French Intellectual Nobility Niilo Kauppi, 1996-11-26 French thinkers like Roland Barthes Pierre Bourdieu A J Greimas Michel Foucault and Claude Levi Strauss created the structuralist and

poststructuralist movements They succeeded Sartrean existentialism and formed a new aristocracy of culture French Intellectual Nobility is the first study to examine the conditions for the creation of these movements Through case studies in cultural history sociology semiology and literature the book discusses the processes that enabled the French intellectual nobility to reinvent itself By developing a historical and comparative approach Kauppi analyzes the challenges that an intellectual generation faced and he contributes to a context sensitive analysis of culture and power

On Spoken French

William J. Ashby, 2023-03-15 This scholarly edition invites us to reconsider our assumptions about the French language by showcasing the oeuvre of one of the pioneers of diachronic Spoken French corpus linguistics William J Ashby and the ground breaking findings to come out of his influential Tours corpora 1976 1995 including two real time studies appearing for the first time in English translation To help readers visualize just how radically different the morphosyntax morphophonology and semantics of Spoken French are from French on the page the editor has developed a glossing framework designed to capture the systemic radically prefixal morphology of Spoken French and the variability of change in progress The model presented here and used to gloss the examples from the Tours corpus is also suitable for corpus tagging The volume is organized into sections preceded by an Editor's note and followed by suggestions for further reading and closes with an appendix of French corpora This scholarly edition was written for advanced undergraduates graduate students and scholars in the field
