INTRA ARTICULAR RECONSTRUCT ANTERIOR Angus Strover,1993-08-02 In recent years intra articular reconstruction of the anterior cruciate ligament has become a more common and more successfully performed operation due to innovations in both surgical techniques and equipment Following a practical how to approach the editor and the contributors discuss not only the surgical techniques equipment and post operative management required to perform autogenous allograft and synthetic ligament reconstruction effectively but also consider diagnosis causes of graft failure and mechanisms and types of graft repair [Orthopaedic Allograft Surgery](#) Andrei A. Czitrom,Heinz Winkler,2012-12-06 This volume is the work product of an international group of authors who are experienced in the field of musculoskeletal allografts The chapters are written by experts in many differing areas of allografting and represents the current knowledge in this rapidly changing dynamic field The reconstructive community and their patients owe a significant debt of gratitude to Doctors Czitrom and Winkler for this volume William F Enneking M D Preface What follows is the result of a timely project bringing together the newest ideas of top experts worldwide in a rapidly growing technology Orthopaedic Allograft Surgery The title of the book reflects a

method rather than a speciality It transgresses well established subspecialties of orthopaedic surgery such as joint replacement oncology spine trauma and sports medicine The technology encompasses knowledge of tissue banking biology and biomechanics both in a research and clinical sense The common denominator for those interested is the need and ability to provide or use allogeneic tissues in orthopaedic applications Inherent to a multiauthored text based on chapters written by authors from many parts of the world is a variety in format and style While we tried to some extent reducing large discrepancies there was no attempt made to eliminate dissimilar ities We did not aim for a homogeneous textbook Rather we asked for originality novelty individuality in the presentation of data and concepts Consequently chapters vary in format from that seen in a scientific article to that of a descriptive essay
