Garlen, Anissa M. Graham, 2014-01-10 By the end of its five year run on television The Muppet Show had transformed its motley cast from fistfuls of felt to multi media celebrities Sophisticated and highly individuated each of the Muppets embodied a conventional character type from classic television comedy Kermit functioned as straight man to the majority of the show's jokes Miss Piggy the resident diva evolved from first season chorus girl to full fledged megastar A Costello to Kermit's Abbot Fozzie peddled his vaudevillian shtick to a tough audience but his genuine sweetness made him

lovable even when his jokes were lame These essays represent the work and ideas of a global community of scholars and Muppet enthusiasts providing a unique perspective on just how Kermit and the rest of the frogs dogs bears and chickens became cultural icons with influences reaching far beyond the world of 1970s television comedy **Jim Henson's Muppets in Piggy Isn't Talking** Andrew Gutelle, Jim Henson, 1992 This series will help children learn about values such as honesty friendship sharing responsibility love and self esteem *Imagination Illustrated* Karen Falk, 2012-11-07 Compiled directly from The Jim Henson Company archives *Imagination Illustrated* adapts the diary that Jim faithfully kept throughout his career supplementing it with a trove of little seen visual material including rare sketches personal and production photographs storyboards doodles and much more Throughout archivist Karen Falk delves into the behind the scenes details of Henson's life and his artistic process P 4 of cover **The Movie Guide** James Monaco, 1992 From *The Big Sleep* to *Babette's Feast* from *Lawrence of Arabia* to *Drugstore Cowboy* *The Movie Guide* offers the inside word on 3 500 of the best motion pictures ever made James Monaco is the president and founder of *BASELINE* the world's leading supplier of information to the film and television industries Among his previous books are *The Encyclopedia of Film* *American Film Now* and *How to Read a Film* **The Art of Illusion** Terry Ackland-Snow, Wendy Laybourn, 2017-09-30 Film production is a highly creative and collaborative industry full of multi skilled artists and craftsmen The fast moving pace of technology makes it hard to keep abreast of current practices in production design However the ethos and skills behind filmmaking remain the same In *The Art of Illusion* renowned Art Director Terry Ackland Snow shares his passion and knowledge of traditional film design from over fifty years of industry experience using real life case studies from some of the UK's most iconic films including *Batman* *Labyrinth* the James Bond franchise and *The Deep* Featuring over 100 original sketches as well as rare behind the scenes photographs storyboards and artwork this book is exquisitely illustrated throughout demonstrating the skills and techniques of film design with stunning intricacy *Jim Henson* Brian Jay Jones, 2016-05-10 *NEW YORK TIMES BESTSELLER* For the first time ever a comprehensive biography of one of the twentieth century's most innovative creative artists the incomparable irreplaceable Jim Henson He was a gentle dreamer whose genial bearded visage was recognized around the world but most people got to know him only through the iconic characters born of his fertile imagination Kermit the Frog Bert and Ernie Miss Piggy Big Bird *The Muppets* made Jim Henson a household name but they were just part of his remarkable story This extraordinary biography written with the generous cooperation of the Henson family covers the full arc of Henson's all too brief life from his childhood in Leland Mississippi through the years of burgeoning fame in America to the decade of international celebrity that preceded his untimely death at age fifty three Drawing on hundreds of hours of new interviews with Henson's family friends and closest collaborators as well as unprecedented access to private family and company archives Brian Jay Jones explores the creation of the Muppets Henson's contributions to *Sesame Street* and *Saturday Night Live* and his nearly ten year campaign to bring *The Muppet Show* to television Jones provides the imaginative

context for Henson's non Muppet projects including the richly imagined worlds of *The Dark Crystal* and *Labyrinth* as well as fascinating misfires like Henson's dream of opening an inflatable psychedelic nightclub. An uncommonly intimate portrait, Jim Henson captures all the facets of this American original: the master craftsman who revolutionized the presentation of puppets on television; the savvy businessman whose dealmaking prowess won him a reputation as the new Walt Disney; and the creative team leader whose collaborative ethos earned him the undying loyalty of everyone who worked for him. Here also is insight into Henson's intensely private personal life: his Christian Science upbringing, his love of fast cars and expensive art, and his weakness for women. Though an optimist by nature, Henson was haunted by the notion that he would not have time to do all the things he wanted to do in life, a fear that his heartbreaking final hours would prove all too well founded. An up-close look at the charmed life of a legend, Jim Henson gives the full measure to a man whose joyful genius transcended age, language, geography, and culture and continues to beguile audiences worldwide.
