German Battleships 1914-18 (2) Gary Staff,2012-01-20 Supported by official documents personal accounts official drawings and specially commissioned artwork this volume is an informative history of the key classes Kaiser K nig and Bayern that formed the backbone of the German Imperial Navy throughout World War I detailing the technological revolution that had taken place to enable the building of these large dreadnought classes The popular educator Popular educator,1876 The Genesis of Kant's Critique of Judgment John H. Zammito,1992-08 In this philosophically sophisticated and historically significant work John H Zammito reconstructs Kant s composition of The Critique of Judgment and reveals that it underwent three major transformations before publication He shows that Kant not only made his cognitive turn expanding the project from a Critique of Taste to a Critique of Judgment but he also made an ethical turn This ethical turn was provoked by controversies in German philosophical and religious culture in particular the writings of Johann Herder and the Sturm und Drang movement in art and science as well as the related pantheism controversy Such topicality made the Third Critique pivotal in creating a Kantian movement in the 1790s leading directly to German Idealism and Romanticism The austerity and grandeur of Kant s philosophical writings sometimes make it hard to recognize them as the products of a historical individual situated in the particular constellation of his time and society Here Kant emerges as a concrete historical figure struggling to preserve the achievements of cosmopolitan Aufkl rung against challenges in natural science religion and politics in the late 1780s More specifically Zammito suggests that Kant s Third Critique was animated throughout by a fierce personal rivalry with Herder and by a strong commitment to traditional Christian ideas of God and human moral freedom A work of extraordinary erudition Zammito s study is both comprehensive and novel connecting Kant s work with the aesthetic and religious controversies of the late eighteenth century He seems to have read everything I know of no comparable historical study of Kant s Third Critique Arnulf Zweig translator and editor of Kant s IPhilosophical Correspondence 1759 1799 X An intricate subtle and exciting explanation of how Kant s thinking developed and adjusted to new challenges over the decade from the first edition of the Critique of Pure Reason to the appearance of the Critique of Judgment John W Burbidge Review of Metaphysics There has been for a long time a serious gap in English commentary on Kant s Critique of Judgment Zammito s book finally fills it All students and scholars of Kant will want to consult it Frederick Beiser Times Literary Supplement **The Popular Educator** ,1867 **A Cultural History of Furniture in the Age of Enlightenment** Sylvain Cordier,Christina M. Anderson,Laura Houliston,2022-02-24 The 18th century saw the height of court culture in Europe as well as the beginnings of its demise with conflicts such as the American and French Revolutions The Scientific Revolution which had begun in the preceding centuries also ushered in a new intellectual era which advocated the use of reason to effect change in government and to advance progress in society For furniture this meant ever higher standards of luxury in the designs techniques and materials utilized for the best pieces and more structure and specialization

personenbezogene Mythen im Umfeld der nationalsozialistischen Bewegung einen hohen Stellenwert besaßen und fragt nach den Funktionen und Funktionsweisen der personalen Mythen für die Rolle des Einzelnen. Mit Arminius, Friedrich dem Großen, Albert Leo Schlageter und Horst Wessel stehen Figuren im Fokus, die bisher meist nur unter dem Aspekt der Heldenverehrung betrachtet wurden.
