**Grand Orient Freemasonry Unmasked** George F. Dillon, 1965      **Grand Orient Freemasonry Unmasked** George Dillon, 2021-12-08 This collection of talks by Msgr George Dillon is illuminating concise informative interesting and readable It shines the bright light of documented historical truth on some of the most shadowy and rumored societies of our times It is a necessary addition to the library of every serious student of history and current events      **Grand Orient Freemasonry Unmasked** George F. Dillon, Monsignor George F Dillon DD, Brother Hermenegild, 2013-03-13 The original title of this book which was compiled from a series of lectures delivered in Edinburgh in October 1884 by Mgr Dillon was The War of Antichrist with the Church and Christian Civilization The author wrote it in order to do his part in carrying out the instruction given by the Sovereign Pontiff in the Encyclical Humanum Genus when he called upon the pastors of souls to whom it was addressed to instruct the people as to the artifices used by societies of this kind in seducing men and enticing them into their ranks and as to the depravity of their opinions and the wickedness of their acts Mgr Dillon s work has already been honoured by the Holy Father himself with so marked and so unusual an approbation that there is no need for us to accord it any further praise than merely to take note of the fact The book was presented to His Holiness accompanied by an Italian version of its table of contents and of long extracts from its principal sections and Leo XIII was pleased to order that the Italian version should be completed and the book printed and published at Rome at his own expense The Month Sept 1885 Despite the fact that the lectures were delivered by a Catholic prelate to an audience composed mainly of members of his own faith we feel that the subject of international political skullduggery is one which cannot fail to interest Catholic and non Catholic alike the more so indeed since events in the course of the decades following the original publication of this book have confirmed the lecturer s thesis The last four editions have appeared under the title of Grand Orient Freemasonry Unmasked Mgr Dillon does not speak explicitly of the two currents of thought and action proceeding from the Masonic French Revolution namely the current of Rousseauist LockianMasonic Liberalism and the current of Socialism and Communism Implicitly however he does so when on the one hand he foreshadows the United States of Europe and World Federalism and on the other quotes the infamous Declaration of the International in 1868 This Declaration formulated at the International Congress held at Geneva in 1868 and quoted by Mgr Dillon in his preface is well worth reproducing at least in part It runs as follows The object of the International Association of Workmen as of every other Socialist Association is to do away with the parasite and the pariah Now what parasite can be compared to the priest God and Christ these citizen Providences have been at all times the armour of Capital and the most sanguinary enemies of the working classes It is owing to God and to Christ that we remain to this day in slavery It is by deluding us with lying hopes that the priests have caused us to accept all the sufferings of this earth It is only after sweeping away all religion and after tearing up even to the last roots every religious idea that we can arrive at our political and social ideal Down then with God and with Christ Down with the despots of heaven and earth Death to the priests

Such is the motto of our grand crusade In a note on page 20 of the original edition Mgr Dillon returned to the question of the direction of Freemasonry which he had mentioned in his preface He there says The Jewish connection with modern Freemasonry is an established fact everywhere manifested in its history The Jewish formulas employed by Freemasonry the Jewish traditions which run through its ceremonial point to a Jewish origin or to the work of Jewish contrivers Who knows but behind the Atheism and desire of gain which impels them to urge on Christians to persecute the Church and destroy it there lies a hidden hope to reconstruct their Temple and in the darkest depths of secret society plotting there lurks a deeper society still which looks to a return to the land of Judah and to the rebuilding of the Temple of Jerusalem **The Complete**

Method Infinite: Freemasonry and the Mormon Restoration Cheryl L. Bruno,Joe Steve Swick III,Nicholas S. Literski,2022-08-09 While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter day Saints the historical influence of Freemasonry on this religious tradition cannot be refuted Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted The fact that the most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize let alone fully grasp the relevant issues Even those with both Mormon and Masonic experience may not be versed in the nineteenth century versions of Masonry s rituals legends and practices Without this specialized background it is easy to miss the Masonic significance of numerous early Mormon ordinances scripture and doctrines Method Infinite Freemasonry and the Mormon Restoration offers a fresh perspective on the Masonic thread present in Mormonism from its earliest days Smith s firsthand knowledge of and experience with both Masonry and anti Masonic currents contributed to the theology structure culture tradition history literature and ritual of the religion he founded

**Freemasonry and the Press in the Twentieth Century** Paul Calderwood,2016-04-15 By the end of the twentieth century Freemasonry had acquired an unsavoury reputation as a secretive network of wealthy men looking out for each others interests The popular view is of an

organisation that if not actually corrupt is certainly viewed with deep mistrust by the press and wider society Yet as this book makes clear this view contrasts sharply with the situation at the beginning of the century when the public's perception of Freemasonry in Britain was much more benevolent with numerous establishment figures including monarchs government ministers archbishops and civic worthies enthusiastically recommending Freemasonry as the key to model citizenship Focusing particularly on the role of the press this book investigates the transformation of the image of Freemasonry in Britain from respectability to suspicion It describes how the media projected a positive message of the organisation for almost forty years based on a mass of news emanating from the organisation itself before a change in public regard occurred during the later twentieth century This change in the public mood the book argues was due primarily to Masonic withdrawal from the public sphere and a disengagement with the press Through an examination of the subject of Freemasonry and the British press a number of related social trends are addressed including the decline of deference the erosion of privacy greater competition in the media the emergence of more aggressive and investigative journalism the consequences of media isolation and the rise of professional Public Relations The book also illuminates the organisation's collisions with nationalism communism and state welfare provision As such the study is illuminating not only for students of Freemasonry but those with an interest in the wider social history of modern Britain **From Mythos to Logos** Michael Trevor Coughlin, 2019-05-15

**From Mythos to Logos** Andrea Palladio Freemasonry and the Triumph of Minerva explores how myth was used to encode architecture and frescoed interiors with insights that promote peace freedom and kindness as ways of being in the world The author Michael Trevor Coughlin argues that Freemasonry took root in the Italian city of Vicenza as early as 1546 and that its precepts conveyed through the intersection of myth and philosophy were disseminated widely in buildings and images as well as texts prescribing tolerance and an understanding of the divine that exists in each and everyone Catalogue of the Masonic Library, Masonic Medals, Washingtoniana, Ancient and Honorable Artillery Company's Sermons, Regimental Histories, and Other Literature Relating to the Late Civil War Samuel Crocker Lawrence, 1891 **Annals of the Grand Lodge of Iowa** Freemasons.
