Improving Instruction Through Supervision, Evaluation, and Professional Development Michael DiPaola,Charles A. Wagner,2018-02-01 In this second edition of Improving Instruction Through Supervision Evaluation and Professional Development we ve maintained the conceptual framework while updating sections to provide the most recent research on instructional strategies that have the most promise of helping all students learn Modifications of the law resulting from the reauthorization of the 50 year old Elementary and Secondary Education Act Every Student Succeeds Act ESSA 2015 and their implication for practice are embedded throughout this new edition Updated data collection tools for classroom observations are also provided We included a link to a website that contains all the observation tools in electronic format so that observers can have the opportunity to collect data on a tablet or laptop save the observation data as a PDF file and e mail those data to the teacher observed This new edition recognizes the reality that all principals are responsible for

supervision evaluation and professional development of their teachers tasks that are neither simple nor without conflict The primary audience of this text is aspiring and practicing principals We hope to help them understand both the theory and practice of supervision evaluation and professional development However observing instruction collecting data for reflection and having conversations about teaching are not the sole provinces of principals Master teachers teacher leaders and teacher colleagues can also benefit from the supervisory sections of the book especially the chapters on high quality instruction improving instruction and the classroom data collecting tools The book provides numerous tools specifically designed to collect a variety of data in classrooms to improve instruction Embedded in each chapter are exercises to apply Theory into Practice by responding to a set of questions posed by the key issues of the chapter After the explication and illustration of the key concepts and principles of the chapter actual Instructional Leadership Challenges as described by a successful practicing principal for reflection and analysis Supervision Jeffrey Glanz,Sally J. Zepeda,2015-10-30

Supervision New Perspectives for Theory and Practice co edited by two prominent scholars in the field Jeffrey Glanz and Sally Zepeda draws attention to supervision as a function that is often misunderstood under appreciated and frequently controversial Much has changed in the last two decades in the education world These changes have inevitably influenced the theory and practice of supervision This text includes some of the top scholars in the field in the USA to offer their insights to important topics and issues in supervision To strike a balance the editors also included award winning practitioners who share their insights about supervision We hope that this volume raises awareness to several critical issues that affect teachers administrators and policy makers With the range of topics associated with supervision we believe that the authors offer an informed and lively discussion of supervision in the present and future contexts of schools Through our efforts we believe that the multiple contexts in which supervision unfolds are examined alongside trends including high stakes testing the uses of data the work superintendents do to supervise principals and the type of supervision that builds a just and caring school culture that is culturally relevant and respectful for teachers and leaders **Research in Education** ,1974

Standards for Instructional Supervision Steven Gordon,2020-03-25 The standards in this book will enhance teaching and learning The list of the book s contributors reads like a Who s Who in the field of instructional supervision These standards are practical specific and flexible so that schools and districts can adapt them to their own contexts and goals Each set also includes activities for professional development Reforming Teaching Globally Maria Teresa Tatto,2009-11-01

Originally Published in 2007 by Symposium Books This book seeks to raise the discussion of globalisation s effects on teacher education development and work and its reforms and institutions to a more theoretical and analytical level and to provide specific examples in the comparative tradition to illustrate teacher policy in the context of education systems widespread variability and complexity The contributors critically analyse current arrangements in teacher education development and work and highlight the forces that enter in this contested terrain the sources of conflict and convergence and the implication

of these for teaching and learning and for indigenous forms of knowledge and knowledge construction in the globalisation era
