guitar arranging Used alongside the building of repertoire transcription and composition of solos and improvisation studies this material in this book will give the guitarist the ability to see the fretboard as a endless array of possibilities for musical expression Do you want to prepare for studying guitar in a university Are you currently studying guitar in a university Do you wish you had been able to study guitar in a university If so this book is for you If you have ever been stuck in a rut and in need of a road map for mastering the guitar this book is for you If you are one of those unique individuals with a relentless drive to learn and master every nook and cranny of the fretboard this book is for you THE FRETBOARD Vol 1 Scales Modes and Arpeggios will provide you a lifetime of learning and efficient development for your hands mind and ears This work presents the material in a systematic approach which results in mastering the fretboard in an efficient and effective manner Beginning with 12 fingerings for the major scale the book takes you down a path in which you will learn how to play two octaves of ANY scale mode or arpeggio in ANY key at ANY position on the neck The book then teaches how to blend this knowledge into one comprehensive map of the fretboard with the ultimate goal of forgetting scale and arpeggio fingerings and instead experiencing total freedom to play the guitar to its full potential Digging this well of fretboard knowledge will release a new level of creativity in the guitarist s soloing arranging and technique The material is presented both in standard notation with in depth spelling of scales modes and arpeggios as well as in large block diagrams showing fingering patterns with which to use this material to cover the entire neck in any key Whether you play jazz rock funk R B country western swing bluegrass blues or classical mastering the material in this book will go far in making you a master guitarist A companion video lesson for this book will be available in 2017 You can sign up to receive David DeLoach s newsletter at his website MasterGuitarists.com to receive notification when this video is released

*Unlocking the Neck: Understanding the Guitar with the Five-Position Caged Method* Daniel Mylotte,2019-04 Unlocking the Neck expands on the popular Guitar Wisdom YouTube series Understanding the Guitar by giving detailed sequential instructions for learning to see a major key across the entire fretboard This companion to the free Guitar Wisdom video course on the five position CAGED system offers the most detailed possible instruction for the guitar player that needs to understand their instrument more completely including links to relevant video video lessons and diagram downloads Starting with chords you ll learn to find the locations of each of the five positions in any key and then connect these positions to the common scale patterns that all guitar players have been using for centuries The scale shapes are then used to derive pentatonic scales and triad arpeggios without creating the unnecessary confusion of learning more shapes and fingerings The entire neck of the guitar opens up for you starting simply from the five rudimentary open chord shapes Discover what 100 000 viewers have already begun practicing and unlock the neck for yourself

**Fretboard Theory Volumes I + II Combined** Desi Serna,2017-01-06 Do you love sitting at home playing guitar but find yourself playing the same old things over and over without making much progress When other musicians invite you to jam do you worry that you won t be able to keep up Are you a veteran guitarist who has

played for years but you're embarrassed to admit you have no idea what you're doing. If you want to take your guitar playing to the next level, compose songs like you hear on the radio and improvise your own music, then you need Fretboard Theory. Fretboard Theory by Desi Serna teaches music theory for guitar, including scales, chords, progressions, modes, song composition, and more. The hands-on approach to theory shows you how music works on the guitar fretboard by visualizing shapes and patterns and how they connect to make music. Lessons include:

- Volume I: Learn pentatonic and major scale patterns as used to play melodies, riffs, solos, and bass lines.
- Move beyond basic chords and common barre chords by playing the types of chord inversions and chord voicings used by music's most famous players.
- Chart guitar chord progressions and play by numbers like the pros.
- Identify correct scales to play over chords and progressions so you can improvise at will.
- Create new sounds with music modes and get to know Ionian, Dorian, Phrygian, Lydian, Mixolydian, Aeolian, and Locrian.
- Add variety to your playing by using intervals such as thirds, fourths, and sixths.
- Increase your chord vocabulary by using added chord tones and extensions to play chord types such as major 7, minor 7, sus2, sus4, add9, and more.
- Learn how all the different aspects of music fit together to make a great song.
- See how theory relates to popular styles of music and familiar songs.

Volume II:

- Gain new perspective on keys and tonalities so that you have total control over the music you play.
- Get to know scale formulas and new number systems so you know music from the inside out.
- Push to and resolve on chords using dominant function and voice leading.
- Change keys, borrow chords, and mix modes in order to add more variety to your chord progressions.
- Get jazzy by using chromatic, diminished, and augmented passing chords.
- Become a more proficient lead guitarist by narrowing your focus to the scale patterns preferred by the pros.
- Make your lead lines more melodic and give them more direction with chord tone soloing.
- Create new sounds and new chord progressions with the harmonic minor scale.
- Add more depth and dimension to your playing by using pedal point and pedal tones.

Fretboard Theory will have you mastering music like a pro easier and faster than you ever thought possible. Plus, it's the **ONLY GUITAR THEORY RESOURCE** in the world that includes important details to hundreds of popular songs. You learn how to play in the style of pop, rock, acoustic, blues, and more. This guitar instruction is perfect whether you want to jam, compose, or just understand the music you play better. The material is suitable for both acoustic and electric guitar, plus it features many references to bass.
