Hennink, 2007-10-25 A practical and authoritative guide to conducting focus group discussions in health and social science research with particular emphasis on using focus groups in developing country settings Monique M

Hennink describes the procedures and challenges of each stage of international focus group research. This book demonstrates how to balance scientific rigour with the challenges of the research context and guides readers to make informed research decisions. It includes unique field perspectives and case study examples of research in practice. Topics covered include planning international field research, developing a fieldwork timetable and budget, seeking research permissions, translating research instruments, training a field team, developing a culturally appropriate discussion guide, participant recruitment strategies, conducting focus groups in another language, managing discussions in outdoor locations, group size and composition issues, transcription and translation of the group discussions, data analysis and reporting focus group research.

The Focus Group Guidebook David L. Morgan, Richard A. Krueger, Jean A. King, 1998. The Focus Group Guidebook is part of the six volume Focus Group Kit which offers the information needed to conduct a state of the art focus group from the initial planning stages through to analysing and reporting the data.

Focus Groups Richard A. Krueger, 1994-02-14. The highly acclaimed first edition of Richard Krueger's *Focus Groups* has become the standard introduction to this widely used technique. Retaining its focus on applied research and its step by step approach to planning and conducting a successful focus group, this new edition has been expanded to offer broader coverage on analyzing focus group results and exploring various collaborative approaches.

The Practical Handbook and Guide to Focus Group Research Thomas L. Greenbaum, 1988.

Focus Groups Gloria E. Bader, Catherine A. Rossi, 1998.

The Fieldstone Alliance Nonprofit Guide to Conducting Successful Focus Groups Judith Sharken Simon, Amherst H Wilder Foundation, 1999-01-15. Practical and easy to use. *Conducting Successful Focus Groups* gives you the practical guidance to do focus groups using little more than staff or volunteer time and the cost of refreshments. In ten easy to follow steps you will learn how to plan and conduct focus groups and most importantly how to put the results into action.

- 1 Create a focused purpose statement
- 2 Set up a realistic timeline
- 3 Decide who and how many participants to invite
- 4 Generate questions that will get the information you need
- 5 Write a focus group script
- 6 Choose a facilitator
- 7 Find a location that puts people at ease
- 8 Run the focus group
- 9 Put the results into action

Each step is followed by a task statement that sums up what you need to do before moving on. Examples, worksheets, answers to frequently asked questions and an annotated bibliography make the job even easier. People feel flattered when you ask for their opinions; in fact, most love to tell you what they think. With *Conducting Successful Focus Groups*, you will have the tools to use focus groups effectively and make better informed plans.

Developing Questions for Focus Groups David L. Morgan, Richard A. Krueger, Jean A. King, 1998. Volume 3 of this series describes a practical process for identifying powerful themes, offers a clear strategy for translating these themes into questions. It also makes the process of developing good questions a practical proposition.

Focus Groups David W. Stewart, Prem N. Shamdasani, Dennis W. Rook, 2007. Group interviews are among the most common methods of research in the social sciences. *Focus Groups: Theory and Practice* Second Edition provides a systematic treatment of the design, conduct and interpretation

of focus group discussions within the context of social science research and theory The book examines every facet of focus group research from selection and recruitment of group participants to the selection of a moderator to conduct of the interviews through the analysis of focus group data Also included are discussions on designing the interview guide the importance and influence of group composition the art of conducting the focus group and the characteristics of effective moderators The book is intended as a useful guide for research practitioners and as a supplementary text for research courses in psychology sociology political science organization studies marketing public health communications education and social work Key Features coverage of the use of new technologies in focus group research new focus on global research instructional aids such as a chapter summary review questions and practical skill building exercises in each chapter a new chapter that provides a historical perspective on the development of focus groups including their roots in early group therapy research new updated examples of the uses of focus groups a discussion of the use of information technology for conducting groups on line and by video conference new methods for the analysis of focus group data

Understanding Focus Group Discussions Monique M. Hennink, 2014 This volume guides readers on practical and theoretical considerations in conducting focus group research Separate chapters are devoted to writing focus group methods and presenting findings Strategies for assessing the quality of focus group research are included and case study examples of field research are provided throughout

Moderating Focus Groups Thomas L. Greenbaum, 1999-11-18 Designed specifically for the needs of the focus group moderator this comprehensive guide covers everything from pre session participant recruitment to post session reporting In addition the author includes a wealth of advanced and new techniques such as those for managing group dynamics energizing a tired group projective techniques personality association and position fixing Extremely practical and well written the book includes chapter summaries and a helpful glossary

Organizational Research Methods Paul M Brewerton, Lynne J Millward, 2001-07-12 This text provides a timely and comprehensive introduction to major research methods in the Organizational sciences It will be a boon to all students conducting their projects in this area and may well become a standard reference for staff teaching research methods to undergraduate and postgraduate students of business studies or organizational behaviour Professor Neil Anderson Goldsmiths College University of London This reasonably priced text would provide an invaluable starting point for those considering undertaking research in organisational settings Paula Roberts Nurse Researcher This book provides the reader with clear pointers for how to conduct organizational research appropriately through planning and making informed and systematic research decisions to understanding the ethical implications of applied organizational research to implementing reporting and presenting the findings to the highest possible standards It provides an overview of a wide variety of research strategies methods of data collection both qualitative and quantitative and analysis in a volume accessible to both an undergraduate postgraduate and practitioner readership alike Organizational Research Methods also represents a useful aid to the report writing task indicating ways in which the project

material can be most effectively organised for academic and feedback purposes and by drawing upon real life organizational contexts and examples to help the reader understand the core issues Finally the book offers a clear manageable procedure for preparing a presentation to an academic or an organizational audience Providing practical guidance on all elements of the research process this book will be essential reading to all undergraduate and postgraduate students as well as researchers in psychology organizational studies and management disciplines

Focus Groups Joe Langford, 2002-11-14 The focus group is widely used to as a tool for increasing the understanding of users and their requirements and identifying potential solutions for these requirements Its main value lies in the conveyance of less tangible information that cannot be obtained using more traditional methods Eliciting user needs beyond the functional is crucial for

Handbook for Conducting Research on Human Sexuality Michael W. Wiederman, Bernard E. Whitley, Jr., 2012-12-06 Human sexuality researchers often find themselves faced with questions that entail conceptual methodological or ethical issues for which their professional training or prior experience may not have prepared them The goal of this handbook is to provide that guidance to students and professionals interested in the empirical study of human sexuality from behavioral and social scientific perspectives It provides practical and concrete advice about conducting human sexuality research and addresses issues inherent to both general social scientific and specific human sexuality research This comprehensive resource offers a unique multidisciplinary examination of the specific methodological issues inherent in conducting human sexuality research The methodological techniques and advances that are familiar to researchers trained in one discipline are often unfamiliar to researchers from other disciplines This book is intended to help enrich the communication between the various disciplines involved in human sexuality research Each of the 21 self standing chapters provides an expert overview of a particular area of research methodology from a variety of academic disciplines It addresses those issues unique to human sexuality research such as how to measure sexuality variables how to design studies recruit participants and collect data how to consider cultural and ethical issues and how to perform and interpret statistical analyses This book is intended as a reference tool for researchers and students interested in human sexuality from a variety of disciplines including psychology sociology family science health communication nursing medicine and anthropology

Focus Groups 101 Michele L. Brenner, 2016-11-30 Marketers typically live and work in places that do not represent the average consumer It s no wonder one of the biggest mistakes marketers can make is assuming our own motivations mirror those of the people who buy our products and services This book is for anyone who wants to understand how to conduct focus group research to make better consumer informed business decisions Understanding consumers perspectives will ultimately help marketers and other business leaders excel in their own careers by allowing them to create products services and messages that best meet consumers needs and desires Many new brand managers and other business people outside of the marketing function are given the responsibility of doing focus groups without much training on how best to do it Reading this book will prepare you to approach your next focus

group project confident you are well informed Meant to be a quick read this book is intended to feel more like satisfying a curiosity than studying for an exam In Part One the book explains and gives pros and cons of several research methodologies and the best applications for each I will give a broad overview of the two main types of market research quantitative and qualitative Then we will delve into specific qualitative methodologies and finally move into the meat of the book on how to conduct successful focus groups Part Two contains The Brand Marketer's Guide to the 5 Stages of Focus Group Research The process provided in this book for managing a focus group project can be applied more broadly to many qualitative research methodologies The 5 Stages of Focus Group Research are 1 Write the Research Brief 2 Recruit the Participants 3 Develop the Discussion Guide and Stimuli 4 Conduct the Research 5 Analyze and Share the Research Results Having lived both sides I hope this book will help build a stronger connection between the marketing and market research functions Focus groups are one form of qualitative market research Market research overall exists to mitigate business risk and maximize business potential by cultivating understanding of what motivates the end users of products and services In the end it's all about selling more stuff but it's doing it by providing what the consumer needs or desires when and where they want it not by pushing more stuff at them Whether you are doing a focus group study yourself or working with a qualitative research supplier understanding the five stages of managing a focus group project will help make your research more effective more efficient and more actionable for your business Over time this will lead to more sales and ultimately more success in your marketing career

Handbook of Research Methods in Corporate Social Responsibility David Crowther, Linne Lauesen, 2017-12-29 Corporate social responsibility now touches upon most aspects of the interaction between business and society The approaches taken to research in this area are as varied as the topics that are researched yet this is the first book to address the whole range of methods available The book identifies the methods available evaluates their use and discusses the circumstances in which they might be appropriate It also includes forward thinking guidance from experienced academics on the future directions of research in the area

Moderating Focus Groups Thomas L. Greenbaum, 1999-11-18 Like every other agency research director I suffer from focus group anxiety Pumping M M's behind the one way mirror I'm monitoring the groups the moderator and the client simultaneously It's tough enough to manage the client's expectations and responses Worrying about whether the moderator can effectively manage the content flow and the group dynamic makes the experience life threatening Watching Tom moderate I find myself constantly thinking Wow he's smart I wish I thought of that He's the best George Scribner Research Manager Organic Inc Dynamic entertaining and armed with information on new drugs and medical techniques that would challenge the knowledge of most physicians Tom Greenbaum presides over an attentive yet relaxed group of medical specialists anxious to share their opinions and prejudices with this most charming of focus group moderators Serving as a polished master of ceremonies Mr Greenbaum is able to work with the many individual styles of his physician panel and at the conclusion leaves one with the sense of having participated in something important

Alan H Richman M D Chairman Department of Radiology of Norwalk Hospital Tom Greenbaum is a highly effective moderator who has the special ability to quickly learn any subject matter and can conduct groups with expert knowledge From the discussion guide to the final report Tom works with speed and accuracy Mark Alfonso V P of Marketing The Purdue Frederick Company Tom is one of the most competent and intuitive moderators I have ever worked with not only does he have an impeccable understanding of the technical skills necessary for a successful moderator he also has a unique and uncanny ability to foster and capitalize on the internal dynamics of any group Joseph A Ciaralli The Prudential Insurance Company of America Thomas L Greenbaum eats and breathes focus groups If you want a definitive look at this research technique you need to either live with the guru for a year or read his books Dave Quincy Clarion Marketing and Communications The entire range of facilitation techniques is covered in this comprehensive handbook from pre session tips in participant recruitment to post session reporting Moderating Focus Groups covers all the fundamentals of successful group facilitation and also includes a wealth of advanced techniques not found in other books on focus group research on managing group dynamics energizing a tired group and digging deeper into the minds of participants Greenbaum also goes beyond the basics with chapters on how to build a business moderating focus groups and how to price moderating services While this book is particularly aimed at the needs of focus group practitioners there is plenty of advice that will benefit anyone who conducts in depth interviews or group facilitation Additionally the many people who hire moderators to facilitate their sessions will benefit from reading this book because it will provide them with valuable insights on how to evaluate their moderators work

Unveiling the Power of Verbal Artistry: An Mental Sojourn through **Handbook For Focus Group Research**

In a global inundated with monitors and the cacophony of instantaneous conversation, the profound power and psychological resonance of verbal beauty often diminish into obscurity, eclipsed by the continuous assault of sound and distractions. Handbook For Focus Group Research Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Handbook For Focus Group Research free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Handbook For Focus Group Research free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced

search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Handbook For Focus Group Research free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Handbook For Focus Group Research. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Handbook For Focus Group Research any PDF files. With these platforms, the world of PDF downloads is just a click away.
