## Going To The Moors:

**Going to the Moors** Ronald Eden, 1979      **Going to the Moors** Ronald Eden, 1979      **Between the Atlantic and the Mediterranean: Responses to Climate and Weather Conditions throughout History** Ian D. Rotherham (eds), Cristina Joanaz de Melo, Ana Isabel Queiroz, Luís Espinha da Silveira, 2013

Between the Atlantic and the Mediterranean brings together a set of case studies on living organisms adaptation to the evolution of the climate and adjustments to extreme weather conditions. Aiming to go beyond concerns about recent and forthcoming climate change which have dominated research in environmental studies, this book adopts a long term perspective on adaptations and adjustments to nature. Although an important group of papers deal with the Portuguese territory and the Iberian Peninsula in which a complex mosaic of Atlantic and Mediterranean climates helped to shape landscapes and history, the book has a broader geographical scope from England to Italy. Contributions look at the distribution and numbers of animal species and material social cultural and religious responses to weather in the short term and to climate in the long term. The common ground is the reaction of living organisms to natural hazards. In the long term these are cyclical and nowadays predictable.

**The Moors Murderers**  
Chris Cook, 2022-06-02

A deep dive into the lives and crimes of Ian Brady and Myra Hindley featuring newly released photos from a collection called The Tartan Album. In the mid 1960s the serenity of Saddleworth Moor was forever interrupted even if people didn't yet know it as the area became a grave for the innocent child victims of Ian Brady and Myra Hindley. The couple's vile torture and killings have shaken up British history ever since with the couple often considered two of the most evil people to have lived. However the public still have many questions about who they were and how their dysfunctional relationship operated. In this book many artifacts become public for the first time including photographs from Ian Brady's Tartan Album, police interviews and witness statements which shed vital new light on Brady, Hindley and the dangerous cocktail their union became. The research, wow, the research is painstaking and impeccable, allowing a well constructed narrative that takes the reader in a tried and tested winning formula chronologically through each of the pair's crimes. THE most fascinating study of what many consider to be the most disturbing crimes of the twentieth century that I have ever read and for me it has now replaced Devil's Disciples and even the canonical Beyond Belief as THE definitive study of Brady and Hindley. The True Crime Enthusiast.

**NOBLE DREW ALI & THE MOORISH SCIENCE TEMPLE OF AMERICA. THE MOVEMENT THAT STARTED IT ALL** Sheik Way-El, 2011-12-09

This book will take the reader on a journey to the early 1900s when the first man Prophet Noble Drew Ali did bring to the so-called Negro, black and colored the first light of our lost knowledge of the east and founded the first Islamic organization in the United States. He would reveal to us our true identity of the Moabites whom are the Heralded Moors and he would teach us that we are not Negroes, Black Folks or Colored people because these names allude to slavery as they still do today. This is the first time in history that a book was dedicated to giving a public accounting of the history of Noble Drew Ali and the Moorish Science Temple of America insofar as the origins
