Elbert, Mary Kawena Pukui, 2001-04-01 Without question this is the definitive grammar of the Hawaiian language Indeed it is the first attempt at a comprehensive treatment of the subject since W D Alexander published his concise Short Synopsis of the Most Essential Points in Hawaiian Grammar in 1864 This grammar is intended as a companion to the Hawaiian Dictionary by the same authors The grammar was written with every student of the Hawaiian language in mind from the casual interested layperson to the professional linguist and grammarian Although it was obviously impossible to avoid technical terms their use was kept to a minimum and a glossary is included for those who need its help Each point of grammar is illustrated with examples many from Hawaiian language literature **Hawaiian Dictionary** Mary Kawena Pukui, Samuel H. Elbert, 1986-03-01 For many years Hawaiian Dictionary has been the definitive and authoritative work on the Hawaiian language Now this indispensable reference volume has been enlarged and completely revised More than 3 000 new entries have been added to the Hawaiian English section bringing the total number of entries to almost 30 000 and making it the largest and most complete of any Polynesian dictionary Other additions and changes in this section include a method of showing stress groups to facilitate pronunciation of Hawaiian words with more than three syllables indications of parts of speech current scientific names of plants use of metric measurements additional reconstructions classical origins of loan words and many added cross references to enhance understanding of the numerous nuances of Hawaiian words The English Hawaiian section a complement and supplement to the Hawaiian English section contains more than 12 500 entries and can serve as an index to hidden riches in the Hawaiian language This new edition is more than a dictionary Containing folklore poetry and ethnology it will benefit Hawaiian studies for years to come **Ho'opilipili 'Olelo** Georgiana R.
