Girls Transforming Sanna Lehtonen,2013-04-26 This book explores representations of girlhood and young womanhood in recent English language children's fantasy by focusing on two fantastic body transformation types invisibility and age shifting Drawing on recent feminist and queer theory the study discusses the tropes of invisibility and age shifting as narrative devices representing gendered experiences The transformations offer various perspectives on a girl's changing body and identity and provide links between real life and fantastic discourses of gender power invisibility and aging The main focus is on English language fantasy published since the 1970s but the motifs of invisibility and age shifting in earlier tales and children's books is reviewed this is the first study of children's fantasy literature that considers these tropes at length Novels discussed are from both critically acclaimed authors and the less well known Most of the novels depicting invisible or age shifting girls are neither thoroughly conventional nor radically subversive but present a range of styles In terms of gender children's fantasy novels can be more complex than they are often interpreted to be Jean Rhys's Modernist Bearings and Experimental Aesthetics Sue Thomas,2022-01-27 Addressing Jean Rhys's composition and positioning of her fiction this book invites and challenges us to read the tacit silent and explicit textual bearings she offers and reveals new insights about the formation scope and complexity of Rhys's experimental aesthetics Tracing the distinctive and shifting evolution of Rhys's experimental aesthetics over her career Sue Thomas explores Rhys's practices of composition in her fiction and drafts as well as her self-reflective comment on her writing The author examines patterns of interrelation

Dill,2023-11-21 My mind is my enemy and my best friend My protector and a liar desperately seeking truth I live here aware but sheltered protected from the gifts of vulnerability Alex s songs always began with the pencil he kept behind his ear the place Sarah created when he first met her in high school and high school was where they started a conversation they never wanted to finish But life isn t high school and adolescence ended for Sarah and Alex when they graduated in 2006 and continued onto colleges near their Midwestern hometown The pair remained best friends as they approached the lives that had been handed to them but never asked for Alex had always been a dreamer who wished to become a musician And he loves Sarah but he s never known how to balance his dreams with responsibilities and one of his dreams is to believe that she might love him back His hopes are complicated further when the grandmother who raised him developed dementia and he found himself running her business full time while struggling to care for her Sarah had been burned one too many times Finding a date was always easy she was beautiful smart adventurous and proud Finding the right connection was a different story And she couldn t help but long for connection She loved sharing her knowledge with others and learning about the stories they had to tell Sarah didn t start dating with low expectations They slowly developed over time Although Sarah and Alex have remained friends through the hardships of growing up they find themselves burdened with responsibilities and recovering from pain they never imagined they might endure Will Alex and Sarah learn how to navigate the habits they ve learned to survive and set them aside for something more Or does the aftermath of life s cruel events take root so deeply that love could never grow beside it
