Black Lives Matter and Antifa Scott Campbell, 2020-08-01 In June of 2020 more people searched the internet for Black Lives Matter than for Trump The tragic death of ex convict George Floyd on May 25 2020 at the hands of four policemen immediately triggered 2 000 protests not only in cities across the United States but also in 60 other countries It was almost as if the Floyd death had been planned Was Derek Chauvin the White policeman who put his knee on Floyd s neck for over eight minutes a hitman What about his new 100 000 BMW and hundreds of thousands in undisclosed income Was it the unfortunate death of a convicted felon and heavy drug user or was a professionally organized anti Trump network just waiting to launch a street revolution to further disrupt the economy and elections A White policeman had placed his knee on Black Mr Floyd s neck for about eight minutes despite his utterances of I can t breathe which were audible to multiple people passing by with cell phone cameras This seemed a bit strange for a policeman s behavior in the year 2020 given Eric Garner s I can t breathe was one of the major rallying cries of black activists for police racism and brutality Although there were 13 or fewer unarmed deaths of black men at the hands of white policemen in 2019 roars of systemic police racism and institutional racism shook the world and equally raucous looting riots plundered many businesses and caused hundreds of millions in damages and losses Nearly the entire United States white population had been labeled racist once again by the Left just in time to affect the June primaries and November elections Black Lives Matter BLM and Antifa led a charge to capture six blocks of downtown Seattle to create an Autonomous Zone with border walls and security and fully dependent on outside for food sanitation and law enforcement They made standard DSA demands free this and free that for everybody but especially free stuff that would help black and brown people Dismantle the police departments was another demand even ban them forever These types of demands matched up with the Black Panther and Black Liberation Army demands from decades ago and hinted at the true origins of BLM Hawk Newsome a leader of BLM made the statement that if they didn t get what they wanted BLM would burn down the system another pattern of congruence that was being established with the Black Panthers This book reveals the dark truth about BLM a feminist group whose idol and role model is Assata Shakur a female felon a convicted cop killer ex Black Panther and forty year fugitive It reveals how BLM was formed the founders being recruited as mere puppets for larger experienced anti American and black activist power groups This book not only explores the history of Antifa and its ideology and its main actions but also explores in depth the origin and nature of Marxism as arising from a foundation of Satanism

directed against the Christian Church Evidence that Karl Marx was a Satanist is presented Black Lives Matter and Antifa showed us how they can work together in Seattle s Autonomous Zone They both are incarnations of communist goon squads for the Deep State They are hired domestic terrorists The goal is not only to oust nationalist anti globalist Trump but to take over the entire US government and its people

Not Even Past Cody Marrs,2020-03-24 How the Civil War endures in American life through literature and culture Recipient of the Eric Hoffer Award s Montaigne Medal The American Civil War lives on in our collective imagination like few other events The story of the war has been retold in countless films novels poems memoirs plays sculptures and monuments Often remembered as an emancipatory struggle as an attempt to destroy slavery in America now and forever it is also memorialized as a fight for Southern independence as a fratricide that divided the national family and as a dark cruel conflict defined by its brutality What do these stories myths and rumors have in common and what do they teach us about modern America In this fascinating book Cody Marrs reveals how these narratives evolved over time and why they acquired such lasting power Marrs addresses an eclectic range of texts traditions and creators from Walt Whitman Abram Ryan and Abraham Lincoln to Margaret Mitchell D W Griffith and W E B Du Bois He also identifies several basic plots about the Civil War that anchor public memory and continually compete for cultural primacy In other words from the perspective of American cultural memory there is no single Civil War Whether they fill us with elation or terror whether they side with the North or the South whether they come from the 1860s the 1960s or today these stories all make one thing vividly clear the Civil War is an ongoing conflict persisting not merely as a cultural touchstone but as an unresolved struggle through which Americans inevitably define themselves A timely evocative and beautifully written book *Not Even Past* is essential reading for anyone interested in the Civil War and its role in American history
