Inspirations From God:

Inspirations from God Edith Clay, 2021-05-01 *Inspirations from God* God is Gooooood by Edith V Clay is a heartfelt collection of poetry that reflects the author's deep Christian faith and personal journey with God. Each poem is a testament to the many ways God has inspired and supported her through life's challenges and joys. From celebrations of life events to reflections on God's presence during difficult times, Clay's words offer encouragement, hope, and spiritual insight. The book is organized into various themes including personal milestones, biblical reflections, and everyday observations, all woven together with a thread of unwavering faith. Readers will find solace and strength in Clay's sincere expressions of gratitude, praise, and reliance on God's guidance. *Inspirations from God* is not just a poetry collection but a spiritual companion for anyone seeking to deepen their relationship with God. The poems are rooted in biblical teachings and personal testimony, making them relatable and impactful for readers on their own faith journeys. Whether used for personal reflection or shared in group settings, this book is a source of inspiration and encouragement for all.

God's Inspirations* , **The Inspiration of God* Dr. Allen K. Hand Sr., 2022-05-04 Firstly, the objective of that research was to assess the actions of the Civil Rights and the Progressive National Baptist Convention Inc (PNBC) movements. Based on 37 returns to a questionnaire of 39, reduced to 24 identified key criteria, e-mailed to 158 persons across the country with forwarding permission, 92% of the respondents indicated that they either agreed or strongly agreed that the actions of the Civil Rights and PNBC movements were inspired by God. Additionally, this research identified some serious concerns and issues that each movement, mainly PNBC, has to address if each will continue to exist/survive. Secondly, the objective of that research was to document our history through our struggles, through our pains and gains, through our good times and bad times, through the ups and the downs, in other words, good, bad, or indifferent, it is what it is, our story, his story, not their story. Rev. Dr. Herbert D. Daughtry Sr. constantly admonished us to make history, to interpret history, and to record history, or something to that effect, and not necessarily in that order. When we do not do it ourselves in an accurate, precise, truthful, etc. manner, then others will tell their story, which nine out of ten times usually is not accurate, precise, truthful, etc. The old prophet acclaimed, "And the LORD answered me and said, 'Write the vision and make it plain upon tables, that he may read it.' Habakkuk 2:2. Thirdly, and lastly, the objective of that research was to share information that we do not want to be locked in our minds, only to take it to the so-called grave. Many persons who were super knowledgeable, as I define it, about so many things that could have blessed the world took that super valuable information to the grave, what a tremendous loss! As an aside, the loss is on multiple levels. Level one: we lost them. Level two: we lost what they did not share with us while they were alive. Level three: we lost the value of that buried information. That is, someone could have taken that information and transformed it to new information. For example, Dr. Gabriel A. Oyibo solved the Unified Field Theorem that Albert Einstein did not live long enough to solve. So many things evolved from solving that equation. Just think what would have happened to those many things that evolved from solving that

equation if Dr Oyibo would not have solved that theorem All those many things that evolved from solving that equation would not be in existence Level four those persons who took from those many things that evolved from solving that equation and incorporated that value into what they were doing Etc etc etc The number of these levels conceivably and theoretically approaches infinity That is there is no end to the theoretical lost when just one person does not bless the world with their knowledge wisdom and understanding **Inspirations from the Heart of God** Kelley M Wesley,2009-05-12 *Inspirations From The Heart Of God* is a life changing book that will inspire encourage and uplift It will make you think and see things very differently then before *Inspirations From The Heart Of God* is a book that anyone who reads it would want in their collections of wonderul reads It is a book that an individual will gladly pass down from generation to generation
