Jmsynge And The Western Mind Irish Literary Studies S

John Millington Synge

Jmsynge And The Western Mind Irish Literary Studies S:

J. M. Synge and the Western Mind Weldon Thornton, 1979 LITERATURE CRITICISM MEMOIRS LETTERS IRISH

Critical Essays on John Millington Synge Daniel J. Casey, 1994 An introduction by the editor precedes 17 essays some previously published others commissioned for the series on the writer best known for *Playboy of the Western World* Annotation copyright by Book News Inc Portland OR *Assessing the Achievement of J. M. Synge* Alexander G. Gonzalez, 1996-11 Though J M Synge is considered a major figure of Irish drama and an important canonical playwright he is the subject of fewer and fewer books and conference sessions In this volume chapters by expert contributors confront the possibility that Synge s reputation may not be standing the test of time The chapters reaffirm the relevance of Synge s plays to contemporary audiences and readers and invite a reassessment of his apparently declining popularity Comparisons of Synge s work to that of other authors reinforce the argument in favor of his continuing relevance J M Synge is generally considered one of the most important Irish dramatists and his standing within the larger canon of world literature usually goes unchallenged But his reputation may not be standing the test of time A relative dearth of presentations on Synge s work at major national and international conferences and even at regional Irish studies conferences suggests that he is not studied as much as he once was especially relative to other Irish authors such as Joyce Yeats O Casey and even Paul Muldoon and Eavan Boland Tolerance for some of Synge s once hailed extravagance is also lessening among students of his drama The expert contributors of this book demonstrate that Synge s work is of continuing relevance to contemporary audiences and readers Each of its essays illuminates the worth of Synge s dramatic canon either by some form of reassessment of individual plays or by comparison of Synge s work to that of authors whose reputation is still indisputably well established such as Yeats or to that of contemporary authors whose work is much in the public eye such as Salman Rushdie New approaches including a feminist study of the language of Synge s heroines also help establish the continued relevance of his drama to contemporary readers *Modern Irish Writers* Alexander G. Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world s greatest authors The Revival saw a reestablishment of Ireland s literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s

career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume **J. M. Synge and the Western Mind** Weldon Thornton,1979

The Playboy of the Western World and Other Plays J. M. Synge,2008-11-13 J M Synge was one of the key dramatists in the flourishing world of Irish literature at the turn of the century This volume offers all of Synge s plays which range from racy comedy to stark tragedy all sharing a memorable lyricism The introduction sets Synge s work in the context of the Irish literary movement with special attention to his role as one of the founders of the Abbey Theatre and his work alongside W B Yeats and Lady Gregory Includes *Riders to the Sea* *The Shadow of the Glen* *The Tinker s Wedding* *The Well of the Saints* *The Play of the Western World* *Deirdre of the Sorrows* **J. M. Synge** Seán Hewitt,2021-01-07 This book is a complete re assessment of the works of J M Synge one of Ireland s major playwrights The book offers the first complete consideration of all of Synge s major plays and prose works in nearly 30 years drawing on extensive archival research to offer innovative new readings Much work has been done in recent years to uncover Synge s modernity and to emphasise his political consciousness This book builds on this re assessment undertaking a full systematic exploration of Synge s published and unpublished works Tracing his journey from an early Romanticism through to the more combative modernism of his later work the book s innovative methodology treats text as process and considers Synge s reading materials his drafts letters diaries and journalism turning up exciting and unexpected revelations Thus Synge s engagement with occultism pantheism socialism Darwinism and even a late reaction against eugenic nationalisms are all brought into the critical discussion Breaking new ground in ascertaining the tenets of Synge s spirituality and his aesthetic and political idealization of harmony with nature the book also builds on new work in modernist studies arguing that Synge can be understood as a leftist modernist exhibiting many of the key concerns of early modernism but routing them through a socialist politics Thus this book is valuable not only to considerations of Synge and the Irish Revival but also to modernist studies more broadly

Riders to the Sea John Millington Synge,1998 Synge was one of the key dramatists in the world of Irish literature at the turn of the century This volume offers all of Synge s plays which range from racy comedy to stark tragedy all sharing a memorable lyricism The introduction places him in the context of the Irish literary movement *Edward Thomas and World Literary Studies* Andrew Webb,2013-07-15 This book uses models of world literature to present this quintessentially English writer as a pioneering figure in an Anglophone Welsh literary tradition a controversial reading that contributes to the present day reconfiguration of cultural relations between Wales England Scotland **Irish University Review** ,1994 *Working Papers in Irish Studies* ,1990 *Books Ireland* ,1995 **The Irish Language (RLE Linguistics E: Indo-European Linguistics)** John Edwards,2014-01-10 In compiling this bibliography the main purpose was to assemble references to published material of a sociolinguistic nature concerning the Irish language The intent was not to cover publications treating

language per se but rather to consider those dealing with language in its social context Represented here are articles chapters books and pamphlets bearing upon social historical psychological and educational aspects of Irish including the decline of the language the restoration effort the relationship of language to nationality and religion and studies of important figures in the language movement *Books in Print* ,1987 Routledge Library Editions: Linguistics Various,2021-12-02
Routledge Library Editions Linguistics brings together as one set mini sets or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from Applied Linguistics and Language Learning to Experimental Psycholinguistics and Sociolinguistics Today International Perspectives this set provides in one place a wealth of important reference sources from a wide range of authors expert in the field *Studies in the Literary Imagination* ,1981

Irish Studies Marti D. Lee,Ed Madden,2008 Highlighting the work of both established and emerging scholars in Irish studies this collection brings together fifteen essays working at the intersection of two important and developing fields of Irish studies gender studies and cultural geography Developed from papers first presented at a regional meeting of the American Conference for Irish Studies in South Carolina in 2006 not only does this work suggest the importance of linking gender and geography but it also suggests in the range of literary and historical topics the rich interdisciplinary nature of Irish studies at present Central to all of the essays is an attention to intersections of gender and sexual identity formation with the politics of place and space Although considerations of geographic space have long been staples of Irish cultural studies especially in relation to political identities these pieces suggest the critical importance of linking spatial and geographic analysis more clearly to ongoing examinations of gender and sexuality From institutions such as the Magdalen laundries and the prison to the domestic garden and home across urban and rural landscapes from the Dublin GPO to a St Patty s festival in the southern United States this book examines the local and human contexts of identity formation and performance *The Publishers' Trade List Annual* ,1985 Yeats and A.E. Peter Kuch,1986 *Research: a Record of Scholarship and Publication* University of North Carolina at Chapel Hill,University of North Carolina at Chapel Hill. Graduate School,1979
