Cold War Kitchen Ruth Oldenziel, Karin Zachmann, 2011-01-21 The kitchen as political symbol and material reality in the cold war years Richard Nixon and Nikita Khrushchev's famous kitchen debate in 1958 involved more than the virtues of American appliances Both Nixon and Khrushchev recognized the political symbolism of the modern kitchen the kind of technological innovation represented in this everyday context spoke to the political system that produced it The kitchen connects the big politics of politicians and statesmen to the small politics of users and interest groups Cold War Kitchen looks at the kitchen as material object and symbol considering the politics and the practices of one of the most famous technological icons of the twentieth century Defining the kitchen as a complex technological artifact as important as computers cars and nuclear missiles the book examines the ways in which a range of social actors in Europe shaped the kitchen as both ideological construct and material practice These actors from manufacturers and modernist architects to housing reformers and feminists constructed and domesticated the technological innovations of the postwar kitchen The home became a mediation junction in which women users and others felt free to advise producers from the consumer's point of view In essays illustrated by striking period photographs the contributors to Cold War Kitchen consider such topics as Soviet consumers' ambivalent responses to the American dream kitchen argued over by Nixon and Khrushchev the Frankfurter Küche a European modernist kitchen of the interwar period and its export to Turkey when its designer fled the Nazis and the British state subsidized kitchen design so innovative that it was mistaken for

a luxury American product The concluding essays challenge the received wisdom of past interpretations of the kitchen debate

Freedom's Cost Janet Uhlar,2011-05 Nathanael Greene was the strategist of the American Revolution His role in the War for Independence was second only to General George Washington Born and reared a Quaker with no military experience he was promoted from private to brigadier general over night Greene quickly became Washington s confidant and close friend He was chosen by the Commander to lead the Continental Army should Washington be killed injured or taken captive Nathanael s vivacious wife Caty a favorite of the Washingtons added brightness to the dark dreary existence of camp life She proved to be a source of joy and comfort to her husband throughout the war as well as a heartache and challenge It was General Nathanael Greene who pulled the Continental Army from the throes of death at Valley Forge It was General Greene who petitioned Congress for a Declaration of Independence It was Nathanael Greene who was given the desperate task of commanding the Southern Department of the Continental Army after other commanders had failed It was Greene who drove British General Cornwallis to surrender at Yorktown Unable to participate or witness the victorious battle he was forced to immediately return South with his troops and subdue the remaining British forces Greene led his troops in battle and laid siege for a year after the victory at Yorktown His persistence finally forced the British to evacuate the South George Washington and Nathanael Greene were the only general officers who served in that position throughout the war Greene led his men in more battles than any other general officer including Washington Moreover it was Greene who was constantly

harassed by Congress and ultimately forsaken by them Three years after the official end of the war Nathanael Greene was dead His premature death was not only a result of the intense hardships of war but the hardships and cruelty inflicted on him by the United States Congress Janet Uhlar was born in Quincy Massachusetts the hometown of John Adams John Quincy Adams John Hancock and Josiah Quincy Jr Through her works of biographical fiction she hopes to present the extraordinary stories of forgotten heroes of the American Revolution Janet firmly believes that when the private lives and unique personalities of historical figures are presented and the dynamics between these characters brought out history becomes much more than cold black print on a stark white page History takes on a life of its own with true flesh and blood individuals whose acts of courage indifference or cowardice shaped the world we live in today This living history helps us relate to those who have gone before offering inspiration courage and a sense of determination Janet is also the author of *Liberty's Martyr* The Story of Dr Joseph Warren She lives on Cape Cod in Massachusetts

Freedom's Tree Kenneth Lippincott, 2014-12-12 Have you ever desired to escape and live simply Have you ever fantasized about moving to a small town Having spent half of my forty three year career as a high school principal and volunteer pastor in small towns and counties with less than five thousand people I learned that bliss was superficial No matter how positive people resisted change especially with a newcomer serving as the agent of change Kinfolk mattered more than issues To survive newcomers walked a fine line and had to learn who controlled and who was related to whom Relationships mattered more than issues Good versus evil became obvious In Freedom's Tree Rock Creek Valley resembled Canaanite cities with heavily fortified bulwarks Interstate highway construction had decimated the economy and school reorganization altered valley culture Perceived as invaders newcomers arrived in Rock Creek at God's direction while a murderer escaped detection and residents presumed another's guilt
