publications on art system dynamics such as Thompson's *The 12 Million Stuffed Shark* this book offers an enhanced understanding of the factors that allow a young artist to enter the arena of contemporary art The present research should help uncover the art system logic which appears enigmatic to non experts revealing that artists are aware they need to consider global trends beat competitors and meet the demands of dealers collectors curators and museums This book furthers existing contributions on the YBAs for example Stallabrass *High Art Lite* offering innovative conclusions on recent British art such as on the duality between London and Glasgow the gender opposition among emerging artists and the predominance of resourceful authors
