Good Bad Woman:

A Woman's View Jeanine Basinger, 2013-09-04 Now Voyager Stella Dallas Leaver Her to Heaven Imitation of Life Mildred Pierce Gilda these are only a few of the hundreds of women's films that poured out of Hollywood during the thirties forties and fifties The films were widely disparate in subject sentiment and technique they nonetheless shared one dual purpose to provide the audience of women primarily with temporary liberation into a screen dream of romance sexuality luxury suffering or even wickedness and then send it home reminded of reassured by and resigned to the fact that no matter what else she might do a woman's most important job was to be a woman Now with boundless knowledge and infectious enthusiasm Jeanine Basinger illuminates the various surprising and subversive ways in which women's films delivered their message Basinger examines dozens of films exploring the seemingly intractable contradictions at the convoluted heart of the woman's genre among them the dilemma of the strong and glamorous woman who cedes her power when she feels it threatening her personal happiness and the self-abnegating woman whose selflessness is not always as noble as it appears Basinger looks at the stars who played these women and helps us understand the qualities the right off-screen personae the right on-screen attitudes the right faces that made them personify the woman's film and equipped them to make believable drama or comedy out of the crackpot plots the conflicting ideas and the exaggerations of real behavior that characterize these movies In each of the films the author discusses whether melodrama screwball comedy musical film noir western or biopic a woman occupies the center of her particular universe Her story in its endless variations of rags to riches boy meets girl battle of the sexes mother love doomed romance inevitably sends a highly potent mixed message Yes you women belong in your proper place that is content with the Big Three of the woman's film world men marriage and motherhood but meanwhile and paradoxically see what fun glamour and power you can enjoy along the way *A Woman's View* deepens our understanding of the times and circumstances and attitudes out of which these movies were created *Male Daughters, Female Husbands* Professor Ifi Amadiume, 2015-03-12 In 1987 more than a decade before the dawn of queer theory Ifi Amadiume wrote *Male Daughters Female Husbands* to critical acclaim This compelling and highly original book frees the subject position of husband from its affiliation with men and goes on to do the same for other masculine attributes dislocating sex gender and sexual orientation Boldly arguing that the notion of gender as constructed in Western feminist discourse did not exist in Africa before the colonial imposition of a dichotomous understanding of sexual difference *Male Daughters Female Husbands* examines the structures in African society that enabled people to achieve power showing that roles were not rigidly masculinized nor feminized At a time when gender and queer theory are viewed by some as being stuck in an identity politics rut this outstanding study not only warns against the danger of projecting a very specific Western notion of difference onto other cultures but calls us to question the very concept of gender itself **Freedom of Speech** Patricia L. Dooley, 2017-04-06 This book examines how freedom of speech is reflected in pop culture by looking at numerous examples of

films websites television shows and songs that have touched on and impacted this issue It is easy to overlook the importance of freedom of speech in our modern world where it often seems anything goes In actuality freedom of speech issues are still highly relevant in the 21st century even if our cultural and social contexts now allow many forms of expression that were unacceptable in previous eras This book focuses on how freedom of speech is reflected in pop culture by looking at the films websites television shows and songs that have touched on and impacted this issue It examines specific examples of freedom of speech issues within everything from print media to music theater photography film television sports video games and social media and demonstrates that pop culture sometimes contributes to the expansion of freedom of speech

Wooden Images Juanita Ballew Wood,1999 Using 163 photographs of images carved on the underside of medieval choir stalls in the churches and cathedrals of England in the thirteenth through sixteenth centuries this work provides a spirited examination of the social history of ordinary men and women during the late medieval period This examination is particularly useful in that the choir stalls have become less accessible to the public in recent years Misericords have received some scholarly attention but this work is the first to interpret the carvings as social commentary They are not examined as decorative embellishments or pieces of church furniture but rather read as intimate glimpses into the thoughts actions and beliefs of a segment of the English medieval population Whatever amused angered frightened or elated the common person is recorded here in these extraordinary records

Gender Roles Linda L. Lindsey,2015-10-14 Offers a sociological perspective of gender that can be applied to our lives Focusing on the most recent research and theory both in the U S and globally Gender Roles 6e provides an in depth survey and analysis of modern gender roles and issues from a sociological perspective The text integrates insights and research from other disciplines such as biology psychology anthropology and history to help build more robust theories of gender roles

Female Stories, Female Bodies Lidia Curti,1998-01-19 This interdisciplinary book explores women s narratives in a wide variety of media and genre from soap opera and film to the post modern novel and Shakespearian drama Adopting an innovative feminist perspective it focuses particularly on the themes of hybridity and monstrosity in language and the body In doing so it raises issues to do with closure and temporal and spatial dislocation drawing on themes of passion paranoia and desire

The Just, the Raw and the Furious Edward Canchola,2009-12-18 Book Summary The Just the Raw and the Furious is an in depth conversational and enlightening narrative about the myriad aspects of popular culture and current society Among the more compelling topics examined include the misunderstood nature of romantic relationships the insidious effects of drugs the hypocrisy of governmental policies the overwhelming oppressive nature inherent in government the crucial role of religion and the role of death in ones life This commentary conveys thought provoking but substantiated views on these issues and brings the reader along a journey of self discovery in the process Furthermore this is a vivid account of special circumstances and events that in the end challenge the reader to question his or hers beliefs motives and purpose in life

Pictures Produced in the United States American Film Institute,1993 The entire field of film historians awaits the AFI volumes with eagerness Eileen Bowser Museum of Modern Art Film Department Comments on previous volumes The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr *Nineteenth-century women illustrators and cartoonists* Joanna Devereux,2023-05-16 Nineteenth century women illustrators and cartoonists provides an in depth analysis of fifteen women illustrators of the later nineteenth and early twentieth centuries Jemima Blackburn Eleanor Vere Boyle Marianne North Amelia Francis Howard Gibbon Mary Ellen Edwards Edith Hume Alice Barber Stephens Florence and Adelaide Claxton Marie Duval Amy Sawyer Eleanor Fortescue Brickdale Pamela Colman Smith and Olive Allen Biller The chapters consider these women s illustrations in the areas of natural history periodicals and books as well as their cartoons and caricatures Using diverse critical approaches the volume brings to light the works and lives of these important women illustrators and challenges the hegemony of male illustrators and cartoonists in nineteenth century visual and print culture Film and Nationalism Alan Larson Williams,2002 This text examines the ways in which cinema has been considered an arena of conflict and interaction between nations and nationhood *The Vulnerable Empowered Woman* Tasha N. Dubriwny,2012-11-14 The feminist women s health movement of the 1960s and 1970s is credited with creating significant changes in the healthcare industry and bringing women s health issues to public attention Decades later women s health issues are more visible than ever before but that visibility is made possible by a process of depoliticization The Vulnerable Empowered Woman assesses the state of women s healthcare today by analyzing popular media representations television print newspapers websites advertisements blogs and memoirs in order to understand the ways in which breast cancer postpartum depression and cervical cancer are discussed in American public life From narratives about prophylactic mastectomies to young girls receiving a vaccine for sexually transmitted disease the representations of women s health today form a single restrictive identity the vulnerable empowered woman This identity defuses feminist notions of collective empowerment and social change by drawing from both postfeminist and neoliberal ideologies The woman is vulnerable because of her very femininity and is empowered not to change the world but to choose from among a limited set of medical treatments The media s depiction of the vulnerable empowered woman s relationship with biomedicine promotes traditional gender roles and affirms women s unquestioning reliance on medical science for empowerment The book concludes with a call to repoliticize women s health through narratives that can help us imagine women and their relationship to medicine differently Love and Death in the American Novel Leslie A. French film noir has long been seen as a phenomenon distinct from its Hollywood counterpart. This book, an innovative departure from conventional noir scholarship, now adopts a biocultural approach to exploring the French genre through the years 1941–1959. Chapters reveal noir as a product of the social and cultural factors at play in occupied, liberated, and post-war France, marked by malaise at military defeat, Nazi collaboration, and the impact of industrialisation. Furthermore, the book uncovers the evolutionary mechanisms of sexuality and reproduction beneath the national context that drive gendered behaviour on screen. During this period, for example, the emerging urgent demand for population growth coupled with the severe shortage of eligible males rendered the mating game particularly perilous for traditional women beginning to enter the workplace. This explains the cynical yet seductive behaviour of the *femme fatale*. Deborah Walker Morrison focuses on the dangerous, often deadly desires of an array of male and female character types, moving past the celebrated *fatal femme* to tragic heroines, psychopathic narcissists, *fatal hommes*, and gangster anti-heroes. The book re-examines productions by directors such as Henri-Georges Clouzot, Jacques Becker, and Jules Dassin, and pulls together strands of sociological, biological, psychological, and evolutionary science to create an illuminating study of the intense human passions underlying the cut-throat world of noir.
