Regulation and Supervision of Bank Senior Management in Light of Prudential Corporate Governance Kimberley S. Rothwell, 2024-10-03 Ongoing conduct issues in the banking sector have sparked global discussions on the effectiveness of the corporate governance of these institutions This dissertation commences by exploring the internationally evolving regulatory landscape of prudential corporate governance and the role of bank senior management within these frameworks using a law and economics perspective Two model jurisdictions the United Kingdom and the Netherlands are identified as pioneers with their emerging approaches to tackle the persisting challenges Against this backdrop the study turns to Switzerland It fills the gap of a comprehensive supervisory law analysis of bank senior management For this purpose the fragmented provisions are distilled from their institutional embedding and structured along the supervisory law life cycle of authorisation ongoing supervision and enforcement Along each phase the respective novel approaches from the model jurisdictions are presented Through these analyses the dissertation identifies gaps and inefficiencies in the Swiss supervisory law framework These findings are synthesised in order to gain a holistic view of the current setup Concluding future pathways for Switzerland are presented also inspired by international developments to propose a more structured robust and efficient framework for the

regulatory oversight of the senior management of Swiss banks

The Legal Framework Applicable to the Single Supervisory Mechanism Giovanni Bassani, 2019-02-11 In this innovative book a leading expert directly involved in the development and implementation of the framework compellingly demonstrates the necessity of removing differences in banking legislation across national borders within the Banking Union The author analyses all the cases where the European Central Bank ECB is required to apply national legislation in accordance with the country of establishment of the credit institutions under its direct supervision within the Single Supervisory Mechanism SSM Drawing on the case law of the European Court of Justice concerning the transposition of EU Directives the book also develops an analytical methodology to assess the derivation of national legislation from EU law with application to several concrete cases In an in depth analysis of the complex legal environment in which the ECB as prudential supervisory authority has been operating the author thoroughly answers the following questions What are the supervisory tasks and powers of the ECB in the micro and macroprudential spheres When is the ECB required to apply national legislation What are the direct and the indirect supervisory powers of the ECB vis vis significant supervised entities What are the options and discretions available in EU law What are the most important prudential options the ECB has exercised for significant supervised entities What are the main legal obstacles to the establishment of a truly single supervisory jurisdiction within the Euroarea with actual fungibility of capital and liquidity for cross border banking groups The legal analysis in this book supports with great authority the demands for a leap forward in the full harmonisation of key prudential requirements within the Banking Union Legal and banking practitioners officials in national and European authorities banking law scholars and policymakers will benefit enormously from the lessons it contains for the way forward of the Banking Union and more generally the future of the European Union itself
