Jihad And Shahadat Struggle And Martyrdom In Islam:

Jihād and Shahādāt Maḥmūd Ṭāliqānī, 1979 **Jihād and Shahādāt** Maḥmūd Ṭāliqānī, Murtaẓá Muṭahhari, 'Alī Sharī'atī, 1986 Encyclopedia of Islam Juan Eduardo Campo, 2009 Explores the terms concepts personalities historical events and institutions that helped shape the history of this religion and the way it is practiced today Martyrdom and Sacrifice in Islam Meir Hatina, 2016-11-14 Over the years the belief system around self sacrifice has become key to understanding the Middle East and its political relationships with the West although much of the literature and conversation has been restricted to modern concepts of jihadism The recent spate of scholarship relating to suicide bombers and jihadists studies these concepts without a broader understanding of the principle of martyrdom This book expands on the chronology of self sacrifice within Islam and contextualises the use of suicide bombings using details of the rise of martyrdom in places such as Iraq Lebanon Chechnya and Pakistan It historicises the background in which jihad has been glorified while also exploring contemporary methods of recruitment like the use of the internet The authors pay close attention to the different sects and factions of Islam and the differing interpretations of jihad that accompany these ideologies In the current political climate a book that explores martyrdom within the framework of historical perspectives geographical regions and the influence of outside cultures is essential **Martyrdom in Modern Islam** Meir Hatina, 2014-04-28 The Islamic resurgence in modern times has received extensive treatment in scholarly literature Most of this literature however deals with the concept of jihad and disputes between radicals and their rivals over theological and political issues and far less with martyrdom and death Moreover studies that do address the issue of martyrdom focus mainly on suicide attacks a phenomenon of the late twentieth century and onward without sufficiently placing them within a historical perspective or using an integrative approach to illuminate their political social and symbolic features This book fills these lacunae by tracing the evolving Islamic perceptions of martyrdom its political and symbolic functions and its use of past legacies in both Sunni and Shi i milieus with comparative references to Judaism Christianity and other non Islamic domains Based on wide ranging primary sources along with historical and sociological literature the study provides an in depth analysis of modern Islamic martyrdom and its various interpretations while also evaluating the historical realities in which such interpretations were molded and debated *Martyrdom and Terrorism* Dominic Janes, Alex Houen, 2014-05-01 In recent years terrorism has become closely associated with martyrdom in the minds of many terrorists and in the view of nations around the world In Islam martyrdom is mostly conceived as bearing witness to faith and God Martyrdom is also central to the Christian tradition not only in the form of Christ s Passion or saints faced with persecution and death but in the duty to lead a good and charitable life In both religions the association of religious martyrdom with political terror has a long and difficult history The essays of this volume illuminate this history following for example Christian martyrdom from its origins in the Roman world to the experience of the deaths of terrorist leaders of the French Revolution to parallels in the contemporary world and

explore historical parallels among Islamic Christian and secular traditions Featuring essays from eminent scholars in a wide range of disciplines Martyrdom and Terrorism provides a timely comparative history of the practices and discourses of terrorism and martyrdom from antiquity to the twenty first century Martyrdom in Islam David Cook,2007-01-15 A fascinating history of the role of martyrdom in the Muslim faith *Collectivity in Struggle* Shaul Setter,2021-01-15 We live in a neoliberal regime that works to dismantle social institutions and eradicate forms of collective gathering Over and against this state of affairs *Collectivity in Struggle* revisits a crucial moment in recent history when the formation of collectivity sat at the heart of a radical emancipatory struggle and called for a creative endeavor both artistic and political The book examines two projects developed in the 1970s vis vis the Palestinian revolt Jean Luc Godard s cinematic engagement with the Palestinian forces and Jean Genet s textual enterprise alongside them Through an inverse reading that uncovers from the seemingly discrete and finalized artworks Godard s film or Genet s book the process of their becoming Shaul Setter explores the ways in which these projects portray and conceptualize the revolutionary stage of the Palestinian revolt its abrupt end and two different modes of prolonging it Concentrating on their formal experimentation their potentiality for collective enunciation their conflicted positioning on the threshold of colonial European culture and the hidden Semitic languages inscribed in them Setter claims that these two projects insist on the writerly aspects of revolutionary political action **The Making of Martyrdom in Modern Twelver Shi'ism** Adel Hashemi,2022-02-24 In Twelver Shi a Islam the wait for the return of the Twelfth Imam Muhammad ibn al Hasan al Mahdi at the end of time overshadowed the value of actively seeking martyrdom However what is the place of martyrdom in Twelver Shi ism today This book shows that the Islamic revolution in Iran resulted in the marriage of Shi i messianism and extreme political activism changing the mindset of the Shi a worldwide Suddenly each drop of martyrs blood brought the return of al Mahdi one step closer and the Islamic Republic of Iran supposedly became the prelude to the foretold world revolution of al Mahdi Adel Hashemi traces the unexplored area of Shi i discourse on martyrdom from the 1979 revolution when the Islamic Republic s leaders cultivated the culture of martyrdom to topple the Shah s regime to the dramatic shift in the understanding of martyrdom today Also included are the reaction to the Syrian crisis the region s war with ISIS and other Salafi groups and the renewed commitment to the defense of shrines This book shows the striking shifts in the meaning of martyrdom in Shi ism revealing the real relevance of the concept to the present day Muslim world *Islam, Democracy and Religious Modernism in Iran, 1953-2000* Forough Jahanbakhsh,2001-01-01 This book discusses the general problematic of Islam and democracy and the ideas of certain Iranian religious modernists on the issue Examining the development of religious intellectualism in post revolutionary Iran it presents Abdolkarim Soroush s novel approach to this pertinent topic *The New Era of Terrorism* Gus Martin,2004-02-27 September 11 2001 affected every sector of society in the United States In order to restore the nation s sense of well being a new Department of Homeland Security was implemented and new legislation such as the USA Patriot Act was established

Internationally governments cooperated to disrupt terrorist cells as part of a global effort to break up extremist networks signifying a new era of terrorism

The New Era of Terrorism Selected Readings is a collection of edited articles on policy issues that have emerged since the terrorist attacks of September 11 2001 as well as relevant events that immediately preceded the attacks The compelling articles in this reader are from reputable journals and magazines such as *The Atlantic Monthly* and *The New Republic* and have been written by renowned scholars in the field of terrorism Editor Gus Martin provides an introduction to each chapter that summarizes the major issues and topics covered within the chapter Features of this text

- Examines terrorism in the modern era and offers expert analysis of the post September 11 2001 environment
- Delivers a current perspective on terrorism and examines the challenges that must be dealt with by the United States and nation states around the world
- Develops topics logically by incrementally building upon concepts covered in previous chapters
- Stimulates critical thinking by presenting provocative articles and essays taken from respected publications and providing recommended readings for further discussion

The New Era of Terrorism is an excellent supplement to Gus Martin's *Understanding Terrorism Challenges Perspectives and Issues* 2003 or any other terrorism textbook This anthology is recommended for advanced undergraduate and graduate students studying terrorism homeland security political conflict social movements criminal justice issues and law enforcement It can be used in a wide range of courses in the fields of Administration of Justice Political Science Criminal Justice Sociology and Public Administration

The Twelver Shia in Modern Times Werner Ende, Rainer Brunner, 2021-07-26 This volume grown out of an international conference at Freiburg University in 1999 deals with various aspects of Shiite Islam since the 18th century It is divided into two major parts the first of which is dedicated to traditional institutions of theology and learning and their transformation in modern times The second part treats internal debates and the activities of Shiite dissidents showing that Shiism is far from being uniform Ideological and political developments in the 20th century and especially the Islamic Revolution in Iran have shaped the image of modern Shiism more than any other tendencies and are therefore also discussed in greater detail in Parts three and four This book reflects the state of the art in this field of Islamic studies its 21 contributions covering three centuries and a vast geographical range

Extreme Islam Adam Parfrey, 2015-03-23 Documentation from the self proclaimed enemies of the West

Issues in Islamic Law Mashood A. Baderin, 2017-07-05 Islamic substantive law otherwise called branches of the law *furu al fiqh* covers the textual provisions and jurisprudential rulings relating to specific transactions under Islamic law It is to Islamic substantive law that the rules of Islamic legal theory are applied The relationship between Islamic legal theory and Islamic substantive law is metaphorically described by Islamic jurists as a process of cultivation *istithmar* whereby the qualified jurist *mujtahid* as the cultivator uses relevant rules of legal theory to harvest the substantive law on specific issues in form of fruits *thamarat* from the sources The articles in this volume engage critically with selected substantive issues in Islamic law including family law law of inheritance law of financial transactions criminal law judicial procedure and

international law al siyar These areas of substantive law have been selected due to their contemporary relevance and application in different parts of the Muslim world today The volume features an introductory overview of the subject as well as a comprehensive bibliography to aid further research **Standing on an Isthmus** Ayse S. Kadayifci,2007-01-01

Standing on an Isthmus examines how religious beliefs commitments and traditions shape social action such as promoting either violent or peaceful behavior by analyzing different Islamic interpretations of war and peace in Palestine and seeks to answer the question What is the best strategy to empower those groups and individuals that support a nonviolent Islamic approach to actively pursue a just peace for all parties involved **Alef Is for Allah** Jamal J. Elias,2018-03-27

Alef Is for Allah is the first groundbreaking study of the emotional space occupied by children in modern Islamic societies Focusing primarily on visual representations of children from modern Turkey Iran and Pakistan the book examines these materials to investigate concepts such as innocence cuteness gender virtue and devotion as well as community nationhood violence and sacrifice In addition to exploring a subject that has never been studied comparatively before Alef Is for Allah extends the boundaries of scholarship on emotion religion and visual culture and provides unique insight into Islam as it is lived and experienced in the modern world **Just Intervention** Anthony F. LangJr.,2003-12-01

What obligations do nations have to protect citizens of other nations As responsibility to our fellow human beings and to the stability of civilization over many years has ripened fully into a concept of a just war it follows naturally that the time has come to fill in the outlines of the realities and boundaries of what constitutes just humanitarian intervention Even before the world changed radically on September 11 policymakers scholars and activists were engaging in debates on this nettlesome issue following that date sovereignty human rights and intervention took on fine new distinctions and questions arose Should sovereignty prevent outside agents from interfering in the affairs of a state What moral weight should we give to sovereignty and national borders Do humanitarian emergencies justify the use of military force Can the military be used for actions other than waging war Can national interest justify intervention Should we kill in order to save These are profound and troubling questions and questions that the distinguished contributors of Just Intervention probe in all their complicated dimensions Sohail Hashmi analyzes how Islamic tradition and Islamic states understand humanitarian intervention Thomas Weiss strongly advocates the use of military force for humanitarian purposes in Yugoslavia Martin Cook Richard Caplan and Julie Mertus query the use of force in Kosovo Michael Barnett drawing on his experience in the United Nations while it debated how best to respond to Rwandan genocide discusses how international organizations may become hamstrung in the ability to use force due to bureaucratic inertia and Anthony Lang ably envelopes these and other complex issues with a deft hand and contextual insight Highlighting some of the most significant issues in regard to humanitarian intervention Just Intervention braves the treacherous moral landscape that now faces an increasingly unstable world These contributions will help us make our way

Autocracy, Modernization, and Revolution in Russia and Iran Tim McDaniel,2014-07-14 What did the Russian

revolution of 1917 and the Iranian revolution of 1978 1979 share besides their drama How can we compare a revolution led by Lenin with one inspired by Khomeini How is a revolution based primarily on the urban working class similar to one founded to a significant degree on traditional groups like the bazaaris small craftsmen and religious students and preachers Identifying a distinctive route to modernity autocratic modernization Tim McDaniel explores the dilemmas inherent in the efforts of autocratic monarchies in Russia and Iran to transform their countries into modern industrial societies Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Unholy War John L. Esposito, 2003-11-13 The September 11 attacks on the World Trade Center and the Pentagon left us stunned angry and uncomprehending As it became clear that these horrifying acts had been committed in the name of religion the media the government and ordinary citizens alike sought answers to questions about Islam and its adherents In this level headed and authoritative book John L Esposito one of the world s most respected scholars of political Islam provides answers He clearly and carefully explains the teachings of Islam the Quran the example of the Prophet Islamic law about jihad or holy war the use of violence and terrorism He chronicles the rise of extremist groups and examines their frightening worldview and tactics Anti Americanism and anti Europeanism he shows is a broad based phenomenon that cuts across Arab and Muslim societies It is not just driven by religious zealotry but by frustration and anger at U S policy It is vital to understand however that the vast majority of Muslims are appalled by the acts of violence committed in the name of their faith It is essential that we distinguish between the religion of Islam and the actions of extremists like Osama bin Laden who hijack Islamic discourse and belief to justify their acts of terrorism This brief clear sighted book reflects twenty years of study reflection and experience on the part of a scholar who is equally respected in the West and in the Muslim world It will prove to be the best single guide to the urgent questions that have recently forced themselves on the attention of the entire world
