In Search of the Silk King Maya Herman, 2005-08-24 Maya Herman In Search of The Silk King A Novel

Among many stories I heard in Southeast Asia the most fascinating is the story of the legendary American silk king of Thailand Jim Thompson It is as mysterious as Asia itself The name Jim Thompson seemed to follow me from the first moment I arrived in Bangkok The more stories and rumors I heard the more I became fascinated by them They had all the ingredients of a good novel or a major movie romance mystery glamour exotic locations and more The legend of the silk king and his disappearance remains as mysterious today as it was in 1967 No clues were ever found Only unanswered questions remained Using poetic license I decided to write a novel that might answer some of them As such the novel is very loosely and only in part based on the real life of Jim Thompson as I learned of it primarily through living in Bangkok traveling extensively throughout Southeast Asia and writing about it in my book of travel essays The Jade Window Bangkok 1998 It is also in part based on the information I gathered in my research from the newspaper articles on Thompson William Warren s indispensable biography of him on the interviews with Warren and Henry Thompson through Alexander Macdonald s notes and OSS archives for all of which I am immensely grateful Still my Jim Thompson is not a historic but a fictional character In Search of The Silk King is a work of fiction written in many voices that are tempered with the measure of truth Any errors biographical historical intended or otherwise are solely mine This is the story of an adventure told in hero s voice and in various voices of the people who knew him It is also the story of his life that had the sweep of a historical romance and the power of a heroic quest As Jim Thompson s absorbing tale unfolds the reader discovers what happened after his disappearance how he succeeded and suffered and eventually found the truth It is a novel of suspense of fate and love lost and found The Jim Thompson of my novel thinks of himself as an ordinary man in extraordinary circumstances There are on the tapes he sent from his after life in exile to a journalist friend his memories of the past his childhood desire to travel to exotic places of his first and greatest love of his marriage As a young man Jim went to New York and worked as an architect He met Vera a Russian ballerina and fell in love with her He gave her a brooch designed as a pair of ballet slippers made of emeralds and diamonds as a token of his great love When Vera decided to go back to her old lover she returned one of the two slippers Jim kept the slipper as the memento of his love that would prove to be fatal After the breakup Jim tried to find a new direction in life He married a woman he barely knew and enlisted in the Army This was his way of escaping the loss of his first great love that would mark his whole emotional life He went to Africa where he worked for the OSS with Maurice a half French half Laotian mystery man Not eager to return home Jim volunteered to go to Southeast Asia This was the real beginning of his journey He fell in love with Bangkok and wanted to stay there even after the war was over His wife Pat did not share his enthusiasm and agreed to a divorce Jim returned to Bangkok with a plan to renovate the Oriental hotel He did

not succeed in that but found his true vocation in a forgotten art of silk making Jim almost single handedly revived the Thai silk industry and became the most successful American businessman in Thailand There is a story about silk Jim s life seemed full He built a beautiful house and opened a new store He seemed to have finally found his fulfillment He had a beautiful young mistress Nicole and seemed

Counterheritage Denis Byrne,2014-04-16 The claim that heritage practice in Asia is Eurocentric may be well founded but the view that local people in Asia need to be educated by heritage practitioners and governments to properly conserve their heritage distracts from the responsibility of educating oneself about the local popular beliefs and practices which constitute the bedrock of most people s engagement with the material past Written by an archaeologist who has long had one foot in the field of heritage practice and another in the academic camp of archaeology and heritage studies *Counterheritage* is at once a forthright critique of current heritage practice in the Asian arena and a contribution to this project of self education Popular religion in Asia including popular Buddhism and Islam folk Catholicism and Chinese deity cults has a constituency that accounts for a majority of Asia s population making its exclusion from heritage processes an issue of social justice but more pragmatically it explains why many heritage conservation programs fail to gain local traction This book describes how the tenets of popular religion affect building and renovation practices and describes how modernist attempts to suppress popular religion in Asia in the early and mid twentieth century impacted religious heritage Author Denis Byrne argues that the campaign by archaeologists and heritage professionals against the private collecting and looting of antiquities in Asia largely ignores the regimes of value which heritage discourse has helped erect and into which collectors and local diggers play Focussing on the Philippines Thailand and Taiwan but also referencing China and other parts of Southeast Asia richly detailed portraits are provided of the way people live with old things and are affected by them Narratives of the author s fieldwork are woven into arguments built upon an extensive and penetrating reading of the historical and anthropological literature The critical stance embodied in the title *counterheritage* is balanced by the optimism of the book s vision of a different practice of heritage advocating a view of heritage objects as vibrant agentic things enfolded in social practice rather than as inert and passive surfaces subject to conservation

Bickley,2009-12-14 The Education Service was a vital arm of the British Colonial Service while the British Council has been paramount in promoting the English language and culture overseas But are both agents of British colonialism and neo colonialism Or are both simply altruistic purveyors of language and culture to a wider world Verner Bickley as an Education Officer in the British Colonial Service and in the British Council provides the answer and shows that educational and cultural values were paramount and important in themselves and through the medium of the near global English language vitally important in both culture and technical training Life in overseas postings was set against a backdrop of turbulent international relations following World War II including service in the Royal Navy in India and Ceylon soon to become independent Sri Lanka Bickley was Education Officer in Singapore during the tumultuous 1950s at the time of the Malayan Emergency and in the lead up to independence in 1957 which he announced on Radio Malaya His service with the British Council began with a posting to Burma during the premiership of U Nu struggling with ethnic problems and to be ousted by military coup And during his time in Indonesia the British Embassy was burnt to the ground by rioters Later service was in Japan basking in its success as an emerging economic powerhouse This is an essentially warm and human story enlivened especially during the British Council period by a succession of diverse personalities including royalty British and Thai as well as writers like Anthony Burgess Graham Greene and Willis Hall and actors such as Donald Sinden Patrick Stewart and Max Adrian
