kabbalah mystic esoterica meta history crypto spiritualism quasi eidetic imagery secret arcane formula and related akashic trivia A remarkable and unforgettable reading assignment and literary investigation with many

**The John F. Kennedy Assassination** Joseph Stanley, 2017-07-15

The assassination of President John F Kennedy was a horrific event that stunned the world and left Americans deeply shaken. There are many conspiracy theories surrounding this crime and its aftermath but readers will discover the facts as they take a closer look at the shooting and the events that followed with the help of fact boxes, detailed sidebars and primary source photographs. Essential historical information is presented in an engaging way as common facts taught in history classes share space with gripping details of the investigation of one of the most infamous crimes of the 20th century. **Jfk Assassination**

**Eyewitness: Rush to Conspiracy** Anita Dickason, 2013-11-01 On November 22, 1963, Lee Bowers Jr became a key witness to the assassination of President John F Kennedy. Less than three years later he was killed in a car accident twenty-seven miles south of Dallas near Midlothian, Texas, under mysterious circumstances. Was it just a simple car accident or was Bowers killed because of what he saw on the day President Kennedy was shot and killed? In *JFK Assassination Eyewitness: Rush to Conspiracy*, author Anita Dickason, a retired accident investigator, provides a step-by-step look into the progression of the research and analysis of the accident details, treating the matter as a cold case investigation. She shares how questions regarding Bowers' death have added fuel to the JFK conspiracy theories in this decades-old Texas mystery.

*JFK Assassination Eyewitness: Rush to Conspiracy* examines the details of Bowers' mysterious accident while providing a look into Texas history. Dickason's findings offer an unexpected twist in the aftermath of the events of Lee Bowers' death. **Undeniable Truths** Ed Souza, 2014-08 Since we forget the implications of the assassination of President John F Kennedy at our peril, I welcome and support the recent work of Ed Souza's *Undeniable Truths*. Welcome aboard Mr Souza, Mark Lane, author of *Rush to Judgment*. To many, the murder of President John F Kennedy was the defining tragedy of the twentieth century. To many, the intricate and pervasive veil of lies generated by the Warren Commission and some of our own government agencies is an egregious and continuing insult to our collective intelligence, integrity and dignity. To many, there are more questions than plausible answers. But for one former LA cop, private investigator and professor of criminal justice, the time has come to put forth the clear and plausible answers too many have craved for too long. In *Undeniable Truths*, Professor Ed Souza applies modern investigative techniques and theories to present the clear and simple facts surrounding this infamous murder. His approach exposes the lies, cover-ups and misinformation involved in this case. He explores some of the murder's most enduring mysteries: Why was President Kennedy really murdered? Who really did and did not want Kennedy eliminated? Why and how was Oswald chosen as the scapegoat? Through the use of time-tested police strategies, the author puts decades of professional research to the task of solving one of history's most enduring unsolved crimes. **Why the JFK Assassination Still**

**Matters** Richard Buyer, 2009 We live in a great country. Yet we must have faith and trust in our government or we cannot succeed. On the other hand, the government must also believe in its own people. Both factions must tell the truth. For this reason, the JFK assassination still matters. History cannot be replayed but it can be rewritten. Why read another book about

the JFK assassination It s simple the major crime of the twentieth century remains unsolved Although the assassination of President John F Kennedy happened in 1963 the reverberations of this horrific event are still felt today Discrepancies and questions about the assassination remain unanswered Was there a conspiracy behind the assassination If so who was involved Why the JFK Assassination Still Matters discusses new ideas showing Lee Harvey Oswald never fired a shot at the president The Warren Commission was a hoax and the single bullet theory was physiologically impossible Strange bedfellows emerged when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba About the Author Dr Richard Buyer has been practicing medicine for over thirty five years The assassination of President John F Kennedy was probably the greatest tragedy he has personally experienced He wrote this book to help his children learn the truth behind this horrific event His daughter Kennedy happened to be born on the anniversary of the assassination It is Dr Buyer s goal that all children as well as adults will finally learn the truth about the assassination     Norman Mailer: A Double Life J.
