Polar Peoples Hugh Beach, Ian Creery, Fae L. Korsmo, Mark Nuttall, Nikolai Vakhtin, 1994-01-01 The northern regions of the globe were populated by indigenous peoples long before explorers gold diggers missionaries bureaucrats and others discovered their land Polar Peoples describes the sometimes catastrophic effect these incomers and the changing world in general have had on native ways of life in this vast geographical area It also outlines the awakening of native political activism and some of the most important steps taken towards self determination by the indigenous peoples of the North Greenland Emergence of an Inuit Homeland by Mark Nuttall Unusual because of Home Rule from Denmark Native Peoples of the Russian Far North by Nikolai Vakhtin Little known outside Russia these minority groups face an uncertain future The Alaska Natives by Fae L. Korsmo Highly significant because of the Alaska Native Claims Act The Inuit of Canada by Ian Creery Dene and Nunavut claims have been the subject of much political activity in recent months The Saami of Lapland by Hugh Beach Currently dealing with many different issues from the ongoing effects of Chernobyl on their reindeer herds to the disintegration of the Soviet Union With each section written by a recognized expert in his or her field Polar Peoples gives a fascinating look at this politically and environmentally changing area on the roof of the world Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues

This is a comprehensive and thought-provoking approach to the history of the native peoples of North America, including Mexico and Canada, and their civilizations. For Native American courses taught in anthropology, history, and Native American Studies.

Valiant Dreamers Jack Poole, 2001-08-23. In the 17th and 18th centuries, the great powers of the world were concentrating energy, wealth, and ingenuity on the expansion of their empires far beyond the historical examples of Rome, Greece, and Egypt. The Empire of Russia, expanding her borders under Peter the Great and Catherine the Great, was pressing toward the development of a Russian North America. In the reign of Tsar Alexander, his weapon, unlike the military conquests of Spain, Portugal, France, and England, was trade and commerce like the Dutch. Along with the giants of the North, Pribylov, Bering, Golikov, and Shelikhov, Count Nikolai Reznov earned fame and fortune as an intrepid explorer of the 18th Century. This is his story and the story of the valiant men and women who adopted his dream of an Empire stretching from St. Petersburg to San Francisco.
