Freedom From Fear And Other Writings:

Freedom from Fear Aung San Suu Kyi, 2010-07-14 Freedom from Fear collected writings from the Nobel Peace prize winner Aung San Suu Kyi Aung San Suu Kyi's collected writings edited by her late husband whom the ruling military junta prevented from visiting Burma as he was dying of cancer reflects her greatest hopes and fears for her fellow Burmese people and her concern about the need for international co operation in the continuing fight for Burma's freedom Bringing together her most powerful speeches letters and interviews this remarkable collection gives a voice to Burma's woman of destiny whose fate remains in the hands of her enemies Recipient of the Nobel Peace Prize and the Sakharov Prize for Freedom of Thought and leader of Burma's National League for Democracy Aung San Suu Kyi is one of the world's greatest living defenders of freedom and democracy and an inspiration to millions worldwide This book sits alongside Nelson Mandela's memoir Long Walk to Freedom This book is bound to become a classic for a new generation of Asians who value democracy even more highly than Westerners do simply because they are deprived of the basic freedoms that Westerners take for granted The New York Times Aung San Suu Kyi's extraordinary achievement has been to confront the regime peacefully reasonably and persuasively in one of the most laudable continuing acts of political courage Financial Times Such is the depth of passion and learning that she brings to her writings about national identity and its links with culture and language that she has attracted the admiration of intellectuals around the world Sunday Times Aung San Suu Kyi is the leader of Burma's National League for Democracy She was placed under house arrest in Rangoon in 1989 where she remained for almost 15 of the 21 years until her release in 2010 becoming one of the world's most prominent political prisoners She is also the author of Letters from Burma

The Moral Democracy Michał Lubina, 2019-03-12 Aung San Suu Kyi spoke passionately about non violence she wrote involved articles about compatibility of democracy with Buddhism and she won the hearts and minds of so many with her call for the freedom from fear It seemed for more than two decades that Suu Kyi was a perfect non Western propagator of democracy human rights rule of law Yet a deeper analysis reveals that Suu Kyi intellectually indeed has been a democrat all along but a Burmese democrat Suu Kyi understands democracy in a Buddhist way and she reasons about politics using Buddhist ideas idioms and concepts This Buddhist dominance of her political thought had several consequences the most important one being that her approach to politics has first and foremost been a moral one her vision of democracy and of politics in general is a moral vision It is something I propose to call the moral democracy The same reason that made her famous and admired worldwide now contributed to her fall from grace For too many outside Burma Myanmar it is impossible to understand how Suu Kyi yesterday's global personification of good and morality can now silently endorse crimes against humanity conducted in her country and accept forced relocation of 700 thousand people A cynic would quote Bertrand Russell's words we have two kinds of morality side by side one which we preach but do not practice and another which we practice but seldom preach and add a commentary that it applies especially

to politicians One however may offer a more favourable explanation that Suu Kyi represents a tragic clash of ideas including moral ideas with political reality Whatever the case it was morality that made her famous it was the same moralistic attitude that contributed to her removal from international Olympus and it is this moral understanding of politics that is the hallmark of her political thought which is here to stay for longer as political ideas last longer than changing political circumstances and fashions From the Preface The dramatic fall from grace of Burma's human rights icon Aung San Suu Kyi shocked the world Micha Lubina's magisterial account of Aung San Suu Kyi's political education demystifies the behavior in power of this otherwise enigmatic leader This is the indispensable book for anyone who wants to understand the mind of one of the world's most controversial women Prof Salvatore Babones University of Sydney Dr Micha Lubina known in Poland for portraying Aung San Suu Kyi not as a human rights activist but as a realist politician in the very footsteps of her father now comes out with his research to the international audience Following the example of Mahbubani's *Can Asian Think* Lubina shows the intellectual and philosophical tradition of Myanmar through the case study of Suu Kyi's political thought It's a unique undertaking that presents Suu Kyi from an unexpected angle as a theoretician and political thinker or sage Both the scope of research done and the material presented are very impressive and rather unique even on international scene Prof Bogdan Gralczyk University of Warsaw Former Ambassador to Myanmar This book is a well documented and well constructed multilayered complex analytical work based on very rich research interviews with Suu Kyi and personal observations of the Author who displays unquestioned analytical skills As such the book represents a pioneer work in Burmese studies Prof Agnieszka Kuszewska Jagiellonian University in Cracow None of the numerous books and articles that I have read about Daw Aung San Suu Kyi dissects her political thoughts and background as thoroughly as the book written by Dr Micha Lubina He shows the political construction of her character her struggle her idealism her sources of inspiration and her weaknesses It is a necessary publication to read in order to understand historical and contemporary policymaking in today's Burma Dr Marion Sabri University of Rouen Normandy

A Political Biography of Aung San Suu Kyi Michał Lubina, 2020-08-31 This book is the first political biography of Aung San Suu Kyi covering both her years in opposition and all her years in power from 2016 onwards

It offers a new interpretation of Aung San Suu Kyi by presenting a balanced and thorough account of Suu Kyi's policies. In the last 30 years there has not been a person in global politics who has risen so high and fallen so low and so quickly as Aung San Suu Kyi. Using postcolonial theory and introducing the new concept of a hybrid politician, this book explains apparent inconsistencies of Suu Kyi's agenda. It demonstrates that Suu Kyi considers herself a democrat and yet rules autocratically. Immersed in her country's tradition of policymaking, she has at the same time been influenced by foreign concepts, both Western and Asian. Drawing on first-hand research, including talks with Suu Kyi, conversations with her supporters and rivals, observations of Suu Kyi's behaviour during intergovernmental talks, as well as an extensive number of sources and fieldwork in Myanmar, the author argues that Suu Kyi's case shows both the strengths and limits of hybridity. This brings Suu Kyi's priceless political assets, such as visibility, recognition and support, while proving that such a model of leadership has its restrictions. A timely biography of the Nobel Peace Prize Laureate as she appears at the International Court of Justice to defend her country against charges of genocide committed against the Rohingya Muslim minority, this book will be of interest to students and researchers of Myanmar politics, Southeast Asian politics, Asian politics, Political Science, more generally Postcolonial Studies, Cultural Studies and Leadership Studies.

The Resistance of the Monks Bertil Lintner, Human Rights Watch (Organization), 2009. This 99-page report, written by longtime Burma watcher Bertil Lintner, describes the repression Burma's monks experienced after they led demonstrations against the government in September 2007. The report tells the stories of individual monks who were arrested, beaten and detained. Two years after Buddhist monks marched down the street of the detained opposition leader Aung San Suu Kyi, hundreds of monks are in prison and thousands remain fearful of military repression. Many have left their monasteries and returned to their villages or sought refuge abroad, while those who remained in their monasteries live under constant surveillance. Human Rights Watch web site.

Women Nobel Peace Prize Winners, 2d ed. Anita Price Davis, Marla J. Selvidge, 2015-12-17. From the first woman Nobel Peace Prize recipient Bertha von Suttner 1905 to the latest and youngest female Nobel laureate Malala Yousafzai 2014, this book in its second edition provides a detailed look at the lives and accomplishments of each of these sixteen Prize winners. They did not expect recognition or fame for their work: economist Emily Greene Balch 1946 was surprised to learn that anyone knew about her. But they did not work in isolation; all met with discouragement, derision, threats or, in Yousafzai's case, attempted murder and exile. A history of the Prize and a biographical sketch of Alfred Nobel are included.

Romancing Human Rights Tamara C. Ho, 2015-01-31. When the world thinks of Burma, it is often in relation to Nobel laureate and icon Aung San Suu Kyi. But beyond her is another world, one that complicates the overdetermination of Burma as a pariah state and myths about the high status of Southeast Asian women. Highlighting and critiquing this fraught terrain, Tamara C. Ho's *Romancing Human Rights* maps Burmese women as real and imagined figures across the twentieth century and into the twenty-first century. More than a recitation of on-the-ground facts, Ho's groundbreaking scholarship, the

religion teaches that people of faith have a responsibility to address and reduce suffering in all its forms both physical and spiritual including suffering resulting from social injustice exploitation oppression false faith and so forth True religion engages with society to alleviate suffering and bring transformation In other words religious violence is an obscenity a deviation from the true character of religion Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities examines the principle of separation between religion and politics in the context of both Buddhist and Christian communities In predominantly Buddhist contexts such as Myanmar where a reciprocal relationship between religion and politics is expected separation is not effective Attempts by Christians to separate religion and politics cause the church to run away from tyranny and follow the state with blind obedience Martin Luther's model of two distinct but interconnected systems for religion and politics creates space for each institution to give constructive advice and criticism to the other for the health of all human beings
