Haunted Fifties:

The Haunted Fifties Isidor F. Stone, 1989 **The Haunted Fifties** Isidor F. Stone, 1969 *The Haunted Fifties* Isidor Feinstein Stone, 1989 **The Haunted Fifties, 1953-1963** Isidor F. Stone, 1989

Discusses the Eisenhower administration the McCarthy hearings U S foreign policy the Civil Rights movement the FBI Khrushchev and the Supreme Court **The Fifties** Douglas T. Miller, Marion Nowak, 1977

Surveys the social cultural and political history of the United States during the decade of the 1950 s Revel with a Cause Stephen E. Kercher, 2010-06-15

We live in a time much like the postwar era A time of arch political conservatism and vast social conformity A time in which our nation s leaders question and challenge the patriotism of those who oppose their policies But before there was Jon Stewart Al Franken or Bill Maher there were Mort Sahl Stan Freberg and Lenny Bruce liberal satirists who through their wry and scabrous comedic routines waged war against the political ironies contradictions and hypocrisies of their times

Revel with a Cause is their story Stephen Kercher here provides the first comprehensive look at the satiric humor that flourished in the United States during the 1950s and early 1960s Focusing on an impressive range of comedy not just standup comedians of the day but also satirical publications like MAD magazine improvisational theater groups such as Second City the motion picture Dr Strangelove and TV shows like That Was the Week That Was Kercher reminds us that the postwar era saw varieties of comic expression that were more challenging and nonconformist than we commonly remember

His history of these comedic luminaries shows that for a sizeable audience of educated middle class Americans who shared such liberal views the period s satire was a crucial mode of cultural dissent For such individuals satire was a vehicle through which concerns over the suppression of civil liberties Cold War foreign policies blind social conformity and our heated racial crisis could be productively addressed

A vibrant and probing look at some of the most influential comedy of mid twentieth century America Revel with a Cause belongs on the short list of essential books for anyone interested in the relationship between American politics and popular culture *"All Governments Lie"* Myra MacPherson, 2010-05-11

Boasting equal parts scholarship and style *All Governments Lie* is a highly readable groundbreaking and timely look at I F Stone one of America s most independent and revered journalists whose work carries the same immediacy it did almost a half century ago highlighting the ever present need for dissenting voices

In the world of Washington political journalism notorious for trading independence for access I F Izzy Stone was so unique as to be a genuine wonder Always skeptical All governments lie but disaster lies in wait for countries whose officials smoke the same hashish they give out he memorably quipped

Stone was ahead of the pack on the most pivotal twentieth century trends the rise of Hitler and Fascism disastrous Cold War foreign policies covert actions of the FBI and CIA the greatness of the Civil Rights movement the horror of Vietnam the strengths and weaknesses of the antiwar movement the disgrace of Iran contra and the class greed of Reaganomics His constant barrage against J Edgar Hoover earned him close monitoring by the FBI from the Great Depression through the Vietnam War and even an investigation for espionage during the fifties After making

his mark on feisty New York dailies and in *The Nation* scoring such scoops as the discovery of American cartels doing business with Nazi Germany Stone became unemployable during the dark days of McCarthyism Out of desperation he started his four page *I F Stone's Weekly* which ran from 1953 to 1971 The first journalist to label the Gulf of Tonkin affair a sham excuse to escalate the Vietnam War Stone garnered worldwide fans was read in the corridors of power and became wealthy Later the world's oldest living freshman learned Greek to write his bestseller *The Trial of Socrates* Here for the first time acclaimed journalist and author Myra MacPherson brings the legendary Stone into sharp focus Rooted in fifteen years of research this monumental biography includes information from newly declassified international documents and Stone's unpublished five thousand page FBI file as well as personal interviews with Stone and his wife Esther with famed modern thinkers and with the best of today's journalists It illuminates the vast sweep of turbulent twentieth century history as well as Stone's complex and colorful life The result is more than a masterful portrait of a remarkable character it's a far reaching assessment of journalism and its role in our culture *The Haunted Fifties, Etc. (A Collection of Pieces which Appeared Between 1953 and 1961 in "I. F. Stone's Weekly")*. Isidor Feinstein Stone, 1964 **American Radical** D. D. Guttenplan, 2024-05-01 Popular Front columnist and New Deal propagandist Fearless opponent of McCarthyism and feared scourge of official liars Enterprising independent reporter and avid amateur classicist As D D Guttenplan puts it in his compelling book *I F Stone* did what few in his profession could he always thought for himself America's most celebrated investigative journalist himself remains something of a mystery however Born Isidor Feinstein in Philadelphia raised in rural New Jersey by the age of 25 this college drop out was already an influential newsman and enjoying extraordinary access to key figures in New Deal Washington and the friendship of important artists in New York It is Guttenplan's wisdom to see that the key to Stone's achievements throughout his singular career and not just in his celebrated *I F Stone's Weekly* lay in the force and passion of his political commitments Stone's calm forensic yet devastating reports on American politics and institutions sprang from a radical faith in the long term prospects for American democracy His testimony on the legacy of American politics from the New Deal and World War II to the era of the civil rights struggles the Vietnam War and beyond amounts to as vivid a record of those times as we are likely to have Guttenplan's lively provocative book makes clear why so many of his pronouncements have acquired the force of prophecy **Dark Dreams 2.0** Charles Derry, 2009-11-12 Greatly expanded and updated from the 1977 original this new edition explores the evolution of the modern horror film particularly as it reflects anxieties associated with the atomic bomb the Cold War 1960s violence sexual liberation the Reagan revolution 9 11 and the Iraq War It divides modern horror into three varieties psychological demonic and apocalyptic and demonstrates how horror cinema represents the popular expression of everyday fears while revealing the forces that influence American ideological and political values Directors given a close reading include Alfred Hitchcock Brian De Palma David Cronenberg Guillermo Del Toro Michael Haneke Robert Aldrich Mel Gibson and George A Romero Additional material discusses

postmodern remakes horror franchises and Asian millennial horror This book also contains more than 950 frame grabs and a very extensive filmography *The Haunted Fifties* Isidor F. Stone (journaliste).),1969 **The haunted fifties** ,1963

Grand Expectations James T. Patterson,1996-04-18 Beginning in 1945 America rocketed through a quarter century of extraordinary economic growth experiencing an amazing boom that soared to unimaginable heights in the 1960s At one point in the late 1940s American workers produced 57 percent of the planet s steel 62 percent of the oil 80 percent of the automobiles The U S then had three fourths of the world s gold supplies English Prime Minister Edward Heath later said that the United States in the post War era enjoyed the greatest prosperity the world has ever known It was a boom that produced a national euphoria a buoyant time of grand expectations and an unprecedented faith in our government in our leaders and in the American dream an optimistic spirit which would be shaken by events in the 60s and 70s and particularly by the Vietnam War Now in *Grand Expectations* James T Patterson has written a highly readable and balanced work that weaves the major political cultural and economic events of the period into a superb portrait of America from 1945 through Watergate Here is an era teeming with memorable events from the bloody campaigns in Korea and the bitterness surrounding McCarthyism to the assassinations of the Kennedys and Martin Luther King to the Vietnam War Watergate and Nixon s resignation Patterson excels at portraying the amazing growth after World War II the great building boom epitomized by Levittown the largest such development in history and the baby boom which exploded literally nine months after V J Day as well as the resultant buoyancy of spirit reflected in everything from streamlined toasters to big flashy cars to the soaring butterfly roof of TWA s airline terminal in New York And he shows how this upbeat can do mood spurred grander and grander expectations as the era progressed Of course not all Americans shared in this economic growth and an important thread running through the book is an informed and gripping depiction of the civil rights movement from the electrifying *Brown v Board of Education* decision to the violent confrontations in Little Rock Birmingham and Selma to the landmark civil rights acts of 1964 and 1965 Patterson also shows how the Vietnam War which provoked LBJ s growing credibility gap vast defense spending that dangerously unsettled the economy and increasingly angry protests and a growing rights revolution including demands by women Hispanics the poor Native Americans and gays triggered a backlash that widened hidden rifts in our society rifts that divided along racial class and generational lines And by Nixon s resignation we find a national mood in stark contrast to the grand expectations of ten years earlier one in which faith in our leaders and in the attainability of the American dream was greatly shaken *The Oxford History of the United States* *The Oxford History of the United States* is the most respected multi volume history of our nation The series includes three Pulitzer Prize winners a New York Times bestseller and winners of the Bancroft and Parkman Prizes *The Atlantic Monthly* has praised it as the most distinguished series in American historical scholarship a series that synthesizes a generation s worth of historical inquiry and knowledge into one literally state of the art book Conceived under the general editorship of C Vann Woodward and Richard Hofstadter and now under the editorship

of David M Kennedy this renowned series blends social political economic cultural diplomatic and military history into coherent and vividly written narrative **American Literature in Transition, 1950-1960** Steven Belletto,2017-12-28 American Literature in Transition 1950 1960 explores the under recognized complexity and variety of 1950s American literature by focalizing discussions through a series of keywords and formats that encourage readers to draw fresh connections among literary form and concepts institutions cultures and social phenomena important to the decade The first section draws attention to the relationship between literature and cultural phenomena that were new to the 1950s The second section demonstrates the range of subject positions important in the 1950s but still not visible in many accounts of the era The third section explores key literary schools or movements associated with the decade and explains how and why they developed at this particular cultural moment The final section focuses on specific forms or genres that grew to special prominence during the 1950s Taken together the chapters in the four sections not only encourage us to rethink familiar texts and figures in new lights but they also propose new archives for future study of the decade **The Middle Class and Democracy in Socio-Historical Perspective** Glassman,2023-07-24 One of the basic theories of politics put forth by Aristotle centuries ago is the theory of the middle class and its causal link with democracy According to Aristotle a large prosperous middle class may mediate between rich and poor creating the structural foundation upon which democratic political processes may operate Beyond Aristotelian theory the specifically commercial nature of the middle class is also made central as the democratic institutions of law power limitation and electoral participation were carried by a commercial middle class This volume traces the development of democracy and the rise of the commercial middle class from ancient Greece to Renaissance Italy to post feudal Europe Socialism communism and fascism are discussed as reactions to capitalist democracy The book concludes with an analysis of the structural and cultural bases of democracy *Dirty Whites and Dark Secrets* Sally Hirsh-Dickinson,2011 The first full length scholarly study of Peyton Place Grace Metalious s classic story of New England indiscretion *Resist and Persist* Amanda Firestone,Leisa A. Clark,2020-05-05 To many the world appears to be in a state of dangerous change News and fictional media alike report that these are dark times and narratives of social resistance imbue many facets of Western culture The new essays making up this collection examine different events and themes of the 2010s that readily acknowledge the struggling state of things Crucially these essays look to the resistance and political activism of communities that seek to make long reaching and institutional changes in the world through a diverse group of media texts They scrutinize how a society relates to injustices and how individuals enact a desire for change The authors analyze a broad range of works such as texts as *Awake A Dream* from Standing Rock Black Panther *The Death of Stalin* *Get Out* Jessica Jones *Hamilton* *The Shape of Water* and *Star Wars The Last Jedi* By digging into these and other works as well as historic events the contributors explicate the soul deep necessity of pushing back against injustice whether personal or cultural **Theodore H. White and Journalism as Illusion** Joyce Hoffmann,1995 Over the years friends and

advisers to Kennedy declared that they had never heard the president speak of Camelot But White's article which ran in Life magazine created a myth that still endures in the popular consciousness *Recovering a Public Vision for Public Television* Glenda R. Balas, 2003 In 1995 US public television faced possible elimination of federal funding potentially commercialising this type of broadcasting This study suggests that these strains have undermined public broadcasting historically the result is that programming no longer prioritises social reform **The Political Career of W. Kerr Scott** Julian M.

Pleasants, 2014-11-25 This biography will find its place among a growing literature on post war Southern politics Charles Holden author of *The New Southern University Academic Freedom and Liberalism* at UNC When W Kerr Scott 1896 1958 began his campaign for the North Carolina gubernatorial seat in 1948 his opponents derided his candidacy as a farce However the plainspoken dairy farmer quickly gathered loyal supporters and mobilized a grassroots attack on the entrenched interests that had long controlled the state government winning the race in a historic upset In this meticulously researched book Julian M Pleasants traces Scott's productive and controversial political career from his years as North Carolina commissioner of agriculture through his governorship 1949 1953 to his brief tenure as a U S senator 1954 1958 Scott was elected at a time when southern liberals were on the rise in post World War II America McCarthyism and civil rights agitation soon overwhelmed progressivism but the trend lasted long enough for the straight talking Squire from Haw River to enact major reforms and establish a reputation as one of the more interesting and influential southern politicians of the twentieth century This long overdue look at his political career illuminates the spirit that transformed an introspective segregated society dependent on tobacco and textiles into a vibrant diversified economy at the center of the industrial banking and information revolution in the South Pleasants writes with clarity and authority Jeffrey J Crow Deputy Secretary North Carolina Department of Cultural Resources ret
